a residential security and alarm system and provides the following features: •
Sophisticated software allowing up to 99 users to interface with up to 48 zones and eight partitions. •

Page 123/129

Integrated fire and input/output modules. • Fast SIA and Contact ID formats.

- System expansion with up to 32 modules.

Caddx FPV

I have a working GE NetworX NX8V2 alarm system with two NX-148E keypads. I have to drop my alarm monitoring company because of a drop in income. My system is connected to a telephone land

Page 125/129

caddx-nx-8v2-user-manual

line and I want to reprogram the system to call my cell phone in the event the alarm is set off. What is the step-by-step programming I have to perform via the NX-148E keypad?
Thanks Sponsored Links #2
