The year is 2021. No child has been born for twenty-five years. The human race faces extinction. Under the despotic rule of Xan Lyppiat, the Warden of England, the old are despairing and the young cruel. Theo Faren, a cousin of the Warden, lives a solitary life in this ominous atmosphere. That is, until a chance encounter with a young woman leads him into contact with a group of dissenters. Suddenly his life is changed irrevocably as he faces agonising choices which could affect the future of mankind. NOW A MAJOR MOTION PICTURE Dedicated to astronaut Neil Armstrong, A Kite for Moon is the perfect children's book to help celebrate the 50th anniversary of the first United States moon landing. Written by New York Times bestselling author of How Do Dinosaurs Say Goodnight? Jane Yolen and her daughter, Heidi Stemple, this book is a heartfelt story about a young boy's fascination and unlikely friendship with the moon. What would it be like if the moon was your friend? Find out as you walk alongside a little boy who journeys through life to achieve his dream of becoming an astronaut. And then blast off with your little one as you zoom to the moon together! The story begins when a little boy, who is flying his kite, notices a sad Moon. He sends up kites to her, writing notes promising he will come see her someday. This promise propels him through years of studying, learning, and training to become an astronaut. Until ... he finally goes up, up, up in a big rocket ship with a fiery tail. A Kite for Moon: Features over 20 gorgeous illustrations by award-winning artist Matt Phelan Is the perfect storybook for children ages 4 to 8 Celebrates every child's fascination with space

This extensively revised, restructured, and updated edition continues to present an engaging and comprehensive introduction to the subject, exploring the world's landforms from a broad systems perspective. It covers the basics of Earth surface forms and processes, while reflecting on the latest developments in the field. Fundamentals of Geomorphology begins with a consideration of the nature of geomorphology, process and form, history, and geomorphic systems, and moves on to discuss: structure: structural landforms associated with plate tectonics and those associated with volcanoes, impact craters, and folds, faults, and joints process and form: landforms resulting from, or influenced by, the exogenic agencies of weathering, running water, flowing ice and meltwater, ground ice and frost, the wind, and the sea; landforms developed on limestone; and landscape evolution, a discussion of ancient landforms, including palaeosurfaces, stagnant landscape features, and evolutionary aspects of landscape change. This third edition has been fully updated to include a clearer initial explanation of the nature of geomorphology, of land surface process and form, and of land-surface change over different timescales. The text has been restructured to incorporate information on geomorphic materials and processes at more suitable points in the book. Finally, historical geomorphology has been integrated throughout the text to reflect the importance of history in all aspects of geomorphology. Fundamentals of Geomorphology provides a stimulating and innovative perspective on the key topics and debates within the field of geomorphology. Written in an accessible and lively manner, it includes guides to further reading, chapter summaries, and an extensive glossary of key terms. The book is also illustrated throughout with over 200 informative diagrams and attractive photographs, all in colour.

A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America ' s westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana ' s stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

Thirteen-crowned King Arthur has yet to win the support of the people. Merlin must do something before the king is betrayed, or murdered, or--worst of all--gets married. So Merlin creates a trick: a sword magically placed into a slab of rock that only Arthur can withdraw. Then he lets it be known that whosoever removes the blade will rule all of England, and invites any man who would dare, to try to pull out the sword. But then someone else pulls the sword out first. .

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal "Trump makes one believe for a moment in the American dream again."—The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet."—Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's

attention is instantly and fully claimed."—Boston Herald "A chatty, generous,chutzpa-filled autobiography."—New York Post

He fell in love with the black mistress of the warden and discovered too late that to love is not safe; he attempted to keep a record of the strange reality he saw in prison, only to realize that history is not written by those who are ruled. Acclaimed as a masterpiece around the world, Gould's Book of Fish is at once a marvelously imagined epic of nineteenth-century Australia and a contemporary fable, a tale of horror, and a celebration of love, all transformed by a convict painter into pictures of fish.

"A triumphantly moving book." –Kirkus Reviews, starred review Hannah dreads going to her family's Passover Seder–she's tired of hearing her relatives talk about the past. But when she opens the front door to symbolically welcome the prophet Elijah, she's transported to a Polish village in the year 1942. Why is she there, and who is this "Chaya" that everyone seems to think she is? Just as she begins to unravel the mystery, Nazi soldiers come to take everyone in the village away. And only Hannah knows the unspeakable horrors that await. A critically acclaimed novel from multi-award-winning author Jane Yolen.
