Fundamentals Of Game Design 2nd

To create a great video game, you must start with a solid game design: A well-designed game is easier to build, more entertaining, and has a better chance of succeeding in the marketplace. Here to teach you the essential skills of player-centric game design is one of the industry ' s leading authorities, Ernest Adams, who offers a first-hand look into the process, from initial concept to the final tuning.

Fundamentals of Game Design, 2nd Edition - Pearson

Construct a game ' s core mechanics and flow of resources (money, points, ammunition, and more). Develop appealing stories, game characters, and worlds that players will want to visit, including persistent worlds. Work on design problems with engaging end-of-chapter exercises, design worksheets, and case studies. Make your game accessible to broader audiences such as children, adult women, people with disabilities, and casual players.

Fundamentals of Game Design, Second Edition [Book]

Now in its third edition, the classic book on game design has been completely revised to include the latest developments in the game industry. Readers will learn all the fundamentals of concept development, gameplay design, core mechanics, user interfaces, storytelling, and balancing.
