This text is one of three books in the Criminal Justice Case Briefs series, each of which provides a summary and analysis of leading cases in a particular area of criminal justice: criminal procedure law, corrections law, or juvenile law. Craig Hemmens is the lead author on all three books; there is a different set of coauthors on each book, all of whom are experts in their respective areas. Easily accessible to undergraduates, each volume has the same basic outline and format, which is neither exclusively "casebook" nor "textbook." The purely casebook approach is not always appropriate for undergraduates, whose primary focus is learning the law, not "how to think like a lawyer." Therefore, these books present briefs (or summaries) of the opinions, along with analyses and explanations, instead of the actual opinions themselves. This allows instructors to use the books as either supplements or as main, stand-alone texts. The volumes also include less background and extraneous material than most textbooks; the cases are presented in a context, with relevant commentary, which allows students to better understand the significance of the legal holdings, explains the Court's holdings, and places each case in context with the Court's other decisions. Criminal Justice Case Briefs: Significant Cases in Juvenile Justice is comprehensive in its treatment of juvenile law, covering all of the major cases in the area. It features a list of cases, in alphabetical order and grouped by topic; briefs of each case, arranged by topic; a short introduction to each topic, intended to put the cases into context and provide some unity; and an index.

This volume will be of interest and value to students of logic, ethics, and political philosophy, as well as to members of the legal profession and to everyone concerned with problems of government and jurisprudence. By citing a large number of cases, the author makes his presentation of the processes of judicial interpretation particularly lucid.

Strategies and Techniques of Law School Teaching is intended to help you, as a new law teacher, prepare for your first semesters in the classroom. It begins at the preliminary stages of planning a new course and takes you all the way to writing and grading your final exam. Authors Katz and O'Neill offer experience and insight to the tasks of coming up with teaching objectives, choosing your book, crafting your syllabus, and creating a classroom atmosphere that is conducive to learning. The day-to-day teaching techniques in this primer for new (and not so new) professors will prepare you to successfully field students' questions, teach legal analysis to first-year students, and make the most of today's pedagogy and technology to support your teaching.

Paul is a schoolboy, described as tall and thin with strange eyes. He is facing the headmaster and several of his teachers, with whom he does not have a good relationship. All of them, in one way or another, find him difficult and disturbing to teach.

Throughout the book, there is extensive information about the law and practice of other mostly civil-law countries that provides an opportunity for instructive comparative discussion. One chapter is devoted to international conflict, and another chapter is focused on conflict in cyberspace.

How to Excel on Law School Exams

This true story of an epic courtroom showdown, where two of the nation's largest corporations were accused of causing the deaths of children from water contamination, was a #1 national bestseller and winner of the National Book Critics Circle Award. Described as "a page-turner filled with greed, duplicity, heartache, and bare-knuckle legal brinksmanship by The New York Times, A Civil Action is the searing, compelling tale of a legal system gone awry—one in which greed and power fight an unending struggle against justice. Yet it is also the story of how one man can ultimately make a difference.

Representing the bereaved parents, the unlikeliest of heroes emerges: a young, flamboyant Porsche-driving lawyer who hopes to win millions of dollars and ends up nearly losing

everything, including his sanity. With an unstoppable narrative power reminiscent of Truman Capote's *In Cold Blood*, *A Civil Action* is an unforgettable reading experience that will leave the reader both shocked and enlightened. *A Civil Action* was made into a movie starring John Travolta and Robert Duvall.

CasebookPlus Hardbound - New, hardbound print book includes lifetime digital access to an eBook, with the ability to highlight and take notes, and 12-month access to a digital Learning Library that includes self-assessment quizzes tied to this book, leading study aids, an outline starter, and Gilbert Law Dictionary.

Professors Fischl and Paul explain law school exams in ways no one has before, all with an eye toward improving the reader's performance. The book begins by describing the difference between educational cultures that praise students for "right answers," and the law school culture that rewards nuanced analysis of ambiguous situations in which more than one approach may be correct. Enormous care is devoted to explaining precisely how and why legal analysis frequently produces such perplexing situations. But the authors don't stop with mere description. Instead, *Getting to Maybe* teaches how to excel on law school exams by showing the reader how legal analysis can be brought to bear on examination problems. The book contains hints on studying and preparation that go well beyond conventional advice. The authors also illustrate how to argue both sides of a legal issue without appearing wishy-washy or indecisive. Above all, the book explains why exam questions may generate feelings of uncertainty or doubt about correct legal outcomes and how the student can turn these feelings to his or her advantage. In sum, although the authors believe that no exam guide can substitute for a firm grasp of substantive material, readers who devote the necessary time to learning the law will find this book an invaluable guide to translating learning into better exam performance. "This book should revolutionize the ordeal of studying for law school exams... Its clear, insightful, fun to read, and right on the money." – Duncan Kennedy, Carter Professor of General Jurisprudence, Harvard Law School "Finally a study aid that takes legal theory seriously... Students who master these lessons will surely write better exams. More importantly, they will also learn to be better lawyers." – Steven L. Winter, Brooklyn Law School "If you

can't spot a 'fork in the law' or a 'fork in the facts' in an exam hypothetical, get this book. If you don't know how to play 'Czar of the Universe' on law school exams (or why), get this book. And if you do want to learn how to think like a lawyer—a good one—get this book. It's, quite simply, stone cold brilliant.” — Pierre Schlag, University of Colorado School of Law (Law Preview Book Review on The Princeton Review website) Attend a Getting to Maybe seminar! Writing the perfect complement to their bestseller, *Introducing Public Administration*, Shafritz and Borick highlight the great drama inherent in public policy -- and the ingenuity of its makers and administrators -- in this new casebook that brings thrilling, true life adventures in public administration to life in an engaging, witty style. Drawing on a unique assortment of literary, historic, and modern examples, *Cases in Public Policy and Administration* exposes students to public administration in practice by telling the tales of: How Thurgood Marshall led the legal fight for civil rights and made it possible for Barack Obama to become president How the ideas of an academic economist and a famous novelist led to the recession that started in 2008 How Al Gore really deserves just a little bit of credit for inventing the Internet How the decision was made by President Harry Truman to drop the first atomic bomb on Japan in order to end World War II How the current American welfare state was inspired by a German chancellor How a Nazi war criminal inadvertently provided the world with a lesson in bureaucratic ethics How Napoleon Bonaparte encouraged the job of chief of staff to escape from the military and live in contemporary civilian offices How an obscure state department bureaucrat wrote the policy of containment that allowed the United States to win the Cold War with the Soviet Union How Dwight D. Eisenhower was started on the road to the presidency by a mentor he found in the Panamanian rain forest How Florence Nightingale gathered statistics during the Crimean War that helped lead to contemporary program evaluation.

In this timely new edition, distinguished authors Dukeminier and Johanson build on the success of their phenomenally popular casebook *Wills, Trusts, and Estates* with new coverage of non-traditional family arrangements, living wills, and much more. The authors blend cases selected for human interest as well as teaching value with provocative hypotheticals, cartoons, photographs, and other illustrations to comprehensively cover this area in a very lively, readable manner. Organized logically, The book begins with estate planning and its limitations, moves to wills and will substitutes, progresses to trusts, and concludes with a chapter on taxation. New topic coverage includes: babies inadvertently swapped in hospitals, surrogate mothers, lesbian adoption, and artificial insemination (including children conceived after sperm donor's death) living wills and powers of attorney for health care, including the Cruzan case And The Uniform Health Care Decisions Act a new chapter combining mental capacity and undue influence, which features the Seward Johnson will contest and related

preventive lawyering issues shortened, more teachable chapters on future interests and perpetuities latest changes To The Uniform Probate Code a completely revised and reorganized trustee administration chapter Like its predecessors, this book is a lively, flexible, and understandable teaching tool that is accompanied by a detailed and witty Teacher's Manual, which is regarded as the best in the field. This casebook traces the development of contract law in the English and American common law traditions. Like earlier editions, the 8th edition features authoritative introductions to major topics, carefully selected cases, and well-tailored notes and problems. The casebook is ecumenical in its outlook, presenting a well-balanced approach to the study of contract law without ever losing sight of the importance of doctrine in all its detail. Cases are situated within a variety of disciplines - history, economics, philosophy, and ethics--and present the law in a variety of settings - commercial, familial, employment, and sports and entertainment. The 8th edition will feel familiar yet fresh to current users and both exciting and comfortable to newcomers to contracts or to this casebook.

Originally published in 2012, Dignity Rights is the first book to explore the constitutional law of dignity around the world. In it, Erin Daly shows how dignity has come not only to define specific interests like the right to humane treatment or to earn a living wage, but also to protect the basic rights of a person to control his or her own life and to live in society with others. Daly argues that, through the right to dignity, courts are redefining what it means to be human in the modern world. As described by the courts, the scope of dignity rights marks the outer boundaries of state power, limiting state authority to meet the demands of human dignity. As a result, these cases force us to reexamine the relationship between the individual and the state and, in turn, contribute to a new and richer understanding of the role of the citizen in modern democracies. This updated edition features a new preface by the author, in which she articulates how, over the past decade, dignity rights cases have evolved to incorporate the convergence of human rights and environmental rights that we have seen at the international level and in domestic constitutions.
