2006 International 4300 Dt466 Repair

I have a 2006 International 4300 with a DT466. The truck works great when it works. It originally was towed in because the engine shut off on the highway. Our original diagnosis pointed to the IPR. We replaced it and it worked great. We did find small metal shavings in it. Replaced filters, etc. It was towed in a second time about a week later.

2006 International 4300 with a DT466 Problems

2006 International 4300. DT466. truck was running down the highway then started running very poorly then stalled. towed back to yard. got it fired up but ran poorly then stalled and will not restart. hooked up computer and getting codes 421-426 cal 1-6 low side to high side open.
