

Ford Territory Bluetooth Phone Manual

I got a 2008 Ford G6E today and I have been unable to connect my phone to the bluetooth system. When I go into the settings, I can see the phone heading but I cannot click on it. It was a Telstra car and looks like they had a phone kit in it previously as there is 2 discrete screw holes in part of the dash.

I Picked up my BF MKII XR6 today and it has the factory Bluetooth installed. I have an iPhone 3G and it works well for phone calls however it also plays the music through the bluetooth too!! I'm trying to find a solution for it to stop as the quality is pathetic for music. Ended up turning off Bluetooth and plugging in to the AUX connection.
