

Gurdjieff Enneagram And The Fourth Way Kheper

When Maurice Nicholl was studying in Zurich, he met Jung, and Ouspensky. He went on to study with Gurdjieff, and from 1931 to his death in 1953, he began at Ouspensky's request, a programme of work devoted to passing on the ideas he had received. Reissued in hard cover, these five unedited commentaries are taken from the weekly lectures and talks Nicholl gave to his students in England and which were recorded verbatim; the sixth volume is an index produced by the Gurdjieff society Washington DC. These differ from Nicholl's more polished works - they are more concerned with directly applying certain deep ideas to daily life.

This book is an attempt to explore various aspects of the enneagram, the symbol that G. I. Gurdjieff introduced to the modern world, and which he stated represented a complete description of the laws governing the universe. Because of the importance he attached to it, it has long intrigued followers of his teaching, and others, yet the understanding of its meanings remains very incomplete. In particular, how it relates to modern mathematical and scientific descriptions of the laws governing the universe has largely been unexplored. This book tries to find connections between these two approaches to the truth, while also recognizing and exploring the differences between knowledge based on symbols and that based on scientific theories and mathematical formulae.

Most of us spend a lifetime trying to figure out who we are and how we relate to others and God. The Enneagram is here to help. Far more than a personality test, author Chris Heuertz

teaches us that the Enneagram is a sacred map to the soul. Lies about who we think we are keep us trapped in loops of self-defeat, but the Enneagram uniquely reveals nine ways we get lost, as well as nine ways we find our way home to our true self and to God. Whether you are an enthusiast or simply Enneagram-curious, this groundbreaking guide to the spiritual depth of the Enneagram will help you: Understand the "why" behind your type beyond caricatures and stereotypes Identify and find freedom from self-destructive patterns Learn how to work with your type toward spiritual growth Awaken your unique gifts to serve today's broken world Richly insightful and deeply practical, The Sacred Enneagram is your invitation to begin the journey of a life transformed. Praise for The Sacred Enneagram: "Integrated within these pages is Chris's extensive knowledge and understanding of this ancient tool, along with depth in his teaching of contemplative spirituality as practiced by Jesus. Readers are offered a powerful way forward in their unique journey of spiritual transformation through aligning Christian contemplative prayer postures to specific Enneagram types." --Nina M. Barnes, Dean of Spiritual Formation & Leadership, University of Northwestern-St. Paul "The Sacred Enneagram is a groundbreaking contribution to the Enneagram community, providing unique spiritual growth insights for all nine types. If you're not yet convinced of the value, depth, and accuracy of the Enneagram, Chris demystifies and makes this ancient wisdom more accessible than ever." --George Mekhail, pastor, The Riverside Church NYC

Over one hundred years ago in Russia, G. I. Gurdjieff introduced a spiritual teaching of conscious evolution—a way of gnosis or “ knowledge of being ” passed on from remote

antiquity. Gurdjieff ' s early talks in Europe were published in the form of chronological fragments preserved by his close followers P. D. Ouspensky and Jeanne de Salzmann. Now these teachings are presented as a comprehensive whole, covering a variety of subjects including states of consciousness, methods of self-study, spiritual work in groups, laws of the cosmos, and the universal symbol known as the Enneagram. Gurdjieff respected traditional religious practices, which he regarded as falling into three general categories or “ ways ” : the Way of the Fakir, related to mastery of the physical body; the Way of the Monk, based on faith and feeling; and the Way of the Yogi, which focuses on development of the mind. He presented his teaching as a “ Fourth Way ” that integrates these three aspects into a single path of self-knowledge. The principles are laid out as a way of knowing and experiencing an awakened level of being that must be verified for oneself. The systemic and processual Foundations of Gurdjieff's Enneagram

The Enneagram of G. I. Gurdjieff

Essence and the Enneagram

The Wisdom of the Fourth Way: Origins and Applications of a Perennial Teaching

The Essential Enneagram

Secrets of the Fourth Way

For a series of carefully selected words like Art, Conscience, Duty, Education, Understanding, the author of this revised edition provides quotations not only from G. I. Gurdjieff's own works, but also from the writings of Ouspensky, Orage, C. S. Knott, and Kenneth Walker among others. Quotations from students of

Gurdjieff are all the more important as his own writings are sometimes difficult to understand. Included are appendices setting out the author's interpretation of some of Gurdjieff's fundamental ideas, such as the trogoautoegocratic process.

A treatise to better understand the mathematics present in the symbol of the Enneagram, and to restore its original meaning according to the system of G.I. Gurdjieff. The positional decimal system and the law of seven, the meaning of zero, the mathematics hidden behind the cosmogony of the Fourth Way, the connection of the Pythagorean Tetraktys with the two fundamental laws, the genesis of time and space, the enneagram from the point of view of the sacred dances, the exact tuning of musical instruments, the meaning of the periodic decimal numbers in the law of the octave, the sacred numbers of the Pythagorean tradition, and various other topics, are presented in this work with clarity and simplicity.

Scores of books exist about the life and teachings of the Russian spiritual visionary G.I. Gurdjieff (~1866-1949), yet few devote significant coverage to “ the Gurdjieff Movements. ” These several-hundred precise and mostly asymmetrical gestures, arranged into detailed choreographies for groups of practitioners, were designed by Gurdjieff himself. This new book reconsiders the eminent role of the Movements, revealing them as a vital yet often-neglected component in the transmission of Gurdjieff ’ s legacy. Van Dullemen, whose first Movements ’ teacher received her instruction from Gurdjieff himself, is in a unique position to offer background, theory and first-hand experience about this subject. He is a professional musician and a long-time practitioner of the Gurdjieff

work who trained in these Movements and served as a master accompanist for the practice for over thirty years. “ No book can teach the Movements, ” the author clearly asserts. And, he makes no such attempt here. Far from an instruction manual, *The Gurdjieff Movements, A Communication of Ancient Wisdom*, offers invaluable insight into and greater understanding of the whys and wherefores of this fourth arm of the vast teaching that comprises Gurdjieff ’ s complete communication: his books, his oral teachings, his music and finally his Movements. Along with fascinating stories of his own journey of discovery, van Dullemen has skillfully integrated: – autobiographical descriptions of the master Gurdjieff – interviews with direct pupils of Gurdjieff – diligent research within a wide range of firsthand sources – descriptions of the scientific, cultural and social climate during Gurdjieff ’ s time, and – the relationship between these and his teaching. The book is also a rare accomplishment. While highly authoritative, it is nonetheless written in a direct style with clear language, making it accessible to the public at large who may have interest, but little background, in this esoteric science and practice.

Explains the full potential of the nine-pointed symbol first popularized by G. I. Gurdjieff and applies the insights of the enneagram to a series of topics ranging from the solar system to science fiction movies

This teacher of the Fourth Way Tradition shows how self-remembering, similar to Buddhist mindfulness and Orthodox non-attachment, relates to every aspect of the student's life and work. This book gives Burton's students an accurate transmission of his teaching on the core idea of self-remembering.

Unique in the spiritual literature, this book is destined to become a classic.

A groundbreaking exploration of the spiritual dimension of working with the enneagram by one of its earliest students and teachers in America. Here is one of the first books to explore in an authentic and comprehensive way the original spiritual dimension of the enneagram. Among the most knowledgeable teachers of the enneagram in America, Sandra Maitri shows how the enneagram not only reveals our personalities, but illuminates a basic essence within each of us. She shows how traversing the inner territory particular to our ennea-type can bring us profound fulfillment and meaning, as well as authentic spiritual development.

It would be impossible for most of us to spend a day without coming into direct or indirect contact with dozens of people family, friends, people in the street, at the office, on television, in our fantasies and fears. Our relationships with others are the most changeable, infuriating, pleasurable and mystifying elements in our lives. Personality types, based on

the ancient system of the Enneagram, will help you to enjoy more satisfying and fulfilling relationships in all areas of your life by introducing you to the nine basic personality types inherent in human nature. This knowledge will help you better understand how others think and why they behave as they do, as well as increasing your awareness of your own individual personality. Written by the leading world authority on the Enneagram, it offers a framework for understanding ourselves and those around us, as well as a wealth of practical insights for anyone interested in psychology, counselling, teaching, social work, journalism and personal management. Father, Son, and Holy Spirit. In this formula that Christians recite as though on autopilot lie the secrets for healing our world, rekindling our visionary imagination, and manifesting the Kingdom of Heaven on earth. It's an astonishing claim, but one that is supported by Cynthia Bourgeault's exploration of Trinitarian theology—and by her bold work in further articulating the deep truth it contains. She looks to the ancient concept in light of the ideas of G. I. Gurdjieff and Jacob Boehme to reveal the Trinity as the "hidden driveshaft" within Christianity: the compassionate expression of the Uncreated Reality in creation.

The Gurdjieff Movements

P. D. Ouspensky's classic work *In Search of the Miraculous* was the first to disseminate the ideas of G. I. Gurdjieff, the mysterious master of esoteric thought in the early twentieth century who still commands a following today. Gurdjieff's mystique has long eclipsed Ouspensky, once described by Gurdjieff as "nice to drink vodka with, but a weak man." Yet Ouspensky was a brilliant, accomplished philosopher in his own right, and some consider his meeting with the charismatic "Mr. G." the catastrophe of his life. Indeed, in subsequent years Ouspensky tried hard, with limited success, to break away. This book moves Ouspensky's own story center stage, against the backdrop of the Russian Revolution, the dervishes of Constantinople, and a cosmopolitan Europe entre deux guerres. The archetypal encounter it describes echoes that of Don Juan and Castaneda, or perhaps Mephistopheles and Faust. One of the great mystical adventures of our time, it will fascinate everyone interested in the farthest reaches of what it means to be human. The paperback edition includes a new chapter on Gary Lachman's own former work in Gurdjieff's psychology. A comprehensive account of the influence of

occult beliefs and doctrines on intellectual and cultural life in twentieth-century Russia.

The First and Only Scientifically Determined Enneagram Personality Test and Guide A centuries-old psychological system with roots in sacred tradition, the Enneagram can be an invaluable guide in your journey toward self-understanding and self-development. In this book, Stanford University Medical School clinical professor of psychiatry David Daniels and counseling psychologist Virginia Price offer the only scientifically developed Enneagram test based upon extensive research combined with a self-discovery and personal-development guide. The most fundamental guide to the Enneagram ever offered, this book features effective self-tests to determine simply and accurately what your personality type is. Daniels and Price provide step-by-step instructions for taking inventory of how you think, what you feel, and what you experience. They then guide you in your discovery of what your type means for your personal well-being and your relationships with others, and they show you how to maximize your inherent strengths. Brimming with empowering information for each of the nine personality types—Perfectionist, Giver, Performer, Romantic, Observer, Loyal Skeptic, Epicure, Protector, and Mediator—this one-of-a-kind book equips you with all the tools you need to dramatically enhance your quality of life.

This Essay follows Gurdjieff's challenge: "Take the understanding of the East and the knowledge of the West - and then seek!" "Enneagram & Transformation" is dedicated to the knowledge/science of the West, by examining and describing the systemic and processual foundations of the Enneagram. The result is the acknowledgement of the Enneagram as a universal Metamodel whose rules can be applied to analyze the most complex issues. The explanations presented in "Enneagram & Transformation" confirm what Gurdjieff taught his students in St. Petersburg: "Generally speaking, one must understand that the Enneagram is a universal symbol. All knowledge can be summarized in the Enneagram and interpreted with the help of the Enneagram. And so you can say that you only know, or understand, what you can insert into the Enneagram. What you can not fit into the Enneagram is not understood. "An additional way for further model creation is the extended form of the Enneagram based on relevant Gurdjieff's quotes - the EN-Cosmogram©.

Four in-depth lectures on the essence of the Fourth Way ideas, their practical application for psychological and spiritual development, and their relationship to Christianity. An extensive glossary is also included. The Fourth Way was developed by G.I. Gurdjieff, P.D. Ouspensky, and Maurice Nicoll.

The Socratic injunction, "Know Thyself," is the foundation for all work on selfdevelopment. Susan Zannos opens an illumination window on human behavior and temperament in her study of the basic human essence types. These types differ so much from each other, and are so greatly modified by the dominant type of intelligence operating in a particular person, that persistent and prolonged selfobservation is required to verify one's own type, or to recognize others. Recognition of these types and the division between essence and personality is the foundation upon which practical work on oneself begins. Zannos Describes the basic human essence types with the hope of helping those who want to understand what is most genuine in themselves and the people with whom they live. Zannos approaches human typology from a variety of perspectives, and ties the Gurdjieff Ouspensky Fourth Way system to a wide range of cultural, religious, and scientific traditions. She traces roots in Homeric legend and the Olympian pantheon through medieval astrology and the Qabalah, as well as discussing endocrinology and psychology. She points out resonances to C.G. Jung's psychology, the work of Piaget, and to Native American iconography. After exploring the four types of intellectual function, she launches an extensive discussion of the classic types of the Enneagram, leavened by personal anecdote and lively description. While this book will be of special interest to Fourth Way students, the information can help people from all walks of life who want to learn about themselves and the people they care for.

The main subject of this book is the relationship between sexual health and spiritual evolution. Specifically, the book focuses on Wilhelm Reich's discoveries regarding sexual health and George I.

Gurdjieff's concept of spiritual evolution. The thesis is that spiritual evolution, in Gurdjieff's sense, is not possible apart from sexual health as Reich determined it. Throughout the book, Brahinsky presents an in-depth discussion on Gurdjieff's conception of the evolution of consciousness, sex, Reich's discovery of the prime source biological life energy, the fundamental laws of world creation and world maintenance, the evolution and involution of consciousness, the food of impressions and the crystallization of the higher-being bodies, and finally, sexuality and evolution. Students of Reich and Gurdjieff will acquire the knowledge they need through this edifying book. For more information on Reich and Gurdjieff: Sexuality and the Evolution of Consciousness, interested parties may log on to www.Xlibris.com.

An application of Gurdjieffian principles to fully and properly activate the power of language • Explains the relationship between the Gurdjieff enneagram and sacred geometry and harmonics • Shows that the objective power of language--and art and music--lies in the ability to use symbols that will mean precisely the same thing to anyone • Includes a new English translation of René Daumal's essay "The Holy War" In *The Magic Language of the Fourth Way*, Pierre Bonnassee applies the esoteric teachings of Fourth Way mystic G. I. Gurdjieff and the insights of initiate René Daumal to show how to fully and properly activate the power of language. Bonnassee shows how words can regain the strange magical powers they possessed in the first days of humanity, when words created the realities of what they described. This is a far cry from today's world in which even writers lament the impotent nature of language. Bonnassee uses the relationship between the Gurdjieff enneagram and sacred geometry and harmonics to reveal the power given to words by the notes of the scale. He shows not only how to discover the objective power of words but also how to apply the relationship between language and living to maximum effect. He explains that the objective power of language--and art and music--lies in the ability to use symbols that will mean precisely the

same thing to anyone. The Magic Language of the Fourth Way serves as a clear and generous introduction to the complexities of Gurdjieffian thought as well as a descriptive how-to manual for Fourth Way aspirants on the uses of objective language for spiritual advancement.

Discover Your Soul Potential: Using the Enneagram to Awaken Spiritual Vitality shows how to use the Enneagram as a gateway into the full potential of your soul. With it, you can live with simplicity, clarity and compassion; you will feel inspired to create a new partnership between the ordinary and EXTRAordinary sides of your personality. Authors Kathy Hurley and Theodorre Donson combine insights from mystical traditions with contemporary psychology and their intimate knowledge of the Enneagram to provide this tool for ongoing growth. As part of their life quest to help people live from the power of their own souls, they explain how spiritual vitality can be the privilege, inheritance and responsibility of every human being. On our spiritual journey it seems our hearts yearn for us to know who we are, and the Enneagram is the clearest, most accurate method of understanding the personality traits of ourselves and others. It is based on the theory of three centres of intelligence: Intellectual, Relational and Instinctual, or more commonly referred to as Thinking, Feeling and Doing. Our personality is a unique configuration of the three capacities inherent in every person. Because of its practical approach, this groundbreaking book makes spiritual vitality easily accessible to all.

The Enneagram is a most helpful instrument in assisting persons to see themselves in the mirror of their minds, especially to see the images of personality distorted by compulsions and other basic attitudes about self.

A fresh vision on Gurdjieff's most important symbol - the Enneagram - used nowadays in all fields of life is offered by the brilliant author of *The Mythology of the Energy*, Mr. Adrian Mirel Petrariu, Ph.D. The information presented in this book is unique and the reader will have the chance to understand - through clear explanations and diagrams - the origin of Gurdjieff's symbol and its intricacies in order to begin to apply it in the daily life. A must-have for any serious seeker of truth in the gurdjieffian sense and one of the most important books on this subject written in the last decade.

The Universal Hieroglyph

A great deal of mystery surrounds G.I. Gurdjieff and "The Work." Today, many on the path of selfexploration find themselves drawn to the symbolism of the enneagram, and

to Gurdjieff's other teachings. Gurdjieff was undeniably charismatic many famous and influential people lived in his "shadow," accepting his guidance while changing and transforming their lives. *Shadows of Heaven* focuses on the relationship between Gurdjieff and the poet-novelist Nathan Jean Toomer, from 1924 until Gurdjieff's death in 1949, as well as each man's relationship with Edith Annesley Taylor and her son Paul, the author of this book. Caught in the middle of this tense triad of interests was the English critic-publisher A.R. Orage, who was close to all three parties, and whose wife, Jessie, was Edith's best friend. Paul Taylor's unique life experience has made it possible for him to combine his mother's memoir's conversations between Toomer and Gurdjieff, and entries from Jessie Orage's diary into this fascinating book. It is probably the first to reveal something of Gurdjieff's "love life" with the mothers of his children. Several new descriptions of Gurdjieff's voyages with his pupils reveal aspects of Gurdjieff's character not documented elsewhere. Excerpts from Jessie Orage's diaries testify to the magnetic attraction Gurdjieff exercised over those he felt were vital to the dissemination of his ideas. With 16 pages of never-before published photographs, this book presents a fresh new picture of Gurdjieff and his teaching, adding to his legend a tangible humanity to which we can all relate.

An important book on liberating ourselves from the state of "waking sleep" in which we live our lives, as taught by one of the most influential spiritual teachers of the 20th

century As the closest pupil of the charismatic spiritual master G. I. Gurdjieff (1866–1949), Jeanne de Salzmann was charged with carrying on his teachings of spiritual transformation. Known as the Fourth Way or “The Work,” Gurdjieff’s system was based on teachings of the East that he adapted for modern life in the West. Now, some twenty years after de Salzmann's death, the notebooks that she filled with her insights over a forty-year period (and intended to publish) have been translated and edited by a small group of her family and followers. The result is this long-awaited guide to Gurdjieff's teaching, describing the routes to be traveled and the landmarks encountered along the way. Organized according to themes, the chapters touch on all the important concepts and practices of the Work, including:

- Awakening from the sleep of identification with the ordinary level of being
- Self-observation and self-remembering
- Conscious effort and voluntary suffering
- Understanding symbolic concepts like the Enneagram
- The Gurdjieff Movements, bodily exercises that provide training in Presence and the awareness of subtle energies
- The necessity of a "school," meaning the collective practice of the teaching in a group

Madame de Salzmann brings to the Work her own strong, direct language and personal journey in learning to live that knowledge of a higher level of being, which, she insists, “you have to see for yourself” on a level beyond theory and concept. De Salzmann consistently refused to discuss the teaching in terms of ideas, for this Fourth Way is to be experienced,

not simply thought or believed.

Return from India. The war and the search for the miraculous. Old thoughts The question of schools. Plans for further travels. The East and Europe. A notice in a Moscow newspaper. Lectures on India. The meeting with G. A distinguished man. The first talk, G's opinion on schools. G's group. Glimpses of Truth. Further meetings and talks. The first definitive guide to using the wisdom of the enneagram for spiritual and psychological growth The ancient symbol of the Enneagram has become one of today's most popular systems for self-understanding, based on nine distinct personality types. Now, two of the world's foremost Enneagram authorities introduce a powerful new way to use the Enneagram as a tool for personal transformation and development. Whatever your spiritual background, the Enneagram shows how you can

overcome your inner barriers, realize your unique gifts and strengths, and discover your deepest direction in life. The Wisdom of the Enneagram includes: Two highly accurate questionnaires for determining your type Vivid individual profiles focused on maximizing each type's potential and minimizing predictable pitfalls Spiritual Jump Starts, Wake-Up Calls, and Red Flags for each type Dozens of individualized exercises and practical strategies for letting go of troublesome habits, improving relationships, and increasing inner freedom Revealing insights into the deepest motivations, fears, and desires of each type Highly accessible, yet filled with sophisticated concepts and techniques found nowhere else, The Wisdom of the Enneagram is a strikingly new fusion of psychology and spirituality. It offers an exciting vision of human possibility and a clear map of the nine paths to our highest self-expression.

Discover Your Soul Potential

Insights in to the teachings of G.I. Gurdjieff known as the Fourth Way, including their application for personal change and their roots in early Christianity. From the Preface: The

discovery of esoteric truth is our birthright as children of the universe. No teacher, no book, no system has the final word. Spirituality is meant to awaken the Higher Self who guides us onto a road of purpose, fulfillment and service. However it is packaged and marketed, the only true value of the product is the extent to which it leads us into the intimate depths of our own being where we can each verify, assimilate, and become the truths underlying all authentic wisdom teachings. A special Appendix features exceptional insight from author Reijo Oksanen and his studies connecting the Gurdjieff Work to the spirituality of Eastern Orthodox Christianity. Also included is a rare translation of the observations of Boris Mouravieff and his relationship to Gurdjieff and Ouspensky.

Becoming an Idiot... "Everyone who decides to work on himself is an idiot in both meanings. The wise know that he is seeking reality. The foolish think he has taken leave of his senses," John G. Bennett says. The famous "life teacher" and philosopher G. I. Gurdjieff (1866-1949) taught his developmental psychology for thirty years during daily ritual meals. In this book this special teaching gets published for the first time and is explained in a contemporary way. The "Science of Idiotism" puts out a challenge for those who are striving to get to the bottom of their own being – for those who want to become an Idiot in the original sense and step up the "ladder of reason" as Gurdjieff puts it. Bruno Martin found a key for interpreting the metaphorical descriptions of the 21 types of "Idiots" Gurdjieff used in the old Tarot of Marseilles and compares both teachings. Teaching stories from Sufism and Zen are further illustrating the meanings. Written in an inspiring and entertaining way the book gives an introduction in Gurdjieff's artful psychology and also instructions for

conducting a ritual meal with the toasts on the idiots, which can help to win new insights into the essence of the participants.

This is the Riso-Hudson Enneagram Type Indicator (RHETI) Version 2.5 in booklet form. The RHETI produces a full personality profile across all nine types. This provides you with a unique portrait, indicating the relative strengths and weaknesses of the nine types within your overall personality. From the author: For many years now, I have sought out and spoken to people who actually knew Gurdjieff, and others whom I respect for their dedication to the Work. Of course I asked them questions that were important to me personally, but I also tried to find out what in the Work was most vital for them. What was, in their opinion, the most important idea, method, form, direction, meaning, and how did they weight them? Finally, what was the sense and aim of this Work? Why does it, and why should it, continue to exist? What is, as Michel de Salzman asked, the specificity of the Work? What does the Work touch and develop that the many other teachings do not? This inquiry inevitably led to trying to understand this particular phase of our Work and what is required of you and me if the Work is to evolve, that is, to continue. This moment is connected with the whole life of the Work, yet it cannot all be lumped together. It is like building a house or raising a child; each phase must be attended to and respected. . . . As to what is most important, that is, the state of the Gurdjieff Work, and to, so-to-say "stir-up" in each reader the cognition that it is their personal duty to assure its continuation, along with some digressions into related areas that might interest him or her, that is the subject of this book. It reflects my viewpoint, nothing more and nothing less.
