

Aqa Gcse Chemistry Revision

Specifically tailored for the new 2016 AQA GCSE Science (91) specifications, this third edition supports your students on their journey from Key Stage 3 and through to success in the new linear GCSE qualifications. These revision guides will help students revise key concepts, and provide plenty of differentiated practice questions and support.

Following the latest AQA GCSE Science specifications, this Revision Guide uses an accessible and concise approach to recap the essential knowledge students need to succeed. A checklist at the end of each unit clearly lists what students need to know and breaks revision down into manageable sections, while practice questions and study tips help prepare students for the exams. Mathematical skills that are needed for the exams are highlighted and supported with short, visual explanations.

This guide covers all the exam-assessed content on the AQA Chemistry specification. It is designed to help students get the most out of their revision. Information is broken down into manageable chunks, key words and phrases are highlighted for last minute recaps and higher tier material is clearly differentiated on the page.

Revision Plus - AQA GCSE Chemistry
Gcse Aqa Chemistry Workbook

Supports students preparing for AQA GCSE 9-1 2016 spec exams.
Written by a senior examiner, this text covers the additional material from the AQA chemistry specifications not covered by double award science. A specification matching grid at the start ensures that the book can be used by those taking either the co-ordinated specification or the modular one. Higher Tier sections are clearly differentiated from the core material, enabling the book to be used by Foundation and Higher students alike. When used with the core textbook AQA GCSE Science, this text provides comprehensive coverage of all the material required for success in separate science GCSE chemistry. Each chapter includes key terms, did you know? boxes with further information, Ideas and Evidence section to ensure pupils have covered all the material required, summary boxes, topic question boxes and examination questions.

Practice makes perfect This Practice Book for GCSE 9-1 Chemistry examinations is designed to support you in the development of good exam techniques, and provides a step-by-step guide through the new assessment specifications.
