

Dragonlings Easter Valdier Book 1 1

Book 1: Abducting Abby The beginning of an epic saga! Discover new worlds, clashes of cultures, schemes of power, revenge, rescues, and above all, hope. . . . Abby Tanner was content to live on her mountain creating works of art and enjoying the peace and quiet until a golden space ship crash lands with the King of the Valdier inside, desperately hurt. Zoran Reykill knew he had to find a safe place to heal after he escapes from a Curizan military post. When his symbiosis Mothership takes him to an unknown planet he finds more than he expects — he finds his true mate. The only problems are Abby doesn't understand a thing he says and the local sheriff wants her, too. Book 2: Capturing Cara Cara Truman is a pint-size pistol whose inquisitive nature has gotten her into trouble on more than one occasion, but this adventure took her farther than she ever expected — on a journey out of this world! Trelon Reykill thought he had his hands full. A militant group of Curizans had captured his brother Zoran, and he was busy trying to fortify the Valdier defenses against the Sarafin Warriors, even as his dragon was roaring for him to find a mate. He was furious about the first, excited about the second, and pissed about the last. The last thing he expected to find on the primitive planet his brother has taken refuge on was his true mate. Now, he has a whole new set of problems. . . capturing Cara long enough to make her his. His symbiot loves her, his dragon wants her, and he can't catch her. On top of all that, someone is trying to kill her. Book 3: Tracking Trisha Trisha Grove enjoyed her job as a pilot for Boswell International but realized something was still missing from her life—her family. She was ready to call it quits and head back home to Wyoming where her father lives, when her last flight for Boswell ended with an unplanned trip out of this world. Trisha isn't sure at first what is real and what isn't, but she is determined to get back to her dad no matter what it takes. Kelan Reykill is the fourth son in the royal line of Valdier. Commander of the V'ager, one of the largest Valdier warships, he prides himself on his strict self-discipline, his ability to remain in command in any situation, and his skill at handling any challenge. That is, until he meets a stubborn human female from the primitive planet his older brother sought refuge on. Internationally acclaimed S.E. Sergi Lazaroff is a weapons expert and a spy for the Russian FSB. Assigned to the Project Gliese 581g exploration team as a mission specialist, his job was supposed to be simple—learn all he could about the man-made object in space that no one from Earth made, and return home to convey that valuable information to the FSB. When he wakes up on an alien planet in an escape pod, Sergi knows the last part of his mission will be impossible. Instead, he'll have to use every trick he has to survive in a world where he doesn't know the rules. La'Rue Gant has landed on a planet belonging entirely to assassins for one reason only: one of the mysterious pods that everyone is looking for landed here. It's worth a lot of credits, and she currently needs credits so desperately that she'll even take them from the Director of the Legion himself: Andronikos. In the meantime, she's trying very hard not to think about how many lives Andronikos has destroyed in this ridiculous war, or why he's so interested in someone bringing him these pods, because she needs to collect this bounty! The pod itself was surprisingly not difficult to find, but actually getting it to her ship when the competition and the previous occupant of the pod are larking about. . . is proving a bit difficult. . . really, really difficult. The hunter becomes hunted, and nothing is turning out like La'Rue thought it would. . . . Caught in the middle of an alien civil war, two fighters from vastly different backgrounds must come together to fight for the survival of the Knights of the Gallant Order as the Legion forces close in around them. Can they slip through the traps set up to snare them, or will the Legion Director finally capture not one, but two of the prophesied ancient Knights of the Gallant Order? Jacob Tucker enjoys building up the ranch which he and his twin brother, Jonathan, had settled. Sure, there were dangers – rustlers, the harsh environment, Indians – but he wouldn't trade it for anything in the world. He is happy with life in the Montana territory. New York Times and USA TODAY Bestselling author of Science Fiction, Urban Fantasy, and Paranormal Romance brings another action, adventure, and suspense-filled story to transport readers out of this world. Ristéard Roald is the powerful and deadly ruler of Elpidios, a planet that is slowly dying without the Blood Stones needed to absorb the radiation gradually destroying its stratosphere. He has sworn to do whatever it takes to protect his world and his people, but time is running out. Hope comes from an unexpected source, the Kassis. They have found a way to replicate the Blood Stones needed to save his world, but his first dealings with a traitorous Kassisian has left a deep distrust for the species. Ricki Bailey is used to dealing with diplomats and handling complex situations. After all, as the daughter of the owners of Cirque de Magik, the most spectacular Circus to the Stars, she is used to organizing their trips to foreign countries. Her life changes when her mother and father decide to take the circus to the real stars... and to another star system! If she thought learning new laws and customs was going to be a challenge, it was nothing to the sudden interest she was getting from a huge blue male known as the Grand Ruler! Ricki discovers words that she didn't even realize were in her vocabulary, most of them not in the least polite. She decides the best way to deal with the arrogant male is to treat him like she did when encountering difficult Consuls during the circus' travels on Earth; stay cool, calm, and professional and only deal with the facts necessary to complete whatever business transaction was required. Ristéard is stunned when a strange, alien female, foretold in the ancient tablets as being the great Empress who will save his world, appears. He is even more astonished when she refuses his attentions! With the life of his planet at stake, not to mention his own peace of mind and body, he will do whatever is necessary to ensure the female stays by his side. Yet, there are forces working against him and Ricki, powerful forces that do not want him to be successful. Dangers and traitors among his own council threaten not only him, but her. It will take all of Ristéard's resources, and a few unexpected allies, to complete the dangerous journey ahead of them. Can he keep his unwilling Empress safe from those that would destroy her? Better yet, can he save his world when there are those that would destroy it for the treasure of precious Blood Stones hidden somewhere beneath its surface?
