About Us Mb Technology

MBTechnology was founded in 1983. The company specializes in manufacturing SBS-modified asphalt (bitumen) roofing membranes for residential and commercial application. The basic technology was developed in Europe and is one of the fastest-growing segments of both the commercial and residential roofing markets.

About MB Technology | Superior Roofing and Underlayment ...

MBTechnology was founded in 1983 and specializes in manufacturing SBS Modified Bitumen Roofing & Underlayment systems. These include a variety of systems, which can be applied through the use of cold adhesives, heat welding, or hot asphalt. To address the ongoing demand for environmentally friendly roofing systems, we have recently introduced the fastorch SBS membrane with recycled tire and have made available a Title 24 "Cool Roof" compliant roofing system, thereby enabling our roofing ...
