

Earth Science California Edition Prentice Hall

For all introductory Earth Science courses. Digital Content and Experiences Bring Earth Science To Life Ideal for undergraduates with little or no science background, Foundations of Earth Science provides a student-friendly, highly visual, non-technical survey of our physical environment with balanced, up-to-date coverage of geology, oceanography, astronomy, and meteorology.

Foundations of Earth Science is the brief, paperback version of the best-selling Earth Science by Lutgens and Tarbuck, and designed for introductory courses in Earth science. The new Eighth Edition facilitates active learning by incorporating learning objectives throughout each chapter to provide students with a structured learning path. The learning path is tied to chapter objectives, giving students opportunities to demonstrate their understanding at the end of each section. The Eighth Edition uses the BouncePages image recognition app (available at no charge on both iOS and Android stores) to connect students' digital devices to the print textbook, enhancing their reading and learning experience. Lutgens/Tarbuck's innovative SmartFigures feature has been expanded, adding new digital content via Project Condor, Mobile Field Trips by Michael Collier, Animated Figures, and additional tutorial videos from Callan Bentley. This edition also includes MasteringGeology, the most complete, easy-to-use, engaging tutorial and assessment tool available. Also Available with MasteringGeology(tm) MasteringGeology is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results.

Interactive, self-paced tutorials provide individualized coaching to help students stay on track. With a wide range of activities available, students can actively learn, understand, and retain even the most difficult concepts. Note: You are purchasing a standalone product; MasteringGeology does not come packaged with this content. Students, if interested in purchasing this title with MasteringGeology, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MasteringGeology, search for: 0134127641/ 9780134127644 Foundations of Earth Science Plus MasteringGeology with eText -- Access Card Package Package consists of: 0134184815 / 9780134184814 Foundations of Earth Science 0134251881 / 9780134251882 MasteringGeology with Pearson eText -- ValuePack Access Card -- for Foundations of Earth Science Provides many approaches to help students learn science: direct instruction from the teacher, textbooks and supplementary materials for reading, and laboratory investigations and experiments to perform. It also provides for the regular teaching and practice of reading and vocabulary skills students need to use a science textbook successfully.

Designed to accompany Tarbuck and Lutgens' Earth Science and Foundations of Earth Science, this manual can also be used for any Earth science lab course and in conjunction with any text. It contains twenty-four step-by-step exercises that reinforce major topics in geology, oceanography, meteorology, and astronomy.

A spectacular and erotically charged psychological novel from the acclaimed author of Being There and The Painted Bird. George Levanter is an idea man, a small investor, an international playboy, and a ruthless dealmaker whose life is delivered in a series of scorching encounters, each more incredible than the last. From Moscow to Paris, from a Manhattan skyscraper to a California mass murder, Blind Date is a dizzying vision of life among the beautiful people and the thrill-seekers that shows Jerzy Kosinski at the height of his power.

"Kosinski's vitality and inventiveness are as irresistible as ever."
