Why I wrote this book: I was sick and tired of my life, my business, my girlfriend, and I was in a business where a business partner told me lies all day, so I did the same to him. I needed to get my life together. I needed something to motivate me. More specifically, I needed something to move me from this 'stuck' place I was in. One question changed my life. WHAT IF PROBLEMS WERE ALWAYS GIFTS? What if... What if every single problem really was a gift in your life? What if every problem you've ever had was life happening for you, not to you? What if everything in our lives is guided? What if everything in our lives was Devine timing?

Everything? Even the pain. When you are in the darkest place. When you feel like all is lost. When you think there is no way to turn it around. Victory is near. This book and your 30- Day Challenge will help reprogram the fundamental way you approach life, and the MEANING that you attribute to events. Let it change and improve you. There's nothing keeping you from enjoying a full, active and happy life!

A portrait of Muslim migrants adapting to a new world and a new understanding of their own religious and cultural identity in a European city. When Guinean Muslims leave their homeland, they encounter radically new versions of Islam and new approaches to religion more generally. In *Remaking Islam in African Portugal*, Michelle C. Johnson explores the religious lives of these migrants in the context of diaspora. Since Islam arrived in West Africa centuries ago, Muslims in this region have long conflated ethnicity and Islam, such that to be Mandinga or Fula is also to be Muslim. But as they increasingly encounter Muslims not from Africa, as well as other ways of being Muslim, they must question and revise their understanding of “proper” Muslim belief and practice. Many men, in particular, begin to separate African custom from global Islam. Johnson maintains that this cultural intersection is highly gendered as she shows how Guinean Muslim men in Lisbon—especially those who can read Arabic, have made the pilgrimage to Mecca, and attend Friday prayer at Lisbon’s central mosque—aspire to be cosmopolitan Muslims. By contrast, Guinean women—many of whom never studied the Qur’an, do not read Arabic, and feel excluded from the mosque—remain more comfortably rooted in African custom. In response, these women have created a “culture club” as an alternative Muslim space where they can celebrate life course rituals and Muslim holidays on their own terms. *Remaking Islam in African Portugal* highlights what being Muslim means in urban Europe, and how Guinean migrants’ relationships to their ritual practices must change as they remake themselves and their religion.

this tale of a woman ' s life gone completely off the rails. From her teenage years through young adulthood, we follow the starts and stops of a protagonist who plays with others ' lives like the strings on a violin. The music being heard, however, is a cacophony of trickery, treachery, and even homicide. In a contemporary narrative chronicled out of sequence, two people meet and fall in love. One is a pillar of honesty, graciousness, and compassion. The other is the epitome of falseness, amorality, and indifference. Their initial electric attraction to one another is powerful, but it begins to slowly disintegrate as events begin to snowball, events that shine a revealing light on secrets one tries desperately to keep hidden. Eventually, murder and more become part of what one will do to hold onto the other. How far can the bands of love stretch before they break violently? Author Taylor spins her yarn with a firm hand on the loom. She creates vivid characters that become instantly identifiable when she wants them to be, like the noble Terrance and the uncontrollable Natalie. She ' s also capable of making characters mysterious, such as the enigmatic Priyanka. Taylor keeps readers on their toes with shifting time frames and multiple points of view. Her pace is swift, with her prose filling in any comprehension crevasses, while her dialogue adds spice to the flesh and blood of the people populating her pages. book review by Joe Kilgore At What Cost- The pages are turning for Priyanka. Her beauty continues to hide her deceit but her past continues to chase her. Will she forget about Terrance in her new life and live her life as she always has by destroying those who love her and if so, at what cost to others; at what cost to herself? How long and how far can she run or hide from murder, treachery, and lies.

Week I - You will introduce your clients to the concept of a perceived identity and the impact this perceived identity has on the RESULTS your clients want to achieve. If your clients want to change any outcome, they must first change their perception of that outcome. And it all starts here, with their perceived identity! Week II - You will show your clients to the (r)evolving nature of their identity and the impact their perceived identity has on the RESULTS they want to achieve. If your clients want to change any outcome, they must first change the perception of "who they are"! And it all starts here, with the cycle of identity! Week III - If your clients don't control the way in which they are perceived, their identity will be at the mercy of those who judge, label, define and characterize them. In order to achieve the RESULTS your clients are looking for, they must first create a "Social MASK" for the person who would be successful. The person they must become! They must create a new Persona for success! Week IV - Your clients bring together the seven elements that are needed for the development of their new Persona. These are the elements that make up the profile of the "person who would be successful." Week V - You lead your clients to a Restore Point from where they can follow a different path to their Desired Outcome. A Restore Point from where they will start to create their new Persona! Week VI - Your clients will align their new

Persona with that of the "person who would be successful" by modeling their profile. Week VII - Your clients will align their new Persona with the RESULTS they want to achieve. This is how they measure their success! Week VIII - Every type of human interaction can be reduced to a single common denominator: COMMUNICATION! Week IX - As your clients continue to build the foundation for their new Persona, it's time to create a Code of Conduct for the "person who would be successful"! Week X - Your clients' new Persona is now a partially developed picture that needs to be completed by connecting the dots that link the various relationships your clients have with their INFLUENCERS. Coaching is always about VALUE and never about FEES! And the only VALUE your clients are interested in is measured by the RESULTS you deliver!"

What would your life look like if you could consistently bring in \$15, 20k, 50k or even \$100k or more a MONTH? What would your life look like if you were consistently bringing in high-paying, high-value clients you love working with and who appreciate you? I am going to give you what I found to be the winning formula I use myself and teach others to do. The BEAUTIFUL thing is, once you get things working right, you will have a rinse-and-repeat system you can count on to build a dream business. From there, you can scale and leverage your business to achieve an even higher level of success. Many coaches and consultants are out there flailing in the wind to try to have success. One month they have many clients with a high income but then they lose a couple of clients and they are back down again. Being on the income roller-coaster is no way to run or enjoy your business. My first business started in 1991 after leaving a thirteen-year corporate business management position to stay home and raise my babies. Making a move from the west coast to the Midwest to be closer to family, we clearly didn't think through all the obstacles we would face. Because of the financial struggles we experienced, I started my entrepreneurial journey that would span over twenty-nine years (as I am writing this book.) Over the twenty-nine years, I have built six businesses from the ground up and have sold five of them for significant profits. My coaching and consulting business is my sixth successful business. Over the years I have finally "dialed in" what it takes to have a multiple-six-figure or beyond coaching and consulting business you can love, helping clients get great results, making a great income, while still having freedom in your life. These things are why I am writing this

book for you. This book is for the success-minded coaches and consultants or professional service providers who want to reach a higher level in their business. In this book, I am going to provide you with a step-by-step strategic game plan to reach your next level. My hope is when you implement what you learn from this book it will help you change your business and your life. I'm going to teach you how to plan the business and income you want, how to get clients, how to deliver your services, and scale a coaching and consulting business. This book, "EXPERT IN YOU" - Build a Lucrative and Impactful Coaching and Consulting Business From Your Xpertise, is a strategic game-plan for you. There are plenty of coaches just getting started in their business and they may be earning a few thousand dollars a month on a consistent basis, but they are barely getting by. Making low monthly revenue makes it difficult financially to invest in themselves or their business for growth. A lack of financial resources will limit their influence, impact, and freedom. They ultimately can't scale their business because they don't have consistent leads, appointments, clients, or money. Many more coaches and consultants become trapped in the way they build their business and as a result, they struggle to have the freedom they desire or the money they deserve. This results in coaches having to work with difficult clients; taking anyone who can pay them (even if it is a little.) Because they struggle financially, they often aren't able to develop a working process or systems to reach higher levels of revenue or income. I am here to tell you that the strategies and plans I have put into this book are not the only way to build a lucrative business, but they are the effective strategies I use and teach that has allowed me to build a business beyond my wildest dreams, without sacrificing the quality of my life. You can have this too!

What is the best way to make money from your podcast?

You have a podcast, and you have always dreamed of using your podcast to land more clients for your high-ticket offer, but you have tried a lot of strategies with none working, or you don't even know what to do to achieve that. There are just three problems you need to solve to have many high-paying clients coming your way through your podcast. 1. Your most qualified and ideal clients don't know you or your podcast exist. 2. Your most qualified and ideal clients have a busy life with no time to click listen to your podcast. 3. You have been using your podcast (if you already have one) or planning to use your podcast (if you plan to start one soon) to focus on the audience side of podcasting that offers only big audience podcasters the chance to make big money. And to solve these problems, you need a viable, scalable, measurable system that will turn your podcast into a consistent pool that fills your sales pipeline with high-ticket clients. Yes! You should use systems - the right systems. Your podcast "gurus" will tell you to start a podcast and then try to get a lot of downloads to make money from your podcast. That will work – if you have a big email list and audience. But that's a dead-end strategy to bank on when you are selling high-ticket offers and when you don't have a big audience that can drive the sales you want. Podcasting to make it to the famed "New and Noteworthy", getting tons of downloads, and even having popular influencers as guests

to get more downloads do not work for selling high-ticket and high-value products or services. In this book, you will learn one simple but powerful and easy 30 to 40-minute podcast interview system you can start tomorrow to fill up your sales pipeline with tons of conversations with your ideal clients. And the best part? You don't even need an audience. You also don't need to care about getting tons of downloads for your podcast. Get a copy now!

Finally, the book that all professionals frustrated with fleeting client loyalty and relentless price pressure have waited for -- the first in-depth, client-tested guide to developing lasting business relationships. What separates extraordinary professionals from ordinary ones? Why are some professionals always drawn into their clients' inner circle of advisers, while others are employed on a one-shot basis and treated like vendors? Based on groundbreaking research, *Clients for Life* sets forth a comprehensive framework for how professionals in all fields can develop breakthrough relationships with their clients and enjoy enduring client loyalty. Drawing on insights from extensive interviews with both leading CEOs and today's most prominent client advisers, Jagdish Sheth and Andrew Sobel debunk the conventional wisdom about professional success -- "find a specialty, do good work" -- as hopelessly inadequate in a world where clients have unlimited access to information and expertise. The authors replace these tired conventions with an innovative blueprint, supported by over one hundred case studies and examples drawn from consulting, financial services, law, technology, and other fields, for how you can evolve from an expert for hire -- a commodity -- to an extraordinary adviser. Riveting portraits of both exceptional contemporary professionals and legendary advisers such as Aristotle, Thomas More, Niccolò Machiavelli, and J. P. Morgan reveal how great client relationships are achieved in practice. Readers will learn, for example, to develop

selfless independence, which tempers complete emotional, intellectual, and financial independence with a powerful commitment to client needs; to become deep generalists and overcome the narrow perspective caused by specialization; to systematically build lifelong trust; and to cultivate the power of synthesis -- big-picture thinking -- that is so highly valued by clients. Acclaimed by leading management thinkers, Clients for Life clearly illustrates the most important attributes and strategies of extraordinary client advisers and shows how you can use them to enrich your own relationships. It provides sophisticated professionals with the tools and insights they need to reap the rewards of lifetime client loyalty.

Huck is a page-turning, unforgettable true story of the tenacity of

one small dog, the unexpected, extraordinary kindness of strangers, and a family ' s devotion to each other. Michael was four when his relentless campaign for a dog began. At seven he made a PowerPoint presentation, " My Dog, " with headings like " A Childhood Without a Dog is a Sad Thing. " His parents, Janet and Rich, were steadfast; bringing a dog into their fast-paced New York City lives was utterly impractical. However, on a trip to Italy, a chance happening leads Janet to reconsider, a decision then hastened by a diagnosis of breast cancer. Janet decides the excitement of a new puppy would be the perfect antidote to the strain on the family of months of arduous treatments for her illness. The prospect of a new puppy would be an affirmation of life, a powerful talisman for them all. On Thanksgiving weekend, soon after the grueling months of treatments are over, Huck, a sweet, mischievous, red-haired, toy poodle joins the family and wins everyone ' s heart. A few months later the family ventures to baseball ' s spring training, leaving Huck with Janet ' s sister in Ramsey, New Jersey. Barely twenty-four hours into the trip, Janet receives the dreaded phone call: Huck has slipped through the backyard fence and run away. Broken-hearted and frantic, the family catches the first plane to New Jersey to begin a search for their lost puppy. It is a race against time, for little Huck is now lost in an area entirely unfamiliar to him, facing the threat of bears and coyotes, swamps and freezing temperatures, rain and fast cars. Moved by the family ' s plight, strangers – from school children to townspeople to the police lieutenant – join the search, one that proves to be an unyielding test of determination and faith. Touching and warm-hearted, Huck is a spirit-lifting story about resilience, the generosity of strangers, and hope.
