Altamirano

This collaborative
multi-authored
volume integrates
interdisciplinary
approaches to ethnic,
imperial, and

Page 1/127

national borderlands
in the Iberian World
(16th to early 19th
centuries). It
illustrates the
historical processes
that produced
borderlands in the
Americas and
connected them to
global circuits of
exchange and

Page 2/127

migration in the
early modern world.
The book offers a
balanced state-of-the-
art educational tool
representing
innovative research
for teaching and
scholarship. Its
geographical scope
encompasses
imperial borderlands

Page 3/127

in what today is
northern Mexico and
southern United
States; the greater
Caribbean basin,
including cross-
imperial borderlands
among the island
archipelagos and
Central America; the
greater Paraguayan
river basin,

Page 4/127

including the Gran Chaco, lowland Brazil, Paraguay, and Bolivia; the Amazonian borderlands; the grasslands and steppes of southern Argentina and Chile; and Iberian trade and religious networks connecting the

Page 5/127

Americas to Africa
and Asia. The
volume is structured
around the following
broad themes:
environmental
change and humanly
crafted landscapes;
the role of
indigenous allies in
the Spanish and
Portuguese military

Page 6/127

expeditions;
negotiations of
power across
imperial lines and
indigenous
chiefdoms; the
parallel development
of subsistence and
commercial
economies across
terrestrial and
maritime trade

Page 7/127

routes; labor and the corridors of forced and free migration that led to changing social and ethnic identities; histories of science and cartography; Christian missions, music, and visual arts; gender and sexuality,

Page 8/127

emphasizing distinct
roles and
experiences
documented for men
and women in the
borderlands. While
centered in the
colonial era, it is
framed by pre-
contact
Mesoamerican
borderlands and

Page 9/127

nineteenth-century
national
developments for
those regions where
the continuity of
inter-ethnic relations
and economic
networks between
the colonial and
national periods is
particularly salient,
like the central

Page 10/127

Andes, lowland
Bolivia, central
Brazil, and the
Mapuche/Pehuenche
captaincies in South
America. All the
contributors are
highly recognized
scholars,
representing
different disciplines
and academic

Page 11/127

traditions in North
America, Latin
America and
Europe.

Con frecuencia
deseamos comunicar
una idea con algún
propósito y, por lo
general, ese
propósito apunta a
que se comparta
nuestro punto de

Page 12/127

vista. Pero si
queremos convencer
a alguien, el proceso
de comunicación no
es tan sencillo, pues
requiere argumentar,
y argumentar
implica partir de la
interpretación de un
hecho. La posición
que se adopte en la
interpretación

Page 13/127

determina la tesis
que se ha de
defender. De este
modo, la tesis que se
defiende al final de
la argumentación
siempre se encuentra
al comienzo de la
interpretación. En la
práctica, el anhelo de
que nuestra
interpretación sea

Page 14/127

correcta corresponde
al anhelo de
convencer
argumentativamente
a los demás. El
primer propósito de
la argumentación es
convencer; de lo
contrario, ¿para qué
se argumenta? Pero
el fin último, el
objetivo completo,

Page 15/127

que va más allá de lo racional, no es solo convencer, sino persuadir al adversario y lograr que se identifique emocionalmente con nosotros.

Stoicism is two things: a long past philosophical school of ancient Greece

Page 16/127

and Rome, and an enduring philosophical movement that still inspires people in the twenty-first century to re-think and re-organize their lives in order to achieve personal satisfaction. What is the connection

Page 17/127

between them? This
Very Short
Introduction
provides an
introductory account
of Stoic philosophy,
and tells the story of
how ancient
Stoicism survived
and evolved into the
movement we see
today. Exploring the

Page 18/127

roots of the school in
the philosophy of
fourth century BCE
Greece, Brad
Inwood examines its
basic history and
doctrines and its
relationship to the
thought of Plato,
Aristotle and his
successors, and the
Epicureans.

Page 19/127

Sketching the history of the school's reception in the western tradition, he argues that, despite the differences between ancient and contemporary Stoics, there is a common core of philosophical insight that unites the modern version

Page 20/127

not just to Seneca,
Epictetus, and
Marcus Aurelius but
also to the school's
original founders,
Zeno, Cleanthes, and
Chrysippus. Inwood
concludes by
considering the place
of Stoicism in
modern life.

ABOUT THE

Page 21/127

SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors

Page 22/127

combine facts,
analysis,
perspective, new
ideas, and
enthusiasm to make
interesting and
challenging topics
highly readable.
Since Peru's
independence in
1824, its foreign
policy has been

Page 23/127

shaped by the
conflicting demands
of independence and
interdependence.

Ronald Bruce St
John systematically
analyzes the strong
link between the
external and internal
concerns that
determine Peruvian
foreign policy,

Page 24/127

demonstrating that domestic objectives and political considerations strongly influence - if not actually dictate - many aspects of the nation's international posture.

The History of
Philosophy in
Colonial Mexico
A European
Perspective
This is the English
version of Jerzy

Page 26/127

Wroblewski's major work in Polish, *S~dowe Stosowania Prawa* (translated in his own preferred terms as 'The Judicial Application of Law'). The present translation arose out of a visit by the author to

Page 27/127

Scotland in 1989.
In that year, the
Carnegie Trust for
the Universities of
Scotland made it
possible for Jerzy
Wroblewski to
spend six months
as a Carnegie
Fellow in the
Centre for
Criminology and

Page 28/127

the Social and
Philosophical
Study of Law at
the University of
Edinburgh. During
that time he took a
notably active part
in the intellectual
life of the Centre
and the Faculty of
Law. He gave
freely of his time in

Page 29/127

teaching and
advising students
and also produced
a series of original
articles on topics
connected with
legal reasoning
and law and
computers. His
major task while
he was here,
however, was to

Page 30/127

prepare a
translation of
S~dowe
Stosowania
Prawa, and this he
accomplished to
the extent of
completing a
preliminary draft.
Zenon Bankowski
and Neil
MacCormick were

Page 31/127

to help him in improving this linguistically and preparing the final text for publication. Wroblewski warned us, having finished his draft with great labour, that the greater labour would be in the polishing of it.

Page 32/127

For we would have, as he joked, 'to translate my English into English'. And certainly, we found it extremely time-consuming, so as to defy completion during his stay in Edinburgh.

Hip Joint

Page 33/127

Restoration is a comprehensive yet practical guide to the basic science and clinical applications of arthroscopy, arthroplasty, osteotomy and preservation surgery for the treatment of

Page 34/127

diseases and
conditions of the
hip. This
generously
illustrated text
offers a
comprehensive
introduction to
essential features
of hip evaluation,
the medical
management of

Page 35/127

hip procedures,
and treatment of
specific conditions,
and covers
practical topics
such as surgical
anatomy of the
hip, surgical
approaches,
instrumentation,
and indications for
arthroscopy and

Page 36/127

other surgical procedures aimed at restoration of the hip joint.

Additional chapters cover clinical outcomes and equality of life following hip surgery, the current state of research and

Page 37/127

education of
arthroscopic hip
procedures
throughout the
world, other topics
such as
complications and
rehabilitation in
different patient
populations. This
book will be a
useful resource for

Page 38/127

Orthopedic
Surgeons and
Osteopaths who
perform open and
arthroscopic hip
preservation and
total joint
replacement, as
well as for
orthopedic
residents and
researchers.

Page 39/127

Describes the structure, assumptions, philosophy and innovative results of an advanced global integrated assessment model for all those involved in exploring a sustainable global

Page 40/127

future.

Offers a detailed examination of theories about literacy developed by different academic disciplines and proposes an "ideological" model of literacy. Looks at contemporary

Page 41/127

literacy practices in
the third world and
Britain and, in
particular, the
literacy campaigns
conducted by
UNESCO.

Colonial Mexico represents a period of enduring philosophical importance. In areas of contemporary interest, such as semiotics, ontology, and

logic, the work of Hispanic philosophers provides a valuable resource. This book presents a study of philosophical activity in Mexico from 1500 to 1800. This reference guide traces the

Page 45/127

"Writing Across
the Curriculum"
movement from
its origins in
British
secondary
education
through its
flourishing in
American higher
education and
extension to
American primary
and secondary

Page 46/127

education.
Religion in
China survived
the most radical
suppression in
human history--a
total ban of any
religion during
and after the
Cultural
Revolution. All
churches,
temples, and
mosques were

Page 47/127

closed down,
converted for
secular uses, or
turned to
museums for the
purpose of
atheist
education. Over
the last three
decades,
however,
religion has
survived and
thrived even as

Page 48/127

China remains
under Communist
rule.

Christianity
ranks among the
fastest-growing
religions in the
country, and
many Buddhist
and Daoist
temples have
been restored.
The state even
sponsors large

Page 49/127

Buddhist
gatherings and
ceremonies to
venerate
Confucius and
the legendary
ancestors of the
Chinese people.
On the other
hand, quasi-
religious qigong
practices, once
ubiquitous, are
now rare. All

Page 50/127

the while,
authorities have
carried out
waves of atheist
propaganda, anti-
superstition
campaigns,
severe
crackdowns on
the underground
Christian
churches and
various 'evil
cults.' How do

Page 51/127

we explain
religion in
China today? How
did religion
survive the
eradication
measures in the
1960s and 1970s?
How do various
religious groups
manage to revive
despite strict
regulations? Why
have some

Page 52/127

religions grown fast in the reform era? Why have some forms of spirituality gone through dramatic turns? In *Religion in China*, Fenggang Yang provides a comprehensive overview of the religious change in China under

Page 53/127

Communism.
Although
scholars have
outlined the
stages of white
identity
development, it
wasn't until
Kelly Norris was
the single mom
of a biracial
child, teaching
in a suburban
school, that she

Page 54/127

began seriously considering them. Kelly had long been struggling with identity and race in America, haunted by the question: what does it mean to be white? Her early attempts to answer this, however, focused

Page 55/127

primarily on
what it meant to
be black. Too
White is a
memoir of a
white woman's
journey to
explore the
racial divide.
In this
sometimes
embarrassing,
sometimes
painful, but

Page 56/127

often
exhilarating
journey, she
confronts racism
head-on,
ultimately
forging a
positive white,
anti-racist
identity. Unlike
the theoretical
body of work on
the subject,
this memoir

Page 57/127

offers an
intimate, honest
look at the
motives,
struggles, and
revelations
attending white
identity
development.

The fall of Porfirio
Diaz has
traditionally been
presented as a
watershed
between old and
new: an old style

Page 59/127

repressive and
conservative
government, and
the more
democratic and
representative
system that
flowered in the
wake of the
Mexican
Revolution. Now
this view is being
challenged by a

Page 60/127

new generation of historians, who point out that Diaz originally rose to power in alliance with anti-conservative forces and was a modernising force as well as a dictator. Drawing together the threads of this

Page 61/127

revisionist reading
of the Porfiriato,
Garner
reassesses a
political career
that spanned more
than forty years,
and examines the
claims that post-
revolutionary
Mexico was not
the break with the
past that the

Page 62/127

revolutionary
inheritors claimed.
In this sequel to *A
Critique of
Modernity*, Alain
Touraine
questions the
social and cultural
content of
democracy today.
At a time when
state power is
being increasingly

Page 63/127

eroded by the economic might of transnational capital, what possible value can we ascribe to a democratic idea that is defined merely as a set of guarantees against the totalitarian state? If

Page 64/127

democracy is to survive in the postcommunist world, Touraine argues, it must accomplish two urgent goals: It must somehow protect the power of the nation-state at the same time as it limits that power (for only

Page 65/127

the state has
sufficient means
to counterbalance
the global
corporate
wielders of money
and information);
and it must
reconcile social
diversity with
social unity and
individual liberty
with

Page 66/127

integration. This is not merely a philosophical problem but a dilemma whose resolution will dramatically affect the immediate future of people everywhere. If we want a resolution in democracy's favor, then it is

Page 67/127

time, in
Touraine's view,
for us to redefine
democracy in
terms of active
intervention
rather than mere
passive institution.
To preserve the
power and
effectiveness of
our states and
societies, we must

Page 68/127

make visible
strides?and
soon?away from a
politics of
particularity and
toward the
integration and
balancing of
women and
minorities, of
immigrants, of
rich and poor. If
our states become

Page 69/127

too weakened, too debased by the politics of competing identities and interest groups, we will one day find ourselves without the means to protect the very values we believe we are fighting to uphold.

Page 70/127

Yoruba peoples of
southwestern
Nigeria conceive
of rituals as
journeys --
sometimes actual,
sometimes virtual.
Performed as a
parade or a
procession, a
pilgrimage, a
masking display,
or possession

Page 71/127

trance, the
journey evokes
the reflexive,
progressive,
transformative
experience of
ritual
participation.
Yoruba Ritual is
an original and
provocative study
of these practices.
Using a

Page 72/127

performance
paradigm,
Margaret
Thompson Drewal
forges a new
theoretical and
methodological
approach to the
study of ritual that
is thoroughly
grounded in close
analysis of the
thoughts and

Page 73/127

actions of the
participants.
Challenging
traditional notions
of ritual as rigid,
stereotypic, and
invariant, Drewal
reveals ritual to
be progressive,
transformative,
generative, and
reflexive and
replete with

Page 74/127

simultaneity,
multifocality,
contingency,
indeterminacy,
and
intertextuality.
Throughout the
book prominence
is given to the
intentionality of
actors as
knowledgeable
agents who

Page 75/127

transform ritual
itself through play
and improvisation.
Integral to the
narrative are
interpolations
about
performances and
their meanings by
Kolawole Ositola,
a scholar of
Yoruba oral
tradition, ritual

Page 76/127

practitioner,
diviner, and
master performer.
Rich descriptions
of rituals relating
to birth, death,
reincarnation,
divination, and
constructions of
gender are
rendered all the
more vivid by a
generous

Page 77/127

selection of field
photos of actual
performances.
A leading
intellectual
historian of Latin
America here
examines the
changing political
ideas of the
Mexican
intellectual and qu
asi-governmental

Page 78/127

elite during the
period of
ideological
consensus from
the victory of
Benito Juárez of
1867 into the
1890s. Looking at
Mexican political
thought in a
comparative
Western context,
Charles Hale fully

Page 79/127

describes how triumphant liberalism was transformed by its encounter with the philosophy of positivism. In so doing, he challenges the prevailing tendency to divide Mexican thought into liberal and

Page 80/127

positivist stages.
The political
impact of
positivism in
Mexico began in
1878, when the
"new" or
"conservative"
liberals enunciated
the doctrine of
"scientific politics"
in the newspaper
La Libertad. Hale

Page 81/127

probes the
intellectual origins
of scientific
politics in the
ideas of Henri de
Saint-Simon and
Auguste Comte,
and he discusses
the contemporary
models of the
movement the
conservative
republics of

Page 82/127

France and Spain. Drawing on the debates between advocates of scientific politics and defenders of the Constitution of 1857 in its pure form, he argues that the La Libertad group of 1878 and their heirs, the

Page 83/127

Científicos of
1893, were
constitutionalists
in the liberal
tradition and not
merely apologists
for the
authoritarian
regime of Porfirio
Díaz. Hale
concludes by
outlining the
legacy of

Page 84/127

scientific politics
for post-
revolutionary
Mexico,
particularly in the
present-day
efforts to inject
"democracy" into
the political
system. Originally
published in 1990.

What color is an
apple? A dog? Grass?
Young readers will be
blown away by the
range of possibilities
What color is a

Page 89/127

banana? It can be at least 25 different shades, according to this artful swatchbook of versatile subjects. An inversion of the way we typically look at color, this book challenges readers' predispositions towards using a particular crayon for a particular object. 11

Page 90/127

items are each presented alongside a grid of color ranges: the "apple" page features yellows, greens, and reds; the "egg" page a range of greens to grays; even "grass" is surprising, with suggestions of pink. The read-along text is playful and philosophical, poetic

Page 91/127

and factual... all
towards expanding
readers' assumptions.
Inspired by the
Whitney Museum's
approach to looking at
art, these books
provide a new way to
look at the world.

V í ctor Ferreres
Comella contrasts the
European 'centralised'
constitutional court

Page 92/127

model, in which one court system is used to adjudicate constitutional questions, with a decentralised model such as that of the United States, in which courts deal with both constitutional and non-constitutional questions.

A compelling

Page 93/127

exploration of a wide range of maps answers the question of why maps have gotten away with reflecting the agendas and intentions of their creators by analyzing maps of nature, including species habitats, bird migration routes, and the stars of the Milky

Bridging childhood studies, pedagogy and educational theory, critical psychology, and postcolonial studies, this unique book reads the role and functions of ' the child ' and childhood as both cultural motif and as embodied life condition through the work of Frantz Fanon. Based on

Page 100/127

innovative readings of Fanon and postcolonial cultural studies, the book offers new insights for critical pedagogical and transformative practice in forging crucial links not only between the political and the psychological, but between distress, therapy, and (personal and political) learning and transformation.

Page 101/127

Structured around four indicative and distinct forms of 'child' read from Fanon's texts (Idiotic, Traumatogenic, Therapeutic, Extemic), the author discusses both educational and therapeutic practices. The pedagogical links the political with the personal, and Fanon's revolutionary psychoaffective account

Page 102/127

offers vital resources to inform these. Finally the book presents ‘ child as method ’ as a new analytical approach by which to read the geopolitical, which shows childhood, education, and critical psychological studies to be key to these at the level of theory, method, and practice. By interrogating

Page 103/127

contemporary
modalities of childhood
as modern economic
and political tropes, the
author offers conceptual
and methodological
resources for practically
engaging with and
transforming these. This
book will be vital and
fascinating reading for
students and scholars in
psychology,
psychoanalysis,

Stoicism: A Very Short
Introduction

Positivism, not just an
“ ivory tower ”

philosophy, was a major
force in the social,

Page 118/127

political, and educational life of Mexico during the last half of the nineteenth century. Once colonial conservatism had been conquered, the French Intervention ended, and Maximilian of Hapsburg executed, reformers wanted to create a new national order to replace the Spanish colonial one.

Page 119/127

The victorious liberals strove to achieve “ mental emancipation, ” a kind of second independence, which would abolish the habits and customs imposed on Mexicans by three centuries of colonialism. At this singular moment in Mexican history, positivism was offered as an extraordinary means

Page 120/127

and pathway to a new order. The next stage was the education of the Mexican people in this liberal philosophy and their incorporation into the process of development achieved by modern nations. Leopoldo Zea traces the forerunners of liberal thought and their influence during Juárez ' s time and

Page 121/127

shows how this ideology degenerated into an “ order and progress ” philosophy that served merely to maintain colonial forms of exploitation and, at the same time, to create new ones that were peculiar to the neocolonialism that the great nations of the world imposed on other peoples. Zea examines

Page 122/127

the regime of Porfirio Díaz and its justification by the positivist philosophers of the period. He concludes that the conflict between exploited social groups, on the one hand, and foreign interests and a middle class on the margin of an oligarchy, on the other, brought about the movement
