Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.

The ultimate doodle coloring book. This big sized coloring book is a challenge for all ages. If you are a fanatic doodler and obsessed with filling in and coloring doodles then this is definitely for you. Or you can just admire the detailed art. The book is filled with 50 unique and extremely detailed work of art by the master of doodles Kerby Rosanes.

Doodles become art in this beautiful guided art journal. The instruction book, Guide to the Doodle, gives tips on creating doodles, coloring with pencils and markers, and ways to use your doodles — such as for note cards, frames, gift bags, and more. There are six chapters — paisleys, flowers, letters, butterflies, mandalas, and geometrics. Artists will learn to start with a basic drop, then stretch it and squash it, and interlock it with other drops, nestling them all together to make beautiful paisley patterns. Nature will come to life, with tiny flowers blooming and butterflies flitting overhead. Geometric borders will adorn pages. The art journal will provide an elegant place to experiment with all of the techniques described in the instruction book. The book will include elaborate coloring activities, as well as simple guidelines to get started on creative doodling pages.

Inspirational quotations will add subtle meaning to the art pages. When the journal is complete, it will be a beautiful book to be proud of and cherish.

Many people want to lead more creative lives but find it difficult to make creativity a daily exercise. In *Year of the Doodle*, Dawn DeVries Sokol solves the problem with a year's worth of interactive prompts—starter doodles, quotes, questions, and fun exercises, all on Sokol's well-loved painted backgrounds, interspersed with collaged bits of ledger, graph, and notebook paper—meant to get would-be doodlers interacting with their sketchbooks daily. Opening with ideas for jump-starting the doodle habit, *Year of the Doodle* is not linked to a particular year like a calendar—instead, a year's worth of entries are numbered sequentially so doodlers can start and finish whenever they want to jump-start their creativity.

World-renowned artist and textile designer Kaffe Fassett provides a window into his creative process, offering readers new patterns, new ideas, and new inspiration. With successes like *Bold Blooms* and *Dreaming in Color*, the latest book from Kaffe Fassett brings together all the best elements of his work and life. *Kaffe Fassett in the Studio* will offer an in-depth look at his work and where he finds inspiration, paying particular attention to his color work. He will also showcase some of his greatest designs in the areas of needlework, patchwork, and knitting, as well as provide three to four new patterns in each of these areas. Lastly, Fassett will speak to his fabric design and painting processes. He remains an icon in the fashion and craft worlds. He partners with brands such as Coach and is regularly featured in the pages of *Vogue*. Fassett's brilliant use of color sets his work apart from other artists, and any collection of his work is a must have among fans and beyond.

Turn your doodles into a personal journal and into art, to boot! In the tradition of Keri Smith (*Wreck This Journal*, *This Is Not a Book*), Dawn DeVries Sokol has created a fun, easy artist's journal to get kids started with the basics. Doodle about your day; make lists of your favorite things; write goals and daydream; try different mediums like pens, watercolors, and found art; add in family photos or ticket stubs; use Xerox transfers; and much, much more to create a casual, playful, and often thoughtful journal of your life. Conceived by Instagram's daily sketch sensation @augustwren, this guided journal encourages carving out a moment of self-expression every day. To conquer the intimidating prospect of filling 365 blank pages, *Draw Every Day, Draw Every Way* is divided into monthly themes, with undated daily prompts that suggest what to draw each day. You can work through the journal from front to back, or jump around and draw whatever appeals to you at the time. Monthly themes include: A month of nature A month of your favorite things A month of characters A month of print and patterns Jennifer Orkin Lewis (aka @augustwren) encourages experimentation with a one-page tutorial at the beginning of each month that outlines accessible ways to draw with different materials, such as ballpoint pens, colored pencils, paint, and collage. Coupled with sections of varying paper types, there is an unlimited canvas available to flourish artistically; brown craft paper pairs well with black ink and white pencil, black paper is great for white and metallic gel pens, and heavy white paper is included for painting. The journal is not only useful as a stress-reliever and as a mode of personal exploration, but also as a way of changing visual thinking. And when completed, it will serve as a reflection of its owner. With prompts, tutorials, and unique packaging, *Draw Every Day, Draw Every Way* is a must-have for those looking to sketch

and doodle their way out of an inspirational rut.

75 Ways to Playfully Manifest a Meaningful Life

Get Lit

What explains the massive worldwide success of video games such as Fortnite, Minecraft, and Pokémon Go? Game companies and their popularity are poorly understood and often ignored from the standpoint of traditional business strategy. Yet this industry

generates billions in revenue by thinking creatively about digital distribution, free-to-play content, and phenomena like e-sports and live streaming. What lessons can we draw from its major successes and failures about the future of entertainment? One Up offers a pioneering empirical analysis of innovation and strategy in the video game industry to explain how it has evolved from a fringe activity to become a mainstream form of entertainment. Joost van Dreunen, a widely recognized industry expert with over twenty years of experience, analyzes how game makers, publishers, and platform holders have tackled strategic challenges to make the video game industry what it is today. Using more than three decades of rigorously compiled industry data, he demonstrates that video game companies flourish when they bring the same level of creativity to business strategy that they bring to game design. Filled with case studies of companies such as Activision Blizzard, Apple, Electronic Arts, Epic Games, Microsoft, Nexon, Sony, Take-Two Interactive, Tencent, and Valve, this book forces us to rethink common misconceptions around the emergence of digital and mobile gaming. One Up is required reading for investors, creatives, managers, and anyone looking to learn about the major drivers of change and growth in contemporary entertainment.

You will be impotent with both laughter as you read this "remarkably entertaining and informative look at the male organ down through the ages . . . undeniably funny" (Booklist). Throughout history, man has revered his penis as his "most precious ornament." From small to large, thick to thin, smooth to wrinkled, Thomas Hickman lets the history of this mystery hang out for all to see. Offering discussion of ancient literatures and mathematical quandaries of possible positions, such as Greece's "the lion on the cheese-grater," which still keeps scholars in a twist. It is a stiff subject, but we easily settle in with the likes of Bill Clinton, Michelangelo's David, and Shakespeare as they followed their heads. If you were to wrap your hands around anything less than two-inches, it should be God's Doodle, a brilliant history of the penis that hits the topic right on the head. It reaches through time and looks at how the penis trended long before one was ever posted on Twitter. "[A] well-researched, dryly witty and worthwhile read." --Salon "Tom Hickman tells the story of its ups and downs with enthusiasm and a mostly straight face." --The Economist Moving, insightful, lyrical and also at times very funny, this novel is a supple, disarmingly frank exploration of parenthood. Liam and Iris have one son: Billy, a bright 'toddler puddling about like a penguin, leaving surrealist art installations all over the house- a tiny cow in a teapot in a hat on the doorstep, of course! A stuffed crocodile in a silk camisole perched beside a woollen chick in a beanie on the bread-bin, why not!' Just as they are despairing about being able to conceive another child, Jason comes into their family. He arrives under fraught circumstances, but might just make a perfect sibling for Billy. Jason is a ' lovely, poor, sad, unfortunate, ordinary, annoying, delightful nuisance of a ratbag of a hoot of a kid ' and the boys grow close over the ensuing years. But after a terrible accident, Billy turns into a bird. He utterly believes it: and as his behaviour becomes increasingly worrying, Liam and Iris must find a way to stop their family flying apart. When extracts of Billy Bird won the NZSA Peter and Dianne Beatson Fellowship, the judges said the project was 'inventive, joyful and beautifully written'. Ripe with playfulness, yet also unforgettably poignant, this novel will unstitch - and then mend - your heart several times over.

Intuition is the language of the soul, and we're all born with the natural ability of an inner-knowing. As we go through life, we have

a inborn tendency to pull away from what was once totally natural to us. In *101 Ways to Jump-Start Your Intuition*, psychic medium John Holland guides you through 101 quick and easy lessons to help you understand, develop, and work with your internal sense of intuition. This small yet valuable book will become your companion as you rely more on intuition for direction, insight, clarity, and wisdom on a daily basis. Each of the mini-lessons comes with its own affirmation or inspirational statement to complement and strengthen each of the 101 lessons. This book reinforces the idea that intuition is a reminder of the power of the human spirit, but more important, that when we listen to its advice, it can lead us to a life of unlimited potential.

Learn the Art of Gouache with Easy-to-Paint, Stunning Floral Designs Let your creativity bloom with this inspiring step-by-step guide to painting lush roses, delicate daisies, blossoming cacti and more. Gouache makes it easy to create rich, bright colors for an impressive impact in just a few strokes. This forgiving medium is great for beginners, as well as watercolor artists looking for a bold, new way to create stunning artwork that pops. Vidhi Khandelwal, founder of The Ink Bucket art and stationery brand, guides you each step of the way through simple techniques to recreate her signature florals. Use your new skills to begin a daily art habit, create stunning compositions to brighten up your home and add a personal touch to homemade cards and gifts. With a trove of traceable flower sketches right in the book, you can focus on your painting journey without worrying about how to draw every line. Along with the essential strokes, you'll learn simple shading methods for realistic petals, and lovely layering techniques to add fullness and texture in each blossom. Bring your project to life with fun details like veined leaves and colorful backgrounds, and even venture into floral hand lettering. Whether you're looking to boost your painting skills or enjoy a relaxing new hobby, this book provides a refreshing creative escape.

Jim Henson, an extraordinary artist and visionary, invented unique worlds and characters that remain just as vivid, original and fresh today as when they were created. A television pioneer, an innovator in puppetry, technology and visual arts, and a performer who literally brought to life some of the most memorable characters ever, Jim Henson's impact on entertainment, education and culture continues to this day more than 20 years after his death.

Harness your mind's innate tendency to wander, stall, rest, and unfocus and become more productive—in the boardroom, living room, or classroom. Named one of Coastal Living's Best Books for the Beach This Summer To finish tasks and achieve goals, most people believe that more focus is the solution. We rely on to-do lists, calendar reminders, noise-blocking headphones, and sometimes medication to help us concentrate—even though these tactics often fail to

substantially improve productivity. Drawing on the latest brain research, compelling stories from his psychological practice, and colorful examples of counterintuitive success from sports, business, education, and the arts, neuroscientist Srinii Pillay, M.D., challenges traditional ideas about productivity, revealing the lasting, positive benefits of adding deliberate and regular unfocus to your repertoire. A fascinating tour through brain wavelengths and rhythm, mindsets, and mental relaxation, *Tinker Dabble Doodle Try* demonstrates how specific kinds of planned unfocus stimulate cognitive calmness, jumpstart productivity, enhance innovation, inspire creativity, improve long-term memory, and, of course, help you stay on target. Tinkering with ideas and with things releases your mind to wander from a state of stuckness into a possibility frame of mind, triggering neural connections and new insights. Dabbling in a new endeavor—whether a hobby or fantasy—disrupts your habitual and reactive thinking, helping you find new solutions to old problems. Doodling can help you tap into another brain frequency to remove obstacles and create opportunities and inspiration. With techniques for training the brain to unfocus, concepts for scheduling busy lives, and ideas for controlling this new cognitive-toggling capability, *Tinker Dabble Doodle Try* will change how you think about daydreaming, relaxing, leaving work unfinished, and even multitasking. What you'll discover is a greater freedom, a deeper intelligence, and a more profound joy in your life. Praise for *Tinker Dabble Doodle Try* "Pillay's effortless writing style, combined with an excellent balance of popular psychology and self-help, makes this a helpful read for those who enjoy a light dive into psychology with practical applications."—Library Journal "Pillay cites an intriguing range of brain studies to support his argument, and his case studies of individuals with whom he has worked provide useful insights."—Kirkus Reviews "Dr. Srinii Pillay offers a brilliant, deeply researched, and even more deeply imagined blueprint for using one's full mental armamentarium, conscious, unconscious, and all the undiscovered rest! A fantastic book!"—Edward M. Hallowell, M.D., co-author of *Delivered from Distraction* "Dr. Pillay's new book will help you create a new, fun, more playful destiny and unlock your brain's inner potential."—Daniel G. Amen, M.D., co-author of *The Brain Warrior's Way* "This book not only gives you license to step off the hamster wheel of focus, focus, focus, but it will show you how to strategically and productively do so."—JJ Virgin, author of *JJ Virgin's Sugar Impact Diet* "This brilliant book shows how to manipulate your brain to alternate between intense concentration and deliberate mind-wandering."—Mark Robert Waldman, co-author of *How God Changes Your Brain*

The advice and exercises in *If You Can Doodle, You Can Paint* helps you dig into your creative life to find a style that is authentically yours. *If You Can Doodle, You Can Paint* was named one of Library Journal's Best Crafts & DIY Books of 2017! *If You Can Doodle, You Can Paint* looks at the small, impromptu doodles we make on a daily basis as resources; treasures from which we can create full-sized paintings. Even if you don't consider yourself a doodler, the exercises and

techniques in this book will give you a fun way to tap into your personal style. The invitation starts with a pencil as you work through doodle assignments. Eventually, you will learn how to size up and combine these doodles into larger compositions. Then, you will begin mixing it up with watercolor paints and, finally, with acrylic paints. In *If You Can Doodle, You Can Paint* we will: Dig for treasure/doodle Observe, arrange, and study Make folded books for doodle-ready surfaces Copy your images with hand/eye coordination Scan and enlarge your doodles Add color combinations with colored pencil and acrylic paint Create compositional grid paintings, and Create a large complete painting! So what are you waiting for? Grab some pens and paints and get creative!

Over 1,000 journal pages presented in one beautiful full-color book Journals offer their makers a safe place to dream, doodle, rant, and reinvent themselves. They offer viewers rich, visual inspiration. There is a fascination with these revealing and often beautiful pages of self-exploration and personal expression. Journals offer a tantalizing, voyeuristic view of an interior life. This would be the first book to offer examples of over 1000 journal pages in one eye-catching, visual format, and would attract a wide swathe of artists who fully embrace or experiment with this medium. Journaling has seeped into popular culture in a big way and this collection provides a wide array of ideas, techniques and themes to inspire and inform mixed media and journaling enthusiasts.

Jump Start Your Business Brain details data-proven methods that can make your sales, marketing and business development measurably more effective. What makes this book unique is that the methods detailed are backed up with hard data. They're grounded in statistical analysis of the success and failures of more than 4,000 new products and services, and more than 6,000 innovation teams. The research quantifies the impact of a back-to-basic, customer-focused approach to sales, marketing and business development. The research also uncovers news regarding how you can measurably increase effectiveness in today's super-competitive, time-compressed and overstressed marketplace. It's the perfect book for today's up-and-coming executive.
