

Beyond Revenge The Evolution Of The Forgiveness Instinct

Beyond Revenge: The Evolution of the Forgiveness Instinct:
McCullough PH.D., Michael: Amazon.nl

Why is revenge such a pervasive and destructive problem? How can we create a future in which revenge is less common and forgiveness is more common? Psychologist Michael McCullough argues that the key to a more forgiving, less vengeful world is to understand the evolutionary forces that gave rise to these intimately human instincts and the social forces that activate them in human minds today.

...

McCullough, whose last three books were academic, targets a
general audience in this exploration of the human capacity
for both revenge and forgiveness. Schooling readers in the
basics of natural selection, McCullough argues that despite
popular belief that revenge is a disease, both revenge and

forgiveness have been adaptive for our species.
