~~Unseen By Cameron~~

A Spark Unseen is different from The Dark Unwinding. Book One offered a Gothic-like mystery in an isolated setting with steampunk flairs. Book Two is more of a military

Page 136/140

espionage story. There is a bit of a mystery, but it isn't like Book One. That said, it is still just as good, because it is different. I enjoy espionage stories as much as mysteries, and I just loved all of the

characters, the era, and the plot.
