George Catlin developed great respect
for the Indians in the course of his
travels, and he mourned a way of life
that seemed to be vanishing as quickly
as he could reproduce it. The artist
captured that loss in his double portrait
of an Indian chief he met named
“ Pigeon ’ s Egg Head. ”

George Catlin was an American
lawyer, painter, author, and traveler,
who specialized in portraits of Native
Americans in the Old West. He also
researched and documented their views
on mouth breathing. Traveling to the
American West five times during the
1830s, Catlin wrote about and painted
portraits that depicted the life of the

Plains Indians. His early work included engravings, drawn from nature, of sites along the route of the Erie Canal in New York State. Several of his renderings were publ

George Catlin - Wikipedia

In 1832, artist and lawyer George Catlin made the first of four trips into American Indian country. His ambition was to paint every tribe.

George Catlin is best remembered for his extensive travels across the American West, recording the lives of Native Americans in a collection of images the artist called his Indian Gallery.

George Catlin | Smithsonian American Art Museum
Biography. George Catlin was born in Wilkes-Barre, Pennsylvania. Following a brief career as a lawyer, he produced two major collections of paintings of American Indians and published a series of books chronicling his travels among the native peoples of North, Central and South America. Claiming his interest in America's 'vanishing race' was sparked by a visiting American Indian delegation in

Philadelphia, he set out to record the appearance and customs of America's native people.
