Eddie is a wounded war veteran, an old man who has lived, in his mind, an uninspired life. His job is fixing rides at a seaside amusement park. On his 83rd birthday, a tragic accident kills him, as he tries to save a little girl from a falling cart. He awakes in the afterlife, where he learns that heaven is not a destination. It's a place where your life is explained to you by five people, some of whom you knew, others who may have been strangers. One by one, from childhood to soldier to old age, Eddie's five people revisit their connections to him on earth, illuminating the mysteries of his "meaningless" life, and revealing the haunting secret behind the eternal question: "Why was I here?"

The Redemption of Philip Thane is Bridgerton meets Groundhog Day in this rip-roaring regency romantic comedy for fans of Julia Quinn, Jane Austen and Georgette Heyer. 'One of the most exciting historical fiction writers in a long time' – Julia Quinn, author of the Netflix series Bridgerton, on Lisa Berne. How many times can a rake get it wrong . . . before he becomes Mr Right? Philip Thane – rogue, rake, and scoundrel extraordinaire – hadn't wanted to show up in the little town of Whittlesey to give a speech. He also didn't expect to somehow find himself stuck in time, waking up every morning to live exactly the same day over and over again. On the plus side, it's giving him time to further his acquaintance with the delightful Miss Margaret Allen, in town to research the book she's writing. And Philip has no doubt she'll fall starry-eyed into his arms, just like so many other ladies of the ton have done before. Yet Miss Allen stands firm

against his wiles, day after day. How is it even possible? Why won't she change her mind? What must he do to win her heart? Maybe, just maybe, it isn't Margaret who needs to change, but rather a certain rogue, who – if only he knew it – is head over heels in love . . . and badly in need of redemption. "Alif had never set foot outside of West Sumatra. He passed his childhood days searching for fallen durian fruit in the jungle, playing soccer on rice paddies, and swimming in the blue waters of Lake Maninjau. His mother wants him to attend an Islamic boarding school, a pesantren, while he dreams of public high school. Halfheartedly, he follows his mother's wishes. He finds himself on a grueling three-day bus ride from Sumatra to Madani Pesantren (MP) in a remote village on Java. On his first day at MP, Alif is captivated by the powerful phrase *man jadda wajada*. He who gives his all will surely succeed. United by punishment, he quickly becomes friends with five boys from across the archipelago, and together they become known as the Fellowship of the Manara. Beneath the mosque's minaret, the boys gaze at the clouds on the horizon, seeing in them their individual dreams of far-away lands, like America and Europe. Where would these dreams take them? They didn't know. What they did know was: never underestimate dreams, no matter how high they may be. God truly is The Listener. *The Land of Five Towers* is the first book in a trilogy written by A. Fuadi—a former TEMPO & VOA reporter, photography buff, and a social entrepreneur. He went to George Washington University and Royal Holloway, University of London for his masters. A portion of the royalties from the trilogy are intended to build Komunitas Menara, a volunteer-based social organization which aims to provide free schools, libraries, clinics and soup kitchens for

the less fortunate. To learn more about Komunitas Menara and their activities, check out www.negeri5menara.com"

presents a series of intertwined and unconventional love stories, straight and gay, with a bit of science and spirituality added to the mix. The major characters are young, urban, and technologically highly aware. They are caught up in major forms of contemporary social conflict. The work has been highly acclaimed. The poet Taufiq Ismail has written: "A renewal has taken place in Indonesian literature over the past decade. Supernova is an intelligent, unique and truly exciting exploration of science, spirituality and the nature of love." The literary critic Jacob Soemardjo suggests: "This is an attractive novel by a young writer. It is an intellectual work in the form of a work of pop art, set in the real world. It opposes old values with new ways of understanding, so that readers can see the world in a different way."

Contrary to the prevailing view in the West that the 500-year dominance of Western civilization points to it being the only universal civilization. *Can Asians Think?* argues that other civilizations may yet make equal contributions to the development and growth of mankind. Hailed as "an Asian Toynbee" and "the Max Weber of the new Confucian ethic", Mahbubani continues to illuminate his central arguments with new essays in this fourth edition.

"A sprawling, multi-faceted epic... The solution to the mystery is deceptively simple, and yet I can honestly say I have never read one quite like it anywhere else. This book is an unmissable triumph." --Publishers Weekly
In this classic Japanese locked room mystery an amateur detective investigates a string of gruesome unsolved murders The quintessential Japanese "logic mystery"--eerie, gorey, and intriguing in equal measure--combines the puzzle-solving of Golden Age Western detective fiction with elements of shocking horror and dark humour. Astrologer, fortuneteller,

and self-styled detective Kiyoshi Mitarai must solve a macabre murder mystery that has baffled Japan for 40 years—in just one week. With the help of his freelance illustrator friend, Kiyoshi sets out to answer the questions that have haunted the country ever since: Who murdered the artist Umezawa, raped and killed his daughter, and then chopped up the bodies of six others to create Azoth, ‘the perfect woman’? With maps, charts, and other illustrations, this story of magic and illusion—pieced together like a great stage tragedy—challenges the reader to unravel the mystery before the final curtain falls.

In her most famous novel, *The Mandarins*, Simone de Beauvoir takes an unflinching look at Parisian intellectual society at the end of World War II. In fictionally relating the stories of those around her -- Jean-Paul Sartre, Albert Camus, Arthur Koestler, Nelson Algren -- de Beauvoir dissects the emotional and philosophical currents of her time. At once an engrossing drama and an intriguing political tale, *The Mandarins* is the emotional odyssey of a woman torn between her inner desires and her public life. "Much more than a roman a clef . . . a moving and engrossing novel." -- *New York Times*

A “psychologically acute and boldly plotted” tale of a wealthy, dysfunctional family in Malaysia (Booklist, starred review). Set in Malaysia, this internationally acclaimed debut novel offers an unflinching look at relationships between parents and children, brothers and sisters, the wealthy and poor, a country and its citizens—all through the eyes of the prosperous Rajasekharan family. When Chellam, the family’s rubber-plantation-bred servant girl, is dismissed for unnamed crimes, her banishment is the latest in a series of losses that have shaken six-year-old Aasha’s life. A few weeks before, Aasha’s grandmother Paati passed away under mysterious circumstances and her older sister, Uma, departed for Columbia University—leaving Aasha to cope with her mostly absent father, bitter mother, and imperturbable older brother. Moving backward and forward in time, *Evening Is the Whole Day* explores the closely guarded secrets that haunt

the Rajasekharans: What was Chellam ' s unforgivable crime? Why was Uma so intent on leaving? What did Aasha see? And, underscoring all of these mysteries: What ultimately became of her father ' s once-grand dreams for his family and his country? “ A delicious first novel . . . [Samarasan ' s] ambitious, spiraling plot, her richly embroidered prose, her sense of place, and her psychological acuity are stunning. ” —The New York Times Book Review “ A surpassingly wise and beautiful debut novel about the tragic consequences of the inability to love. ” —Booklist, starred review “ The language bursts with energy. ” —Publishers Weekly

The Land of Five Towers (English Edition)

The English-language debut of Indonesia's rising star. The epic novel *Beauty Is a Wound* combines history, satire, family tragedy, legend, humor, and romance in a sweeping polyphony. The beautiful Indo prostitute Dewi Ayu and her four daughters are beset by incest, murder, bestiality, rape, insanity, monstrosity, and the often vengeful undead. Kurniawan ' s gleefully grotesque hyperbole functions as a scathing critique of his young nation ' s troubled past: the rapacious offhand greed of colonialism; the chaotic struggle for independence; the 1965 mass murders of perhaps a million

“ Communists, ” followed by three decades of Suharto ’ s despotic rule. *Beauty Is a Wound* astonishes from its opening line: One afternoon on a weekend in May, Dewi Ayu rose from her grave after being dead for twenty-one years.... Drawing on local sources—folk tales and the all-night shadow puppet plays, with their bawdy wit and epic scope—and inspired by Melville and Gogol, Kurniawan ’ s distinctive voice brings something luscious yet astringent to contemporary literature.

The central argument of this book is that Hannah Arendt's deserved place in the history of Western philosophy has been overlooked, and recognition of her contribution is long overdue. In part a result of Arendt's own insistence on calling herself a 'political thinker' throughout her career, this is also due to a common tendency in philosophy to denigrate the political. This book explores the indisputable philosophical dimensions of her work. In particular, it examines Arendt's theoretical commitment to recognizing humanity as a plurality, which avoids the common mistake in Western philosophy of theoretically overemphasizing the self in isolation. Arendt's own personal dealings with aspects of her identity, namely her Jewishness and her womanhood, work to inform us of this position against solipsism.

How did cranes come to symbolize matrimonial happiness? Why were magpies the only creatures that would not go inside Noah's Ark? Birds and bird imagery are integral parts of our language and culture. With her remarkable ability to dig up curious and captivating facts, Diana Wells hatches a treat for active birders and armchair enthusiasts alike. Meet the intrepid adventurers and naturalists who risked their lives to describe and name new birds. Learn the mythical stories of the gods and goddess associated with bird names. Explore the avian emblems used by our greatest writers--from Coleridge's albatross in "The Ancient Mariner" to Poe's raven. A sampling of the bird lore you'll find inside: Benjamin Franklin didn't want the bald eagle on our National Seal because of its "bad moral character," (it steals from other birds); he

lobbied for the turkey instead. Chaffinches, whose Latin name means "unmarried," are called "bachelor birds" because they congregate in flocks of one gender. Since mockingbirds mimic speech, some Native American tribes fed mockingbird hearts to their children, believing it helped them learn language. A group of starlings is called a murmuration because they chatter so when they roost in the thousands. Organized alphabetically, each of these bird tales is accompanied by a two-color line drawing. Dip into 100 Birds and you'll never look at a sparrow, an ostrich, or a wren in quite the same way.

A male homicide victim with a shotgun blast to the chest. A female drug addict who has overdosed on crack cocaine. An elderly woman with deep stab wounds to the neck. A two-year-old motor vehicle accident victim with blunt head trauma. For forensic pathologists, police detectives, and crime scene investigators, dealing with death and injury is a daily routine. But even after investigating thousands of drownings, shootings, stabbings, electrocutions, overdoses, and traffic accidents, most professionals in the investigative fields still haven't seen it all. Originally published on CD-ROM, the Color Atlas of Forensic Pathology addresses much of the basic information which forensic pathologists and other investigators deal with on a day to day basis. Packed with 780 full-color, captioned photographs, this atlas examines everything from time of death and decomposition, to identification, to causes of death from blunt trauma, firearm injuries, asphyxia, cutting and stabbing injuries, and more. The atlas shows the various causes of death and injury with case -- "visuals" to help investigators understand the work they perform. Indeed, with its exhaustive coverage, the Color Atlas of Forensic Pathology will provide

investigators with valuable insight into the many different causes of death and injury they must deal with and how the manners of death are diagnosed.

Siblings play an integral and essential part in our psychic development. Traditionally in psychoanalytic thinking, sibling relationships are regarded as secondary in developmental importance to the relationships with the parents. The authors in this book challenge this view and explore the impact of sibling relationships on internal psychic structures, family and social relationships. They suggest that siblings play a primary part in psychic development, even for an only child, and that infants are born with an expectation of siblings, an innate pre-conception similar to those relating to the breast and parental couple. Through infant observations and psychoanalytic treatment, the authors in this book examine sibling relationships from the most profoundly close, as in conjoined twins, through other twin and sibling relationships and deliberate on the wider context of social and tribal brotherhood and sisterhood.

Bestselling author and Zen Master Thich Nhat Hanh transforms an ancient folktale into a timeless parable of a young woman who dares to risk her life for her faith. Born to an aristocratic family in rural Vietnam, Kinh Tam ' s uncommon beauty and intelligence were obvious to all she encountered. From an early age she was drawn to the teachings of Buddha and the rewards of a monastic life, but to please her family she agreed to walk the traditional path of marriage. Throughout her marriage, Kinh Tam ' s mind was devoted to her husband but her heart never waived from her true calling. She wanted to be a monk. And yet Buddhism was still new to Vietnam and temples accepted only

men for ordination. Making a decision that would forever change her life, Kinh Tam left town, disguised herself as a man, and joined a monastery as a novice. Despite the many challenges of living as a man, Kinh Tam thrived and became a beloved member of the community. Years of profound joy and peace passed until a local woman accuses the novice of fathering her unborn child. Kinh Tam is torn between two impossible choices: keep her secret and endure brutal punishment or reveal the truth that would prove her innocence but put an end to her spiritual path. Facing the unbearable with the boundless heart of Buddha, her choice forever changes her life, her country, and her faith. In spare, elegant prose, Thich Nhat Hanh reminds us that we, too, face our own injustices and suffering, and by connecting with love, we can, like Kinh Tam, discover a mind and heart that are peaceful, happy, and free.
