Find your Unique Voice with the Art of Musical Expression Are you curious about music and want to know how it is created? Do you love music and want to learn its foundation and begin a hobby or career as a musician? Have you ever had problems learning music theory or have you thought it was not necessary, boring or too difficult to learn? Are you tired of books that promise everything while delivering nothing? If you answered "yes" to any of these questions, keep reading. Music is a calling. Any great musician will tell you that it is an inseparable part of him/herself. But in order to practice it, you need to first learn to read and understand it. Sadly, some people do not commit themselves to the discipline and give up. Very few things are quite as exquisite as music. Music is the language of the soul and used to create symphonic poetry. It gives a voice to your personality so you can vibrantly communicate it with the world. But like any language, music needs to be learned before you can 'speak' it. This book will be your constant companion to help you get started quickly even if you're a complete beginner and know nothing about music theory. It will make you aware of your personal style and guide you from the ground up. Here's a preview of this amazing book, and what else you'll learn: A concise and clear teaching method for beginners What is music theory, and how you can uniquely develop as a musician by adopting it to suit your peculiar style An introduction to the philosophy of music, and what are the elements that comprise music theory Understanding the distinction between whether music is an art of a science, and what role does notation and timing have to play in it Know why is the staff important to explore the full capability of your musical instrument Get to know the nuances within intervals, scales and modes to help characterize your music How the major and minor keys can help you create a wide spectrum of musical notes and truly explore the art of your personal expression Varying patterns designed to help anyone learn music A bonus exercise book with over 25 exercises Self-assessment questions at the end of each chapter to guide you ... And much more! Whether you have decided to pursue music as a hobby or career or are thinking about it, it is the best investment you will ever make with your passion and time. Music will not only beautify your life but will also allow you to artfully express yourself and captivate the imagination of others.

This book is absolutely practical, fluid, and will show you how to do it and give you the tools and techniques you need to shine and delight your audiences. This book will inspire you to launch a brilliant passion as an aspiring musician. So, scroll up and click the "Buy now with 1-click" button and let's get you started!

She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? She Reads Truth tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, She Reads Truth is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.

Music notation is a language that has been developing for thousands of years; even the manner in which we read music today has been around for several centuries. In learning to read music, we encounter basic symbols for pitch, duration, and timing. As we advance, we learn about dynamics, expression, timbre, and even special effects. How to Read Music will introduce you to the basics, then provide more advanced information. As a final reward for all your hard work, you'll get a chance to play excerpts from three classic piano pieces. Topics include: pitch * rhythm * meter * special words and symbols * plus classical piano pieces by Bach, Mozart, and Beethoven.

Can't read music? Try Fiddle Tab. Fiddle Tab is a fun and easy way to learn traditional fiddle tunes with large, easy-to-read big notes with letters inside. Use the fiddle fingerboard tab charts or just read the big letter notes to learn tunes fast. Thirty of the most requested traditional tunes in a single collection. Bowing exercises, scales, numerous fingerboard arpeggio charts, and guitar chords also included. Tablature or "tab" is a fun way to get a quick start on the violin. Fiddle tab is a straightforward shorthand system of showing what notes to play. Once you learn how to read tab, you will be amazed at how fast you can learn a few simple tunes and build your confidence. Fiddle tab works in the first position where most traditional and Celtic fiddle tunes are played. If you do not intend to learn Paganini, then you should be fine with fiddle tab for a while. As you progress, you will eventually need to learn the "legit" way of reading music.
