

An Fortune of War Star Trek

In The Levant Trilogy Olivia Manning returns to the story of the young English couple Guy and Harriet Pringle, last seen, at the end of The Balkan Trilogy, departing from Athens ahead of the invading Nazi army. Now, in the spring of 1941, they arrive in Egypt as Rommel's forces slowly but surely approach Cairo across the Sahara from the west. Will the city fall? In the streets the people contemplate welcoming a new set of occupiers, while European refugees and well-heeled Anglo-Egyptians prepare to pack their bags. And at night, everyone who is anyone flocks to the city's famed hotels and seedy cabarets, seeking one last dance before the tanks roll in. Manning describes the Pringles' ever complicated marriage and their motley group of friends and foes with the same sharp eye that earned The Balkan Trilogy a devoted following. And she also traces the fortunes of a marvelously drawn new character, Simon Bouldrestone, a twenty-year-old recruit who must grapple with the boredom, chaos, and fleeting exhilaration of war.

In the following Britain's declaration of war in 1939, Dion Fortune began a series of regular letters to members of her magical order, the Fraternity of the Inner Light, who were unable to hold meetings due to wartime travel restrictions. With enemy planes rumbling overhead, she organised a series of visualisations to formulate "seed ideas in the group mind of the race", archetypal visions to invoke angelic protection and uphold British morale under fire. "The war has to be fought and won on the physical plane," she wrote, "before physical manifestation can be given to the archetypal ideals. What was sown will grow and bear seed." As the war developed, this was consolidated with further work for the renewal of national and international accord. For the first time the Fraternity's doors were opened to anyone who wanted to join in and learn the previously secret methods of esoteric mind-working. With unwavering optimism she guided her fraternity through the dark days of the London Blitz, continuing her weekly letters even when the bombs came through her own roof. Introduction and commentary by Gary Knight.

Fortunes of War is a fast-paced, action-packed story from New York Times bestselling author Stephen Coonts. After the collapse of their economy, fanatic Japanese nationalists take matters into their own hands and, with the approval of the Prime Minister, launch an attack on Russia. Bound by secret protocol to come to Russia's aid in the event of war, the US government sends Air Force Colonel Bob Cassidy and a squadron of F-22s to thwart the Japanese in the skies over Siberia. The operation brings Cassidy one on one with Captain Jiro Kimura, flying Japan's most secret weapon. Japan's goal is world domination, the price a third world war. All that stands between Kimura and the completion of his mission is Cassidy, a man he once counted his best friend.

"The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of Crazy Rich Asians
Amy Tan's beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary Amy Tan: Unintended Memoir on Netflix
Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and focus of a new documentary. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Now Riker must discover the truth behind the disappearance of both his friend and Fortune's Light, no easy task on a world where treachery and intrigue are commonplace...and where even an old friend's embrace may conceal the deadly bite of a dagger's blade. On the Boston Common stands one of the great Civil War memorials, a magnificent bronze sculpture by Augustus Saint-Gaudens. It depicts the black soldiers of the Fifty-fourth Massachusetts Infantry marching alongside their young white commander, Colonel Robert Gould Shaw. When the philosopher William James dedicated the memorial in May 1897, he stirred the assembled crowd with these words: "There they march, warm-blooded champions of a better day for man. There on horseback among them, in the very habit as he lived, sits the blue-eyed child of fortune." In this book Shaw speaks for himself with equal eloquence through nearly two hundred letters he wrote to his family and friends during the Civil War. The portrait that emerges is of a man more divided and complex--though no less heroic--than the Shaw depicted in the celebrated film Glory. The pampered son of wealthy Boston abolitionists, Shaw was no abolitionist himself, but he was among the first patriots to respond to Lincoln's call for troops after the attack on Fort Sumter. After Cedar Mountain and Antietam, Shaw knew the carnage of war firsthand. Describing nighttime at the Antietam battlefield, he wrote, "the crickets chirped, and the frogs croaked, just as if nothing unusual had happened all day long, and presently the stars came out bright, and we lay down among the dead, and slept soundly." He was a man who never fully reconciled his own prejudices about black inferiority. Shaw assumed the command with great reluctance. Yet, as he trained his recruits in Readville, Massachusetts, during the early months of 1963, he came to respect their pluck and dedication. "There is not the least doubt," he wrote his mother, "that we shall leave the state, with as good a regiment, as any that has marched." Despite such expressions of confidence, Shaw in fact continued to worry about how well his troops would perform under fire. The ultimate test came in South Carolina in July 1863, when the Fifty-fourth led a brave but ill-fated charge on Fort Wagner, at the approach to Charleston Harbor. As Shaw waved his sword and urged his men forward, an enemy bullet felled him on the fort's parapet. A few hours later the Confederates dumped his body into a mass grave with the bodies of twenty of his men. Although the assault was a failure from a military standpoint, it proved the proposition to which Shaw had reluctantly dedicated himself when he took command of the Fifty-fourth: that black soldiers could indeed be fighting men. By year's end, sixty new black regiments were being organized. A previous selection of Shaw's correspondence was privately published by his family in 1864. For this volume, Russell Duncan has restored many passages omitted from the earlier edition and has provided detailed explanatory notes to the letters. In addition he has written a lengthy biographical essay that places the young colonel and his regiment in historical context.

This magnificent novel transports readers to the world of a prominent Boston family summing on the New Hampshire coast, and to the social orbit of a spirited young woman who falls into a passionate, illicit affair with an older man, with cataclysmic results. The Fortune Rock's Quartet collects four of Anita Shreve's most beloved novels--Fortune's Rocks, The Pilot's Wife, Sea Glass, and Body Surfing--for the first time. The novels highlight Shreve's ability to illuminate women's lives across different eras and share a delightful detail: they are all set in the same coastal New England home, one that has inspired Shreve for over a decade. "You could base an entire life's work on the people who come in and out of a house." Fortune's Rocks depicts a spirited young woman at the turn of the 20th century who falls into a passionate, illicit affair with an older man. In Sea Glass, a young couple's new marriage is rocked to the core by the 1929 stock market crash. The Pilot's Wife brings us to the present day, where Kathryn is unprepared her for the late-night knock that lets her know her husband has been killed in a plane crash. Sydney, the heroine of Body Surfing has already been once divorced and once widowed by the age of 29, and finds the fragile existence she has rebuilt for herself threatened when two brothers vie for her affections. "There's something addictive about Shreve's tales," according to USA Today, and this quality is on full display in the critically acclaimed novels of The Fortune Rock's Quartet. No one writes more compellingly than Anita Shreve about marriage, family, the depths of our strength and resolve, and the supreme courage that it takes to love.
