

Critical Government Doents On Law And Order Critical Doents Series

Huge tax cuts, huge spending cuts and a balanced budget-NOW.

In an era of information overload, our need to learn how to critically evaluate the growing flood of information has never been greater. Critical Reflection showcases the role of reason in a world saturated by media-enhanced persuasion and complex scientific and technological jargon.Drawing from the classic philosophical texts, this engaging textbook on the art of analyzing arguments is also relevant to today's undergraduates in its use of real-life examples and exercises drawn mainly from media and politics. Malcolm Murray and Nebojsa Kujundzic cover the standard subjects in an one-semester course on critical thinking, offering ways to analyze arguments

This book contends that the Chinese economic reform inaugurated since 1978 has been a top-down passive revolution, in Gramsci's term, and that after three decades of reform the role of the Chinese state has been changing from steering the passive revolution through coercive tactics to establishing capitalist hegemony. It illustrates that the labour law system is a crucial vehicle through which the Chinese party-state seeks to secure the working class's consent to the capitalist class's ethno-political leadership. The labour law system has exercised a double

hegemonic effect with regards to the capital-labour relations and state-labour relations through four major mechanisms. However, these effects have influenced the Chinese migrant workers in an uneven manner. The affirmative workers have granted active consent to the ruling class leadership, the indifferent, ambiguous and critical workers have only rendered passive consent while the radical workers has refused to give any consent at all.

The CSB Apologetics Study Bible helps today's Christians better understand, defend, and proclaim their beliefs in an age of increasing moral and spiritual relativism. This study Bible's updated content includes new articles and extensive apologetics Bible study material, that can serve during your devotionals, from today's leading apologetics to provide deeper understanding of the relevant apologetics issues and questions of today. The Bible includes commentary from over 90 Christian apologetics leaders including Ted Cabal, Lee Strobel, Chuck Colson, Paul Copan, Norm Geisler, Hank Hanegraaff, Josh McDowell, Albert Mohler, J.P. Moreland, Ravi Zacharias, and many more—plus a lead article by Lee Strobel (The Case for Christ). The study Bible features include a presentation page, book introductions, study notes, apologetics articles from leading apologetics, "Twisted Scripture" explanations for commonly misunderstood passages, Profiles of Christian apologetics, Two-color interior, Two-column text, 9.75-point type size, Smyth-sewn binding, Ribbon marker, Full-color maps, and more. The CSB Apologetics Study Bible features the highly readable, highly reliable text of the Christian Standard Bible(R) (CSB). The CSB stays as literal as possible to the Bible's original meaning without sacrificing clarity, making it easier to engage with Scripture's life-transforming message and to share it with others.

The Almanac of the Federal Judiciary has built its considerable reputation by providing balanced, responsible judicial profiles of every federal judge and all the key bankruptcy judges and magistrate judges -- profiles that include reliable inside information based on interviews with lawyers who have argued cases before the federal judiciary. Containing valuable, hard-to-find material on every federal trial judge and appellate judge in the nation, this unique resource includes: Each judge's academic and professional background, experience on the bench, noteworthy rulings, and media coverage Candid, revealing commentary by lawyers, based on first-hand experiences before their local federal judges Helpful tips for your litigating team in shaping case strategy Important insights into each judge's style, demeanor, knowledge, and management of courtroom proceedings And continuing in-depth research, with semiannual updates. The Almanac of the Federal Judiciary is divided into two volumes: Volume 1: District Magistrates and Bankruptcy Judges Volume 2: Circuit Judges

Now Foreword by Gore VidalCritics described the first edition of this highly acclaimed book as fascinating and disturbing, uplifting and infuriating, as well as a penetrating collection of powerful essays. This highly acclaimed book won the National Press Club's Arthur Ross Award for Press Criticism and was selected by the New York Public Library as one of the most extraordinary titles of 2002.This expanded and updated edition, edited by former CBS and CNN producer Kristina Borjesson, is more timely and relevant than ever. Several new essays have been added, while others have been updated, revealing shocking new developments.'In the lead chapter, CBS's top correspondent, Dan Rather, describes in chilling terms how the pressure to be patriotic compelled him and other journalists to censor themselves.'MSNBC's Ashleigh Banfield speaks frankly about the critical difference between coverage and real journalism and how failing to report all sides of a story has created a very dangerous environment of ignorance.' Former Fox Network producer Charles Reina exposes details of how the news billed as Fair and Balanced is also a political tool that is shaped daily via an executive memo distributed electronically to Fox's news staff every morning, addressing what stories will be covered and often suggesting how they should be covered.'A new chapter on Iraq by investigative reporter Charlotte Dennett presents a riveting angle on the fact that no one in the press has dared to examine - until now.' Pulitzer nominee John Kelly writes a troubling update on recent deadly CIA operations carried out as part of the War on Terrorism.' Jane Akre's update on the precedent-setting outcome of her legal fight with Fox News over her investigation of Monsanto's bovine growth hormone will unsettle, if not anger, journalists and the general public alike.' Kristina Borjesson's new introduction examines how issues of censorship have, since the 9/11 tragedy and Into the Buzzsaw's initial release, become front-page news on an almost daily basis.Indeed, many journalists and increasing numbers of the general public view the control, suppression, manipulation, and distortion of information in news to have reached a crisis level - to the point of posing a significant threat to a free American society.Among the other contributors are: CBS's award winning investigative producer Helen Malgrem, veteran investigative journalist and author of DuPont: Behind the Nylon Curtain, Gerard Colby, veteran print journalist and editor David Hendrix, founder and Director Emeritus of Project Censored Carl Jensen, former DEA agent-turned-journalist and best-selling author Michael Levine, author or editor of seven books, including Rich Media, Poor Democracy, Robert McChesney, award-winning CBS documentary producer Maurio Murad, independent investigative reporter and author of the current bestseller The Best Democracy Money Can Buy, Greg Palast, New York Daily News investigative reporter J. Robert Port, Emmy Award-winning producer and author Monika Jensen-Stevenson, Pulitzer Prize-winning reporter Gary Webb, and New York Observer columnist Philip Weiss. This is urgent and essential reading for all Americans.Kristina Borjesson is an Emmy and Murrow Award-winning investigative reporter, who has worked for CBS and CNN.

Analyses a series of public domain documents which demonstrate how the government has misled the public, engaging in deception about the objectives and scope of some of its programs and perpetuating wasteful spending and harmful cover-ups.

The Apologetics Study Bible will help today's Christian better understand, defend and proclaim their beliefs in this age of increasing moral and spiritual relativism. The Reproductive Rights Reader

Violence, Corruption, and the Demand for Law

Property Rights in Post-Soviet Russia

Local Government Management: Current Issues and Best Practices

Through a study of AIDS policy, this book introduces a new model of state-society relations in democratic Brazil.

Publisher Description

On occasions, by running arrears, governments have unilaterally borrowed from domestic agencies. These agents ended up with implicit claims on the government for which they had no title and that would be honored, at best, on an unspecified future date and for an uncertain value. Having untitled assets limits creditors ' financial management capacity, because they cannot trade or enforce these claims. This paper presents several options for addressing the arrears problem. It recommends that the government recognize its implicit financial liabilities, set a timetable for their clearance, and issue market-negotiable title (securitize). Several country experiences with securitization operations are documented.

The effectiveness of property rights - and the rule of law more broadly - is often depicted as depending primarily on rulers' supply of legal institutions. Yet the crucial importance of private sector 'demand' for law is frequently overlooked. This book develops a novel framework that unpacks the demand for law in Russia, building on an original enterprise survey as well as extensive interviews with lawyers, firms, and private security agencies. By tracing the evolution of firms' reliance on violence, corruption, and law over the two decades following the Soviet Union's collapse, the book clarifies why firms in various contexts may turn to law for property rights protection, even if legal institutions remain ineffective or corrupt. The author's detailed demand-side analysis of property rights draws attention to the extensive role that law plays in the Russian business world, contrary to frequent depictions of Russia as lawless.

Rebuilding the Executive

Rebuilding the Executive is a comprehensive look at the structure and operations of the federal government, about the problems currently weighing that government down, and solutions to help it evolve with the 21st century.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Transform your legal education into a successful and fulfilling legal career In How to Be a Lawyer: The Path from Law School to Success, a team of veteran lawyers and entrepreneurs delivers an eye-opening discussion of how to translate your years of training and education into a running start in the world of practice. The book bridges the gap between law school and practice, whether you hope to be a big firm transactional attorney, a solo criminal lawyer, work for the government or any other legal profession. You'll discover how you can use what you learned in law school and how you can develop the real skills you'll need as you deal with clients and colleagues. The authors explain what your professors won't tell you in law school and what employers and clients will actually expect from you. You'll also find: Case studies and guest chapters describing the transition to major areas of law and how it can and should affect your law school decision making Expert advice on making your first job a successful one Guidance on how to avoid the most common career pitfalls and client mistakes Unfiltered opinions from clients about what they really think about lawyers An ideal resource for aspiring and current law students and early career lawyers, How to Be a Lawyer is the practical blueprint you need to build your legal career from scratch. DIVE INTO THE LEGAL WORLD! The author of the #1 best-selling legal bestseller The Best Democracy Money Can Buy, Greg Palast, New York Daily News investigative reporter J. Robert Port, Emmy Award-winning producer and author Monika Jensen-Stevenson, Pulitzer Prize-winning reporter Gary Webb, and New York Observer columnist Philip Weiss. This is urgent and essential reading for all Americans.Kristina Borjesson is an Emmy and Murrow Award-winning investigative reporter, who has worked for CBS and CNN.

Get the Complete Answers to Your Appropriations Law Questions Scrutiny of the use of federal funds—and the people handling those funds—has never been greater. Yet federal personnel often don't know all the rules. What might seem like a logical, efficient action could very well be illegal. Now, there is an easy-to-use, straightforward guide to help everyone involved with appropriated funds. The Appropriations Law Answer Book: A Q&A Guide to Fiscal Law is the "go-to" resource for answers to fiscal law questions that arise in the federal workplace.

This book condenses the content of the 2,000+ page Government Accountability Office's Principles of Federal Appropriations Law (the " Redbook "), providing a pertinent and usable resource for everyone who has responsibility for federal funds. Arranged in question-and-answer format, this concise book covers the questions that most often surface in agencies. Subject area groupings make finding the right answer quick and clear. Coverage includes critical information on: • How to prevent violations of the Antideficiency Act • Obligation of appropriations • Intragovernmental transactions, grants and agreements • Nonappropriated fund instruments Even personnel with the purest of intentions can run afoul of the many laws, rules, regulations, and decisions that govern the proper use of government funds. Don ' t be one of them. Get the resource you can trust: The Appropriations Law Answer Book. Plus! The book also includes a handy glossary, Contents Overview of Appropriations Law • Purpose • Time • Amount (The Antideficiency Act) • Obligation of Appropriations •

Intragovernmental Transactions • Continuing Resolutions • Accountability and Liability of Individuals • Grants and Agreements • Nonappropriated Fund Instrumentalities • Can Your Agency Use Appropriated Funds for Meals and Light Refreshments? • Glossary About the Author William G. Arnold, CDFM-A, author of The Antideficiency Act Answer Book, Performance Budgeting—What Works, What Doesn' t, and The Prompt Payment Act Answer Book, worked with the Department of Defense for 34 years, over 25 of which he spent in financial management. He has held positions as budget officer, director of resource management, director of disbursing, and entitlements director with the Air Force and the Defense Finance and Accounting Service.

The author of the acclaimed Reflections of an Affirmative Action Baby argues that in our zeal to keep religion out of politics we force the religiously devout to act as if their faith doesn't really matter—a mistake which he feels must be corrected.

This book will revolutionize economics. Do not expect an easy read. Physics was not easy, chemistry was not easy and neither will be the science of economics. This book discloses that economics is not a philosophy, but like all science, it is a subject of mathematics. And, if we truly understand what is happening in the economy, how much easier will it be to control our own future. It displays an entirely different approach to solving the problems and understanding the functions of an economy. The author uses mathematics to create economic theory. Economists spend too much time gathering data and then trying to draw some rational conclusion from the information. But, the same information produces different results that are dependent on the researcher ' s political or ideological bent. Like a dog chasing its tail these economists go round and round telling each other that he or she knows how an economy should be handled. Millions have died and billions have suffered as a result of their failed wisdom. And, so it shall continue until everyone can first start with mathematically based theory and logic.

"Why Capitalism Works and Government Doesn ' t " is written in text book fashion. As with all text books, the reader should plan additional time when necessary to read and re-read the passages. If the reader is patient, he/she will be rewarded with a clear understanding of the logic and mathematics that the book presents. Freedom and Capitalism are inseparable. By supporting one, we support them both, by opposing one, we oppose both. "Why Capitalism Works and Government Doesn' t" provides the understanding needed to win the war of ideas and provide a basis for freedom to exist for millenniums.

Or, How Government Is Recycling the American Workforce to Pay Its Bills and How the Rich Profit from Big Government

This is a new Wittgensteinian account of the American Constitution that provides a fresh perspective on how judges can follow a legal document written in flexible language. The book shows why originalism is incompatible with the American legal system and challenges the views of Ronald Dworkin and numerous law professors.

An award-winning "Washington Post" journalist takes readers on an unsettling ride behind the scenes of the emerging surveillance society where private companies and the government watch every move.

Not Free America is a call to all Americans to take back our constitutional freedoms and break free of " our abusive relationship with our government. " Mike Donovan ' s groundbreaking work on behalf of personal liberties has made him an object of fascination on both the Right and the Left. In this groundbreaking book, Mike Donovan, the CEO of Nexus Services, calls out the elites who wield power in our country—not only the elites at the federal level, but the elites who exert control over us in our states and counties, our cities and towns. Not Free America is a passionate call to all freedom-loving Americans to take back our constitutional freedoms and break free of what he calls " our abusive relationship with our government. " Donovan details how the " wholesale shredding of the Bill of Rights " started long before the concurrent crises of Covid-19 and the protests and violence that followed the murder of George Floyd. Not Free America shows us how those events were used by forces in our local, state, and federal governments that had systematically been abridging our rights for decades. These rights, Mike reminds us, are God-given rights guaranteed to us by the Constitution, the Bill of Rights and the Fourteenth Amendment. As the pastor of the First Christian Church Universalist in Harrisonburg, Virginia, Mike Donovan is far from your quiet country clergyman. A fierce warrior with the spirit of God and the tough skin of a lawyer, he has dedicated his life to protecting liberty and preserving individual rights, serving the underserved, and ministering to those who are overlooked in our broken society. Indeed, there are aspects to his past and present that make him an easy target for judgment from all directions. But Mike Donovan hides from nothing: He openly embraces the faults of his past and dedicates his present to creating a future that helps others move past their own unfortunate pasts. Born to a poor family in Page County, Virginia, he found himself at a young age convicted of writing bad checks, resulting in multiple felonies for which he served seven months in the county jail. But the time he served didn ' t break him; it helped make him the man he is today: a man of the law and a man of God who believes with all his heart and soul in the possibility of redemption and the power of moving beyond past mistakes. He also came out of that experience knowing he needed to make a difference for others who found themselves in the same place he ' d just been. Not content to talk the talk, Mike Donovan walks the walk in the footsteps of the Jesus who said " I ' m in prison and you came to visit me. . . . Whatever you do for the least of these, you do for me. " Not Free America shows us how, despite the odds, to do all that for America and for our children. The book ends with " The Liberty Pledge " : an agreement readers will make stating that they will vote only for lawmakers who agree to uphold the rights and freedoms guaranteed by the Bill of Rights and the Fourteenth Amendment.

This title explores how there is often more than meets the eye where politics and money are concerned. Faith-Based Initiatives are no exception. The book looks at how, despite the good intentions of some, faith-based policies did not create new significant programmes to help those in need.

Current Issues and Best Practices

A long time observer of the Arab mass media offers a more nuanced picture of the Arab press as it relates to the political situation in the Arab world today.

Allison Stanger examines the American government's approach to outsourcing, discussing the evolution of military outsourcing, the privatization of diplomacy, and homeland security; and offering an alternative approach.

Some of the very best writings on issues involving local government can be found in journals published by the American Society for Public Administration or journals with which ASPA is associated. This volume includes thirty of the most outstanding articles that have been published over the past sixty years in these journals. Local Government Management is an ideal supplement for any course in local management and administration, whether the audience is students or practicing professionals.

Protecting Our Future, Volume 2, completes the comprehensive examination of the cybersecurity threats to our nation ' s sixteen Critical Infrastructure Sectors begun in Protecting Our Future, Volume 1. Subject matter experts offer an in-depth analysis of operational needs and suggest best practices within the remaining sectors: IT, the chemical industry, commercial facilities, manufacturing, water systems and dams, emergency services, food and agriculture, and transportation. Used separately or together, these two volumes are an excellent foundational resource, and will enable cybersecurity practitioners, students, and employers to gain ground-level insight from experienced professionals, and to develop top-of-mind awareness in the areas most directly impacting the future of our nation ' s security.

Cut through the legalese to truly understand construction law Smith, Currie & Hancock's Common Sense Construction Law is a guide for non-lawyers, presenting a practical introduction to the significant legal topics and questions affecting the construction industry. Now in its fifth edition, this useful guide has been updated to reflect the most current developments in the field, with new information on Public Private Partnerships, international construction projects, and more. Readers will find full guidance toward the new forms being produced by the AIA, AGC, and EJCDC, including a full review, comparison to the old forms, areas of concern, and advice for transitioning to the new forms. The companion website features samples of these documents for ease of reference, and end of chapter summaries and checklists help readers make use of the concepts in practice. The updated instructor support material includes scenario exercises, sample curriculum, student problems, and notes highlighting the key points students responses should contain. Construction is one of the nation's single largest industries, but its fractured nature and vast economic performance leave it heavily dependent upon construction law for proper functioning. This book is a plain-English guide to how state and federal law affects the business, with practical advice on avoiding disputes and liability. Understand construction law without wading through legal theory Get information on an emerging method of funding large-scale projects Parse the complexities presented by international and overseas projects Migrate to the new AIA, AGC, and EJCDC forms smoothly and confidently This book doesn't cover legal theory or serve as a lawyer's guide to case law and commentary – its strength is the clear, unfiltered common-sense approach that caters to the construction professional's perspective. For a better understanding of construction law, Smith, Currie & Hancock's Common Sense Construction Law is an efficient reference.

The CSB Apologetics Study Bible helps today ' s Christians better understand, defend, and proclaim their beliefs in an age of increasing moral and spiritual relativism.
