There is a Haynes manual for most popular domestic and import cars, trucks, and motorcycles. By conducting complete tear-downs and rebuilds, the Haynes staff has discovered all the problems owners will find in rebuilding or repairing their vehicle. Documenting the process in hundreds of illustrations and clear step-by-step instructions makes every step easy to follow, with the exact order of assembly and all the specifications needed to complete the job. From simple maintenance to trouble-shooting and complete engine rebuilds, it's easy with Haynes.

Super Sport fans take note: The history you have been waiting for has finally been written. "Chevrolet SS" recounts the entire SS story from 1961 through the 1994-96 Impala SS. Chevy's SS package of the 1960s separated the musclecar pretenders from the real contenders. A dynamic selection of color and archival photographs along with detailed text highlights Chevelle, Camaro, Nova, Impala, Chevy II, Monte Carlo, and El Camino SS models.

Smart. Funny. Fearless."It's pretty safe to say that Spy was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented" --Dave Eggers. "It's a piece of garbage" --Donald Trump.
