- Ford Motor Company announced new power ratings for

Page 87/101

the 6.7L Power Stroke on August 3rd, 2010. Owners of the 390 hp model were able to receive a free dealer installed upgrade to achieve the new 400 hp power rating. • The pre-production 6.7L

Page 88/101

Power Stroke was nicknamed the "Scorpion" due to its unique turbocharger mounting location and exhaust/intake arrangement.

Ford introduced the
6.7 Powerstroke

Page 97/101

6-7-ford-powerstroke-turbo-kit-2011-2014

engine in the 2011
model year F-Series
and we all
wondered how the
diesel engine they
built completely in
house would fair.
After a good five
years of being in
use, they are
holding up great.
It's not to say they
don't have a few

Page 98/101

issues here and there, but overall they are solid engines.
