Ford's sporty six kept up the performance image but had a thrifter LPG variant. New Having dropped its V8 in the 1980s, Ford went looking for a suitable model on which to hang its performance credentials. The answer was the XR6, a six-cylinder sports sedan created more in the European style than the earlier GTs that

No more huff for Ford's turbocharged XR6, but a new look and better value add to the appeal of the last of an Aussie legend. WHAT IS IT? The fastest six-cylinder Falcon in the updated FGX range (for now, at least; Ford has left the door open to fit the 310kW version of the same engine previously reserved for FPV models).

Ford chopping off two cylinders to make a four-pot Falcon is like being told your private parts are obsolete and by government decree will be removed.. That will upset most men - but particularly those who are not married and still have a reason. Despite the launch of a 2-litre, four-cylinder engine Falcon model, Ford still has a reason to make a decent six-cylinder version, especially the ...

The XR6 has been a winner for Ford almost from the moment it was first introduced in 1992 with the EB Falcon. Today, it's the XR6 that spells Ford performance, as much as any model in its range, it's the affordable performance car for the masses. The BF XR6 continued the theme when it was introduced in 2005.
