Step By Step ? DIY Tutorial** Checklist For Change Making American

Checklist for Change not only diagnoses these problems, but also provides constructive recommendations for practical change. Robert Zemsky details the complications that have impeded every credible reform intended to change American higher education. He demythologizes such initiatives as the Morrill Act, the GI Bill, and the Higher Education Act of 1972, shedding new light on their origins and the ways they have shaped higher education in unanticipated and not commonly understood ways.

Checklist for Change: Making American Higher Education a ...

Almost every day American higher education is making news with a list of problems that includes the incoherent nature of the curriculum, the resistance of the faculty to change, and the influential role of the federal government both through major investments in student aid and intrusive policies.

Checklist for Change - Making American Higher Education a ...

Checklist for Change diagnoses the problems in American higher education today and describes principal reforms that must occur in combination in order for it to remain a vital enterprise: a fundamental recasting of federal financial aid; new mechanisms for better channeling the competition among colleges and universities; recasting the undergraduate curriculum; and a stronger, more collective faculty voice in
