

Awaken 1 Katie Kacvinsky

Awaken 1 Katie Kacvinsky
Katie Kacvinsky ' s debut novel,
Awaken, takes the reader to the year
2060, when every aspect of life has
become digitalized. People hardly go
out anymore; they have confined
themselves to their homes after tragic
incidents in the past and live through
their computer, socializing only in
online communities.

Awaken (Awaken, #1) by Katie
Kacvinsky

Interestingly enough, the story is also

about all the beauty and nature this society has lost. With a need for technology that borders on the pathological, and a complete abandonment of anything natural for that which is safe, controlled, and digital, this cover is a natural fit (pun intended) for Katie Kacvinsky's *Awaken*.
