Estate And Financial Planning For
Estate planning and financial planning are both important—but for different reasons. Ideally your financial planner, estate planning attorney, and tax advisor will work together to ensure that they are creating a comprehensive plan that will

Page 13/110

estate-and-financial-planning-for-people-living-with-copd

deliver the best outcome.

Differences Between Financial Planning and Estate Planning

Estate planning involves planning how to
pass on your assets to the next generation

Page 14/110

estate-and-financial-planning-for-people-living-with-copd

in the most effective way. A significant part of this will usually be minimising Inheritance Tax. This could be achieved by using allowances, making gifts, setting up life insurance or simply spending your money.

Estate Planning, Inheritance Tax Advice & Asset Protection

Estate planning also includes elements beyond financial assets, including who can make health care decisions on your behalf, open your mail, care for your

Page 16/110

estate-and-financial-planning-for-people-living-with-copd

pets, etc. Financial planning includes assessing a person ' s current financial goals, including the review of investment accounts and business investments.

Financial Planning vs. Estate Planning:

Page 17/110
