A new edition that brings the ways we watch and think about television up to the present We all have opinions about the television shows we watch, but television criticism is about much more than simply evaluating the merits of a particular show and deeming it "good" or "bad." Rather, criticism uses the close examination of a television program to explore that program's cultural significance, creative strategies, and its place in a broader social context. How to Watch Television, Second Edition brings together forty original essays—more than half of which are new to this edition—from today's leading scholars on television culture, who write about the programs they care (and think) the most about. Each essay focuses on a single television show, demonstrating one way to read the program and, through it, our media culture. From fashioning blackness in Empire to representation in Orange is the New Black and from the role of the reboot in Gilmore Girls to the function of changing political atmospheres in Roseanne, these essays model how to practice media criticism in accessible language, providing critical insights through analysis—suggesting a way of looking at TV that students and interested viewers might emulate. The contributors discuss a wide range of television programs past and present, covering many formats and genres, spanning fiction and non-fiction, broadcast, streaming, and cable. Addressing shows from TV's earliest days to contemporary online transformations of the medium, How to Watch Television, Second Edition is designed to engender classroom discussion among television critics of all backgrounds. To access additional essays from the first edition, visit the "links" tab at nyupress.org/9781479898817/how-to-watch-television-second-edition/.

The BBB-4 Big Blue Book of Bicycle Repair by Calvin Jones is packed with easy-to-follow, step-by-step procedures, color photos and repair tips for keeping almost any road or off-road bike running smoothly and trouble-free. Whether it's repairing a flat tire, adjusting brakes and shifting systems, truing wheels, or maintaining hub, headset and bottom bracket bearing systems, the BBB-4 has you covered. Thoroughly researched and revised, the 4th edition of the Big Blue Book contains updated photos, torque specifications and troubleshooting tables, along with new content on wheel building, electronic shifting, 12-speed and 1X drivetrains, tubeless tires, disc brakes, headset and bottom bracket standards, and more. Truly an indispensable tool and reference source for both the novice and advanced bicycle mechanic.

Are you new to Apple Watch series and band, or do you acquire a new Apple Watch Series 5 or willing to know more about what you can do with your Apple Watch Series 5? This is the guide for you, as you would get simplified instructions to the shortcuts, tips, and tricks you should know about the new Apple Watch Series 5, and workarounds that would turn you into a guru in no time. The Apple Watch Series 4 was announced in September 2018, but this product has been succeeded by the Apple Watch Series 5. Apple Watch Series 5 smartwatch sits alongside the Apple Watch Series 3, while Series 4, Series 2, Series 1, and the initial Apple Watch are discontinued. To make things simple, the Author Phila Perry has exclusive tips and task you can achieve with your new Apple Watch Series. He has also compared the Apple Watch Series 5 to Series 4, and Series 3 here, and that means you can see precisely what the variations and similarities are, whether you are looking to upgrade or take the smartwatch plunge.

Since the internet speeds went above the 500kbps mark, the number of things people can do with their interconnected devices skyrocketed. Automated homes, connected cars, and internet enabled TVs. The latter is what threatens to revolutionize the entertainment world as we know it, do away with cable TV and abolish the need for expensive blue-ray players. Even though smart TVs are so lucrative, most people find them either too costly, or limiting. The alternative would be going for a TV with an HDMI port, a USB port and purchasing a dongle to bring in the power of internet TV. Chromecast is one of the best and cheapest such tools in the market.

A Comprehensive Guide to Mastering Your 2020 iPad Air" (4th Generation) and iPadOS 14.Apple has introduced an all-new iPad Air - the most powerful, versatile, and colorful iPad Air ever. Apple Watch Series 5 is the latest Smartwatch in the Apple lineup. It offers several unique features to make the users more active and better monitor their health among several other great features for humanity. This high-end Smartwatch could be useful for business users, including improved travel notifications and call capabilities. The Apple Watch looks pretty attractive, right? You must have read and heard about the exciting

features like: monitoring your ECG and heart beat rate, fitness and exercise, location navigation and many more. As amazing as all the new features are, it's not quite as easy to use like an iPhone or iPad; the lack of buttons, the smaller screen, and general UI can make a frustrating initial experience. To make things simple, Author Dale Brave has exclusive tips and tasks you can achieve with your new Apple Watch Series. This book has exclusive tips and in-depth tutorials

Are you optimistic enough to know the latest tips and tricks you can use on your iPad devices such as iPad 2, iPad 6th generation, iPad 7th generation), iPad 4th generation, iPad Air, iPad Air 2, iPad mini, iPad Pro 12.9-inch, iPad Pro 9.7-inch, iPad Pro 10.5-inch, iPad Pro 11-inch, iPad Air 3rd generation, etc.? In this book, you will find Step-by-step instructions including how to fix common iPad Pro and other model problems in simple and clear terms. The book is straight to point, and also focuses on what series of things you can do with your iPad to become a Pro user. After reading this book, you would be Ten (10) times better in the knowledge of what you can do with your iPad Tablets and also use your device like a pro.

iOS 11 for the iPhone includes a host of exciting new features, including a revamped Control Center and all-new powers for some of your favorite apps—Siri, AirPlay 2, Maps, Photos, and Maps. You can even send payment via iMessages and type with one hand! And the best way to learn all of these features is with iPhone: The Missing Manual—a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone master. This easy-to-use book will help you accomplish everything from web browsing to watching videos so you can get the most out of your iPhone. Written by Missing Manual series creator and former New York Times columnist David Pogue, this updated guide shows you everything you need to know about the new features and user interface of iOS 11 for the iPhone.

Take a complete tour of the Fitbit ecosystem From Fitbit features to the Fitbit app to the social features of Fitbit.com, this approachable book covers everything you need to know to get the most out of your Fitbit wristband or watch. Whether you're a fitness newcomer, a regular walker, or a long-time exerciser, your Fitbit is a powerful device that can tell you much more than how many steps you take each day. This book offers easy-to-follow, step-by-step instructions for tracking all that data and getting the most out of your Fitbit investment. Go beyond steps to track sleep, heart rate, weight, and more Set up your health and fitness goals – then go for them! Connect to third-party apps such as Strava and Weight Watchers Stay motivated by sharing your activities with friends It's one thing to simply wear your Fitbit, but it's quite another to use your Fitbit to reach your personal health goals. Whether that goal is to get fit, lose weight, eat better, or reduce stress, your Fitbit has settings and features that can help you get there. And this book shows you how!

The Complete Beginner to Expert Guide to Maximizing your 2020 MacBook Air.Are you looking for a

comprehensive user manual that will help you SETUP and MASTER your MacBook Air? Are you looking for a manual that will expose you to all the amazing features of your device and 2020 MacOS Catalina 10.15? Then get your hands on this book and have an amazing time using your device. Apple updated the MacBook Air in a major way in mid-March 2020. While it may look like the previous version on the surface, dig a little deeper and you'll see it's the most significant upgrade since the 2018 redesign, offering buyers much more interesting customization options. The third iteration of the 'new' MacBook Air design finally nails every area well enough to make this the best MacBook for most people. The keyboard is the star of the show here, Yep, that's right. Apple ditched the disastrous butterfly keyboard for its Magic Keyboard and all I can say is: thank goodness. Even with all these new features, Apple still managed to keep the starting price at a relatively affordable \$999. The MacBook Air (2020) comes with all the right improvements without sacrificing the best features of the previous version. Apple didn't reinvent the MacBook Air on the outside. But the 2020 model does have some exciting improvements under the hood. There's a 10th-generation processor, and double the base storage. There is a lot to love in Apple's latest MacBook Air. This book is written in simple and clear terms, with a step-by-step approach that will help you to master your MacBook Air with 2020 MacOS Catalina 10.15 within the shortest period of time. Here is a preview of the topics in this guide: -Take a tour of your new MacBook Air-How to Get Started-Use MacBook Air with other Devices-Apps included with your Mac-What's in the menu bar on Mac?-How to search with Spotlight on Mac-Customize the Dock-See and organize your files in the Finder on Mac-Use Launchpad to view and open apps on Mac-How to manage windows -Use apps in Split View -Install and uninstall apps from the internet or disc on Mac-Customize your Mac with System Preferences-Use your internet accounts-Use accessibility features on Mac-Set up users, guests, and groups-Create and work with documents-Dictate your messages and documents -Set a different keyboard dictation shortcut-Back up your files with Time Machine -Create an Apple ID on Mac-Sign in to a new device or browser with two-factor authentication-Use iCloud Drive to store documents on your Mac-Set up Family Sharing on Mac-View and download purchases made by other family members-Use Continuity to work across Apple devices-Use your iPad as a second display for your Mac-Unlock your Mac and approve requests with Apple Watch-Listen to podcasts on Mac-Read books in Books on Mac-Customize your Game Center account-Manage passwords using keychains on Mac-And so much more! Answers found here! Apple's latest Mac software, macOS Mojave, is a glorious boxcar full of new features and refinements. What's still not included, though, is a single page of printed instructions. Fortunately, David Pogue is back, delivering the expertise and humor that have made this the #1 bestselling Mac book for 18 years straight. The important stuff you need to know Big-ticket changes. The stunning new Dark Mode. Self-tidying desktop stacks. FaceTime video calls with up to 32 people. New screen-recording tools. If Apple has it, this book covers it. Apps. This book also demystifies the 50 programs that come with the Mac, including the four new ones in Mojave: News, Stocks, Home, and Voice Memos. Shortcuts. This must be the tippiest, trickiest Mac book ever written. Undocumented surprises await on every page. Power users. Security, networking, remote access, file sharing with Windows—this one witty, expert guide makes it all crystal clear. macOS Mojave gives the Mac more polish, power, and pep— and in your hands, you hold the ultimate guide to unlocking its potential.

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help

you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

The iPhone 7 and iPhone 7 Plus are faster than ever and have more powerful cameras. With the latest edition of this bestselling guide, you get a funny, simplified guide to the tips, shortcuts, and workarounds that will turn you into an iPhone master. For those who want the most sophisticated technology available in a mobile phone, but without a sky-high price, the iPhone 7 and iPhone 7 Plus is perfect for you. Millions of people all over the world are excited about this iPhone 7 and iPhone 7 Plus, simply because the iPhone offers many advance and exciting features, including a camera like no other, Siri, turn-by-turn driving directions, a calendar, and a lot more. But if you're acquiring the iPhone 7 and iPhone 7 Plus, for the first time, or you probably need more information on how to use your device optimally, that is why this book is your best choice of guide. It is the perfect guide for all iPhone users, as you would get simplified follow-through in-depth tips and tutorials.

Why not live at 60 feeling like you did at 35? Thousands of Americans are younger today than they were five years ago. How is that possible? By following the specific recommendations that reverse aging in Dr. Michael Roizen's bestselling book RealAge®: Are You As Young As You Can Be?, people who were previously much older than their chronological age have now taken up to twentynine years off their biological ages. Since that first publication, more than 10 million people have taken the RealAge® test in one form or another, and thousands of people have thanked Dr. Roizen for helping them make simple changes in their lives -- changes that have made them healthier, younger, and more vibrant. In the last several years, Dr. Roizen and his team have learned much more about the aging process. The RealAge® Makeover makes sense of recent critical medical findings -- mportant new research on inflammation in your arteries, stress reduction, chronic disease management, hormone replacement therapy, and other choices you can make to keep aging at a distance. You'll also find the latest on vitamins and other supplements, which are age-reducing, which are aging, and which ones to avoid if you are taking certain medications.

Roizen then offers more than seventy ways to reduce or even prevent 80 percent of the diseases that make you feel older. For example, coffee or the right kind of chocolate in moderate amounts can help reduce inflammation, preserving your arteries, joints, and memory. But the wrong choice can lead to needless aging and loss of energy, such as taking too much Vitamin A. And The RealAge® Makeover tells you how much (in years) each choice is worth so you can make the choices that are meaningful to you. More potent than any statistic or finding are the personal stories interwoven throughout -- success stories from readers who followed the RealAge program, became biologically younger, and are living happier, healthier lives. With this book, readers have more opportunity than ever to turn back their biological clock to look, feel, and actually be many years younger. Join the RealAge® Revolution and give yourself a RealAge® Makeover!
