Biomagnetism or Biomagnetic Pair — BMP™ is a revolutionary, scientific and therapeutic approach to wellness that differs from traditional medicine, homeopathy, herbs and natural therapies. It is perfectly compatible with any other traditional or alternative modality.

What is Biomagnetism? - usbiomag

Biomagnetism is the phenomenon of magnetic fields produced by living organisms; it is a subset of bioelectromagnetism. In contrast, organisms' use of magnetism in navigation is magnetoception and the study of the magnetic fields' effects on organisms is magnetobiology.

Biomagnetism - Wikipedia

Biomagnetic Pair Therapy or Biomagnetism is a therapeutic system developed by Dr Isaac Goiz Duran, MD based on his discovery of the first Biomagnetic Pair (BMP) in 1988.

Biomagnetism USA™

Biomagnetism is a scientific and therapeutic approach to wellness that is quite different from traditional western medicine. It is a practiced health approach that boosts the bio-magnetic balance in the human body. This therapy involves the process of restoring and maintaining optimal pH and the reestablishment of homeostasis to allow for the body to heal itself.
