There are some major advantages of using DeFi, including cost, speed and security. Anyone with an internet connection has access to blockchains and cryptocurrencies. Users are able to make trades and move their assets whenever they want without having to wait on bank transfers or pay bank fees. ABOUT THE AUTHOR Conrad Jules Braun is a maverick among entrepreneurs. Unlike many hard money advocates in his day, he never called for a return to a government-mandated gold standard. He advocated a free choice of currencies. If you want to trade with gold, fine, but in his view, you shouldn't attempt to force it on other people. The gold standard may not be the best standard; most assuredly, he proclaimed a free and open marketplace in money and banking can come up with something better. Conrad failed miserably after a decade of pursuing his vision and paid the ultimate price of 11 years in federal prison. Known as Big Bird in federal prison, upon his release he became known as Bumble Bee Braun for appearing in court in a Bumble Bee outfit while campaigning to bring down his prosecutor. He affectionately became known as Ugly Old Goat in the Bitcoin world. In 2013 Conrad recognized his earlier vision for sound money manifested itself in the innovation, Bitcoin, and purchased his first 10 Bitcoin under \$100 using ACH and overdraft protection. Equity Trading emerged from his consistent bitcoin trading success. In 2017 Ugly Old Goat was in the Top Ten National Traders on Bitmax. In the spring of 2018, he started writing articles on Medium and in the fall ran 2 Bitcoin into 22 Bitcoin. In 2019 he published his trades to his Lifetime Members (his life, not yours!) and ran 2 Bitcoin into 74 Bitcoin. And in 2020 Ugly ran .4 Bitcoin into 47 Bitcoin, turning \$7,000 into over \$1.4 million. Whether you are an experienced trader or a new trader just starting out, this book is for you. His approach is radical. First, throw away your charts. Second, choose to be a small trader. Only then are ready to destroy what he calls backward thinking and embrace Equity Trading. Hodl, Hodl, Hodl Sayvv, Sayvv, Sayvv Buidl, Buidl, Buidl Sound Money! Sound Money! This is Ugly Old Goat's mantra. Equity Trading is the practical application of this mantra.

Then why would you start making trades online before you learned what you were doing? It's crazy! But with deep discount brokers making it look so easy for individual investors, it's no wonder consumers today are lulled into a false sense of security. "Opening an online account is the easy part! It's making successful trades that's the hard part!" Don't leave your money in the hands of crooked financial advisors and greedy fund managers who charge high fees for low returns. With the new economy, comes new trading rules. You can't rely on outdated textbooks and strategies anymore. But if you adapt, you can make a considerable fortune with these new market conditions. Here's the deal. Swing trading requires less start-up capital than day trading. And unlike day trading, swing trading plays out over a few days or a week - which gives you much more room for error. Making it far more beginner friendly, with an easier learning curve. It's also ideal if you have a family, or want to start in your spare time.
