In her seventh volume of  
poetry, Adrienne Rich

searches to reclaim—to  
discover—what has been  
forgotten, lost, or  
unexplored. "I came to  
explore the wreck. / The  
words are purposes. / The  
words are maps. / I came to  
see the damage that was done

/ and the treasures that prevail." These provocative poems move with the power of Rich's distinctive voice. An abandoned English manor transports a young woman back to the Edwardian era—where love and danger

await—in this time travel  
romance. East Midlands,  
England, 2013. The once  
grand Hill House is now  
surrounded by a shabby town  
of pubs and chip shops. As a  
child, Louisa Arnold was  
enthralled by the tragic

*changing-course-wrecked-and-ruined-1-aly-martinez*

history of its owners, the Mandeville family. Now, when tragedy strikes her own family, Lou seeks comfort in the ruined corridors of Hill House—and is suddenly transported back to Christmas 1913. As a

*Page 5/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

houseguest of the Mandevilles, Lou befriends the eldest son, Captain Thomas Mandeville—a man she knows is destined to die in the First World War. Moving between the present and the past, Lou does everything

*Page 6/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

she can to save the man she loves, unearthing murder and blackmail plots in a desperate race against time. The changing politics of the Right place it on a collision course with higher education. These political

*Page 7/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

forces support a policy agenda of deinstitutionalization, in which Republican officials both slash funding for and undermine trust in public higher education. Campus leaders respond with partial

*Page 8/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

defenses that provide short-term relief without addressing underlying mistrust. Wrecked traces the disastrous collision between the Right and higher education resulting from these politics, policies and

*Page 9/143*

practices.

As seen in Time, USA TODAY,  
The Atlantic, The Wall  
Street Journal, and on CBS  
This Morning, BBC, PBS, CNN,  
and NPR, iGen is crucial  
reading to understand how  
the children, teens, and

*Page 10/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers

*Page 11/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, iGen is the first generation to spend their entire adolescence in the

*Page 12/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety,

*Page 13/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

depression, and loneliness.  
But technology is not the  
only thing that makes iGen  
distinct from every  
generation before them; they  
are also different in how  
they spend their time, how  
they behave, and in their

*Page 14/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

attitudes toward religion,  
sexuality, and politics.  
They socialize in completely  
new ways, reject once sacred  
social taboos, and want  
different things from their  
lives and careers. More than  
previous generations, they

*Page 15/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

are obsessed with safety,  
focused on tolerance, and  
have no patience for  
inequality. With the first  
members of iGen just  
graduating from college, we  
all need to understand them:  
friends and family need to

*Page 16/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

look out for them;  
businesses must figure out  
how to recruit them and sell  
to them; colleges and  
universities must know how  
to educate and guide them.  
And members of iGen also  
need to understand

*Page 17/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

themselves as they  
communicate with their  
elders and explain their  
views to their older peers.  
Because where iGen goes, so  
goes our nation—and the  
world.

One of the great privileges we have as Christians is finding favor from the Lord. Yet our understanding of "favor" can be off. We are sometimes told it's all about us--that God gave us that

*Page 41/143*

house, that car, that job so we can have all we need. But his provision doesn't stop with us. In this fascinating, empowering book, Gary Wilkerson, pastor and president of World Challenge, paints a bigger,

*Page 42/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

brighter, and more biblical picture of what God's favor is. He shows how our loving Father showers his abundant resources upon us--things like forgiveness, restoration, peace, joy, power, and authority--not only to bless

*Page 43/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

us with a favored, happy life, but for us to joyfully demonstrate this favor to others, whether they are friends, family, or strangers on the street. Because God's favor is not meant to end with us--it is meant to show the beauty of his

Few parts of the shores of old England present more beautiful and romantic scenery than is to be found on the coast of Cornwall. There are deep bays, and bold headlands, and wild rocks, and lofty

cliffs, and wooded heights, and bare downs, and yellow sands full of the most minute and delicate shells, so delicate that it is surprising how they could have existed in the rough and boisterous ocean, and been cast up whole from the depths below. In one of those beautiful

bays, many years ago, a large party was collected, on a bright afternoon in the early part of autumn. Among the party were persons of all ages, but most of them were young, and all were apparently very busy. Some were engaged in tending a fire over which a

pot was boiling, and others were collecting drift-wood thrown up close under the cliff, with which to feed it.

Seven years ago, my life changed forever. One accident and the person I saw in the mirror no longer resembled

the woman I used to be. I was lost and confused inside my own body. I felt alone and disconnected from the world, carrying the incredible weight of guilt and loss that wasn't even mine to harbor. Then fate led me to Leo James. He taught me that crazy could be

perfectly normal and it shouldn't hurt to breathe. Don't get me wrong. Leo isn't perfect. He has his own cross to bear, and the truth is, that might be why I fell for him in the first place. But despite everything he does for me, learning to forgive myself is infinitely

harder than overlooking the flaws of another. Now, the secrets and lies of our past have begun to dictate our future-threatening to ruin us before we get the chance to try. Perhaps we were cursed from the start. Or maybe, just maybe, the remnants of our fractured

America ' s faltering cities. Progressives claimed they knew how to solve homelessness, inequality, and crime. But in cities they control, progressives made those problems worse. Michael Shellenberger has lived in the San Francisco Bay Area for thirty years. During that time, he advocated for the decriminalization of

*Page 115/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

drugs, affordable housing, and alternatives to jail and prison. But as homeless encampments spread, and overdose deaths skyrocketed, Shellenberger decided to take a closer look at the problem. What he discovered shocked him. The problems had grown worse not despite but because of progressive policies. San Francisco and

*Page 116/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

other West Coast cities — Los Angeles, Seattle, Portland — had gone beyond merely tolerating homelessness, drug dealing, and crime to actively enabling them. San Fransicko reveals that the underlying problem isn ' t a lack of housing or money for social programs. The real problem is an ideology that

*Page 117/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

designates some people, by identity or experience, as victims entitled to destructive behaviors. The result is an undermining of the values that make cities, and civilization itself, possible.

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they

*Page 127/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which

*Page 128/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that

*Page 129/143*

*changing-course-wrecked-and-ruined-1-aly-martinez*

regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

global economy. Rebutting charges that the financial collapse was caused by conservative deregulatory zeal, Schweizer, the author of *Do as I Say (Not as I Do): Profiles in Liberal Hypocrisy*, shows that it was actually the result of “do-good capitalism.”
