In the X Window System, the X Nonrectangular Window Shape Extension allows windows to be given arbitrary, non-rectangular shapes. Two well-known applets that use the shape extension are oclock, which is a simple round analog clock, and xeyes, which shows two googly eyes that follow the cursor on the screen as if they were watching it. Most X systems have one or the other (or both) in their standard installations.

Shape extension—Wikipedia

The extension of a set is the set itself. That a set can capture the notion of the extension of anything is the idea behind the axiom of extensionality in axiomatic set theory. This kind of extension is used so constantly in contemporary mathematics based on set theory that it can be called an implicit

Extension (semantics)—Wikipedia

There are many ways in which the self takes shape (e.g., Baumeister, 1998, Leary and Tangney, 2011, McAdams, 2013, Mead, 1934); but, one of the most basic forms of self-specification may be the extension of the self into entities within and beyond the physical body, such as people, places and things (Allport, 1937, Belk, 1988, James, 2013, McClelland, 1951, Prelinger, 1959).

The SHAPE file which is being opened is infected with an undesirable malware. The computer does not have enough hardware resources to cope with the opening of the SHAPE file. Drivers of equipment used by the computer to open a SHAPE file are out of date.

File extension SHAPE—Simple tips how to open the SHAPE file:

Pentatonic scale extensions are a good way to move out of the common box patterns typically used the learn the scale. The extended pentatonic scale naturally creates a flow that helps us break out of the feeling of being "trapped" when strictly playing within the boxed patterns and allows you to seamlessly move between scale positions.

Extended Pentatonic Scale: Break Out of the Pentatonic Box

Cut out various paper shapes and duct tape on the floor. Have your children walk, hop, or skip on the shapes when music is playing. When the music stops, children must stop and shout out the name of the shape they are on. Published by: Lindsay, A., 2020, Musical Shapes, Extension | University of Nevada, Reno, CM-2020-3038
