The Philippine Revolution and the War Against the U.S. in

## East and Northeast Mindanao ; 1897-1901

An often overshadowed event in American military history, the Spanish-American War began as a humanitarian effort on the part of the United States to provide military assistance for the liberation of Cuba from Spanish domination. At the time, no one knew that this simple premise would result in an American empire. Through extensive research, Mark Barnes has created a comprehensive, annotated bibliography detailing this globally significant conflict and its aftermath. Insightful notes are included for every title in each chronologically organized chapter. By drawing together an impressive collection of sources, including some previously not readily available to English language readers, Barnes has created an invaluable resource for scholars of this conflict. *Routledge Research Guides to American Military Studies* provide concise, annotated

bibliographies to the major areas and events in American military history. With the inclusion of brief critical annotations after each entry, the student and researcher can easily assess the utility of each bibliographic source and evaluate the abundance of resources available with ease and efficiency. Comprehensive, concise, and current—Routledge Research Guides to American Military Studies are an essential research tool for any historian.

Throughout the nineteenth and early twentieth centuries, as Americans increasingly came into contact with the Islamic world, U.S. diplomatic, cultural, political, and religious beliefs about Islam began to shape their responses to world events. In *Sacred Interests*, Karine V. Walther excavates the deep history of American Islamophobia, showing how negative perceptions of Islam and Muslims shaped U.S. foreign relations from the Early Republic to the end of World War I. Beginning with the Greek War of Independence in 1821, Walther

*Page 4/12*

illuminates reactions to and involvement in the breakup of the Ottoman Empire, the efforts to protect Jews from Muslim authorities in Morocco, American colonial policies in the Philippines, and American attempts to aid Christians during the Armenian Genocide. Walther examines the American role in the peace negotiations after World War I, support for the Balfour Declaration, and the establishment of the mandate system in the Middle East. The result is a vital exploration of the crucial role the United States played in the Islamic world during the long nineteenth century--an interaction that shaped a historical legacy that

remains with us today.

Modern history abstracts, 1775-1914. Part A

The primary aim of this bibliography is to offer the international and Filipino scholarly public access to articles and books written by Dutch authors on the history, sociology, anthropology and to a lesser extent the geography, languages, economy, and culture of the

Philippines. About two hundred of them appeared in the Dutch language. The bibliography proper is preceded by an introduction on the history of relation between the Philippines and the Netherlands and the Netherlands Indies and on shifts in the subjects of Dutch scholarly research as well as popular interest.

## Revolutionary Struggle In The Philippines

Letters of Marcelo H. Del Pilar: A collection of letters of Marcelo H. del Pilar

An Annotated Bibliography of Dutch  
Publications on the Philippines  
Remembering World War Two in the  
Philippines  
Pacific Passage  
Letters of the Sultanate of Sulu  
Rethinking the Bangsamoro Perspective  
is about the Framework Agreement on the  
Bangsamoro between the Philippine  
government and MILF. The author  
addresses the problems in the framework  
and suggests solutions that can help

eradicate the crisis in Mindanao. He calls for equality and unity among the 13 distinct Muslim communities in Mindanao and how the government can integrate these 13 distinct Muslim communities in our nation's law.
