Ocean's 11 meets Spy School in this hilarious illustrated middle-grade series featuring the world's greatest minds. "Let the official record show that, I, Nikki Tesla, did not intend to destroy the world." There are only so many times a kid can invent an instrument of global destruction without getting grounded. So when Nikki's death ray accidentally blows up her bedroom (if you can call a pet ferret with an itchy trigger finger an accident), she's sent to the only place that can handle her. Genius Academy is a school for history's greatest brains. Leo da Vinci? Charlotte Darwin? Bert Einstein? All extraordinary. Yet even among her fellow prodigies, Nikki feels like an outsider thanks to a terrible secret she can't let anyone discover. Ever. But when her death ray is stolen, Nikki must stop worrying about fitting in and learn to play nice with her new classmates. Because it doesn't take a genius to track a thief around the world, outwit the authorities, and keep a French fry-fanatic ferret happy. It takes all of them.

#1 NATIONAL BESTSELLER • Saving the world is a test no school of magic can prepare you for in the triumphant conclusion to the New York Times bestselling trilogy that began with A Deadly Education and The Last Graduate. The one thing you never talk about while you 're in the Scholomance is what you 'll do when you get out. Not even the richest enclaver would tempt fate that way. But it 's all we dream about; the hideously slim chance we 'll survive to make it out the gates and improbably find ourselves with a life ahead of us, a life outside the Scholomance halls. And now the impossible dream has come true. I 'm out, we 're all out—and I didn 't even have to turn into a monstrous dark witch to make it happen. So much for my great-grandmother 's prophecy of doom and destruction. I didn 't kill enclavers, I saved them. Me and Orion and our allies. Our graduation plan worked to perfection: We saved everyone and made the world safe for all wizards and brought peace and harmony to all the enclaves everywhere. Ha, only joking! Actually, it 's gone all wrong. Someone else has picked up the project of destroying enclaves in my stead, and probably everyone we saved is about to get killed in the brewing enclave war. And the first thing I 've got to do now, having miraculously gotten out of the Scholomance, is turn straight around and find a way back in.

Gerry Faust won more hearts than games. He came to Notre Dame as the high school coach from Cincinnati's Moeller High School, such a perfect fit for Notre Dame that it seemed almost too good to be true. It was. Faust admits his mistakes, which include the manner in which he put together his first coaching staff, changing Notre Dame's offense, even feeling sorry for himself. He explains how he could beat Southern Cal, but not Air Force and Purdue. An optimist to the end, Faust took on, if anything, an even greater challenge when he left Notre Dame. He became coach at the University of Akron, a program where, unlike at Notre Dame, not everyone wanted him to succeed.
