Page 145/177

This book is designed to serve as a core text for courses in advanced engineering mathematics required by many engineering departments. The style of presentation is such that the student, with a minimum of assistance, can

Page 146/177

follow the step-by-step derivations. Liberal use of examples and homework problems aid the student in the study of the topics presented.

in learning
mathematics is
problem solving.
This is the
strength, and no
doubt the reason
for the longevity
of Professor
Spiegel ' s
advanced
calculus. His
collection of
