we hope we'll never have to make. Travis Parker has everything a man could want: a good job, loyal friends, even a waterfront home in small-town North Carolina. In full pursuit of the good life - boating, swimming , and regular barbecues with his good-natured buddies -- he holds the vague

conviction that a serious relationship with a woman would only cramp his style. That is, until Gabby Holland moves in next door. Spanning the eventful years of young love, marriage and family, THE CHOICE ultimately confronts us with the most heartwrenching question of all: how far

magic.

How do you get your dinner?
That is the basic question
of economics. When economist
and philosopher Adam Smith
proclaimed that all our
actions were motivated by
self-interest, he used the

Page 19/133

example of the baker and the butcher as he laid the foundations for 'economic man,' arguing that the baker and butcher didn't give bread and meat out of the goodness of their hearts. It's an ironic point of view

Page 20/133

coming from a bachelor who lived with his mother for most of his life—a woman who cooked his dinner every night. The economic man has dominated our understanding of modern-day capitalism, with a focus on self-

Page 21/133

dinner-and-a-movie-12-themed-movie-nights-with-recipes-to-share-enjoy

interest and the exclusion of all other motivations. Such a view point disregards the unpaid work of mothering, caring, cleaning and cooking. It insists that if women are paid less, then that's because their labor

Page 22/133

is worth less. A kind of
feminist Freakonomics, Who
Cooked Adam Smith's Dinner?
charts the myth of economic
man—from its origins at Adam
Smith's dinner table, its
adaptation by the Chicago
School, and its disastrous

Film and television create worlds, but they are also of a world, a world that is made up of stuff, to which humans attach meaning. Think of the last time you watched a movie: the chair you sat in, the

Page 38/133

snacks you ate, the people around you, maybe the beer or joint you consumed to help you unwind—all this stuff shaped your experience of media and its influence on you. The material culture around film and television changes how we make sense of their content, not to mention the very concepts of the mediums. Focusing on

Page 39/133

dinner-and-a-movie-12-themed-movie-nights-with-recipes-to-share-enjoy

material cultures of film and television reception, *The Stuff of Spectatorship* argues that the things we share space with and consume as we consume television and film influence the meaning we gather from them. This book examines the roles that six different material cultures have played in film and television culture since

Page 40/133

the 1970s—including video marketing, branded merchandise, drugs and alcohol, and even gun violence—and shows how objects considered peripheral to film and television culture are in fact central to its past and future.

A hilarious new collection of essays from New York Times bestselling

Page 95/133

author Annabelle Gurwitch When Annabelle Gurwitch was a child, surrounded by a cast of epically dysfunctional relatives, she secretly prayed that it was all a terrible mistake. Suffering from a colossal case of “ family envy, ” Gurwitch began

Page 96/133

seeking out other forms of community. If she ' s learned anything, it ' s that no matter how hard you try to escape a crazy family, you just end up in another crazy family. Using her own clan of hucksters and scam artists as

Page 97/133

inspiration, *Wherever You Go, There They Are* unpacks and redefines our ideas of community and belonging. In her essays, Gurwitch explores family mythologies, the fragility of sisterhood, the rituals and rites of passage into urban tribes, the

Page 98/133

seductive charm of a cult, and the spectacularly daunting search for the community where her aging parents will spend the last chapter of their lives. With a wry wit and healthy dose of irresistible self-deprecation, Gurwitch asks: Who and what makes

Page 99/133

a family in our modern society? Is it our blood relations, the people we work with, pray with, our pets? By turns hilarious and deeply moving, *Wherever You Go, There They Are* is an irreverent, laugh-out-loud examination of family—both those

these end-of-life conversations. As Arianna Huffington said, "We are such a fast-food culture, I love the idea of making the dinner last for hours. These are the conversations that will help us to evolve." Let's Talk About Death (over Dinner) offers keen practical advice on

how to have these same conversations—not just at the dinner table, but anywhere. There's no one right way to talk about death, but Hebb shares time—and dinner—tested prompts to use as conversation starters, ranging from the spiritual to the practical, from
