A landmark volume, *The Africana Bible* gathers multicultural and interdisciplinary perspectives on every book in the Hebrew Bible. It opens a critical window onto the world of interpretation on the African continent and in the multiple diasporas of African peoples, including the African-American experience, with attention to Africana histories, literatures, cultures, and

backgrounds for understanding biblical literature. The Africana Bible features a critical commentary on every book of the Hebrew Bible, the Apocrypha, and Pseudepigrapha that are authoritative for many in African and African-diasporan communities worldwide. It highlights issues of concern to the global Black community (such as globalization and the colonial legacy) and the distinctive norms of interpretation in African and African Diasporan settings.

Mirror Motives introduces a completely new world for fantasy and historical fiction lovers alike. Set in a parallel dimension where the greatly outnumbered five Ancient Races rule the Starborn and Newborn races by virtue of their powerful magic, the story twists and turns, woven from the point of view of well-developed characters. The greatest general and Arval Master Maximillian Praedatorus abdicates

with his Empress in favor of their sixteen year old son, according to Imperial Decree. That's when Rome's enemies rise in a frenzy of deep-seeded rage to bring down the Ancient Races. Queen Furia, secretly the leader of the Cloud Dancer assassins, plots to regain the Iron Throne. Thascius Gildo, her lover, vows revenge on the Northern Empire for exiling his family. Tiberius Tarquinius escapes pirates and vampires in a vainglorious attempt to free the dragons. Sultan Sargon of Persia commands the extremely powerful and equally wicked Eye of Sydyll. Wyrmkyn shapeshifters murder and become those they murdered in a colossal covert invasion. And try as she might, Vestal Virgin Aunt Julia cannot avoid war as hatred incarnate, the Marune called He Who Stands Alone, brings to fruition his latest attempt to destroy mankind. Political plot intrigues, complicated with magic and

bold-faced lies, manipulations, and a little love, whirl in this novel of powerful, beautiful women, great heroes, and even greater villains. It is the precursor to a comprehensive and unique Role-Playing Game system to be released by Skyborn Studios in the near future.

The author has also published Lally-May's Farm Suss (2007) and Granny dead (2018, winner Commonwealth Anthology Novel award, 2018).

"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.

This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with

these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.

You've heard of love at first sight—but have you experienced love at first read? Introducing six of the most talented new voices in contemporary women's fiction. Prepare to fall head over heels for... Beautiful Disaster by Jamie McGuire Abby Abernathy is a good girl, who could bring the ultimate bad boy to his knees...but not before the secrets of her own dark past come back

to haunt her. *Love Unscripted* by Tina Reber Taryn Mitchell is nursing a recent heartbreak, and content to keep her distance from men for a while...until Hollywood's most sought after actor walks into her small-town pub and turns her world upside down. *Naked* by Raine Miller Brynne Bennett is an American art student in London swept up in a torrid love affair with a sexy, successful businessman—who proves to be as domineering in the bedroom as he is in the boardroom. *One Tiny Lie* by K.A. Tucker After navigating the death of her parents and her older sister's self-destructive phase, smart and stable Livie thinks Princeton should be a breeze—but Jell-O shots, a party-animal roommate she can't say “no” to, and Ashton, the gorgeous but arrogant

captain of the men's rowing team were definitely not part of the plan... The Sea of Tranquility by Katja Millay A story of first love—and forever love: In the midst of a bustling high school, a fragile girl and a lonely boy find each other. As they grow closer, the attraction between them grows, too—but can either of them risk losing the friendship that's saved them from their troubled pasts for a romance that might just shape their future? Slammed by Colleen Hoover The unexpected death of her father has left Layken feeling lost and invisible—until she meets Will, her new neighbor and a passionate poet. Sparks soon fly...but a shocking discovery could bring their relationship to a slamming halt before it's even fully begun.

The consequences of drug use, whether illicit or prescribed. Consequences that can

be enduring, lifelong, even carry through generations. Yet few of us have the time to consider them as we live in the heat of our own daily lives. I have seen this in action, watched events while they happened, seen it unfold, lived through the results, and unfortunately am observing the ongoing calamities of it all, still today. It is not fun to watch but not mine to fix. I was and am an observer, a recorder, merely that, out of the action, incapable of altering the results. My wife made a great point on this novel's subject. Drug use she said is a leveler. It brings people down to the lowest common denominator. What a concept! How right on is that statement! Drugs affect the rich, the poor, the famous, and the infamous in every country and nationality on this earth. If you are on the upscale end drugs keep you there. The user's life contribution to humanity is likely to be nothing, but the cost to the user, their family and friends in

physical, emotional, and fiscal terms expensive and of course dangerous, because it may also kill you. I have put these observations into this novel hoping that readers can identify with the characters, watch them grow and suffer through the consequences of their actions unaware of the effect of their lives and on others.

Thank you for reading our PRINCE2
Foundation Training Manual. The main
objective of this book is to provide an

easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation

syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

Two of America's most popular authorities on healthy eating and cooking join forces in this delectable, inspiring and easy-to-use cookbook. Dr Andrew Weil - author

Page 35/41

of the best-selling *Eating Well For Optimum Health* - brings to this collaboration a comprehensive philosophy of nutrition grounded in science. Rosie Daley - acclaimed for her best-seller *In The Kitchen With Rosie* - brings to it her innovative and delicious spa cuisine. Lifelong good health begins in the kitchen, so this is a lifestyle book as well as a cookbook. But throughout, *The Healthy Kitchen* emphasizes the pleasure of food - in the writing, in the anecdotes, in the commentaries, in the superb photography (including pictures of the authors at work from garden to table) and in the recipes themselves. With 135 fabulous recipes and invaluable

information on what constitutes genuinely healthy eating today, this revolutionary book will change the way you cook for yourself and your family forever.

Richard Hatteras, on holiday in Sydney, rescues a lovely young woman in distress, the start of a series of events that sees him falling in love and becoming ever more entangled in the machinations of the shadowy Doctor Nikola, villain, gentleman, and occult adventurer, who will stop at nothing to steal his prize. Boothby's Nikola may be the world's first modern super villain: he is a master of hypnotism and mind control, a telepathic adept, and an astral projectionist. He can cause

ordinary men to see images in pools of liquid, and prophesy into the future. It's said that he knows the hour, moment, and method of his own demise.
