

# Chapter 5 Computer Fraud Pearson Solution S

Ch. 5: Computer Fraud 5.2 You are  
the president of a multinational

*Page 1/95*

*chapter-5-computer-fraud-pearson-solution-s*

company where an executive confessed to kiting \$100,000. What is kiting and what can your company do to prevent it? How would you respond to the confession? What issues must you consider before pressing charges? In a kiting scheme,

*Page 2/95*

cash is created using the lag between the time a check is deposited and the time it clears the bank.

After studying this chapter, you should be able to: Explain the threats faced by modern information

*Page 3/95*

systems. Define fraud and describe the process one follows to perpetuate a fraud. Discuss who perpetrates fraud and why it occurs, including the pressures, opportunities, and rationalizations that are present in most frauds.

*Page 4/95*

*chapter-5-computer-fraud-pearson-solution-s*

## E-commerce Security and Payment Systems

Define fraud and describe both the different types of fraud and the process one follows to perpetuate a fraud. 3. Discuss who perpetrates fraud and why it occurs, including the

*Page 5/95*

pressures, opportunities, and rationalizations that are present in most frauds. 4. Define computer fraud and discuss the different computer fraud classifications. 5. Chapter 5 Computer Fraud Pearson Define fraud and describe the process

*Page 6/95*
