In this wide-ranging exploration of the creation and use of Buddhist art in Andhra Pradesh, India, Catherine Becker examines how material remains and visual experiences shape and reveal essential human concerns. *Shifting Stones, Shaping the Past* addresses the fundamental Buddhist question of how humanity progresses centuries after the passing of its teacher, the Buddha Sakyamuni. How might the Buddha's distant teachings be made immediate and accessible? Beginning with an analysis of the spectacular relief sculptures that once adorned the stupas. Over a period of almost two millennia, many of these stupas have fallen into disrepair. While it is tempting to view these monuments as ruins, they are by no means "dead." Turning to the 20th and 21st centuries, Becker analyzes examples of new Buddhist imagery, recent state-sponsored tourism campaigns, and new devotional activities at the sites in order to demonstrate that the stupas of Andhra Pradesh and their sculptural adornments continue to engage the human imagination and are even ascribed innate power and agency. *Shifting Stones, Shaping the Past* reveals intriguing parallels between ancient uses of imagery and the new social, political, and religious functions of these objects and spaces.

*This Is Not an Atlas* gathers more than 40 counter-cartographies from all over the world. This collection shows how maps are created and transformed as a part of political struggle, for critical research or in art and education: from indigenous territories in the Amazon to the anti-eviction movement in San Francisco; from defending commons in Mexico to mapping refugee camps with balloons in Lebanon; from slums in Nairobi to squats in Berlin; from supporting communities in the Philippines to reporting sexual harassment in Cairo. *This Is Not an Atlas* seeks to inspire, to document the underrepresented, and to be a useful companion when becoming a counter-cartographer yourself.

India, a Travel Guide

This practical guide identifies the ingredients that make up Indian culture and uniquely translates them into useful tools to help Western commercial initiatives succeed. • Foreword by Marshall Goldsmith, bestselling author of *What Got You Here Won't Get You There: How Successful People become Even More Successful* • Explanation of 11 key cultural ingredients for doing better business in India, such as how to locate the dharma (duty) that pertains to each person in an organization • Easy-to-understand descriptions of Indian customs • Dozens of real-world cases that illustrate how each cultural ingredient works • An appendix covering cultural details specific to the major regions and cities with industries relative to American business interests **NEW YORK TIMES BESTSELLER** • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. "A loving invitation to live our best lives and a profound reassurance of why and how we can."—Sir Ken Robinson, author of *The Element, Finding Your Element, and Out of Our Minds: Learning to Be Creative* **NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH** The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want

them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

Hyderabad, the pearl city of India, is the capital of Telangana in Southern India. It sits on the banks of the Musi River and on the Deccan Plateau. Hyderabad and Secunderabad are "twin cities" near Hussain Sagar Lake (also known as Tank Bund in local parlance) but both cities have grown so much that now they have become one big metropolis. The city and district of Hyderabad are coterminous. Hyderabad district is entirely contained within the Ranga Reddy (formerly "Hyderabad Rural") district of Telangana. Many of the suburbs of Hyderabad have been merged into the city, now called Greater Hyderabad. A city rich with history and tradition, Hyderabad now competes with Bangalore and Chennai for the crown of India's IT capital; Microsoft and Google have their India headquarters here. Wink Travel Guides introduce you to the best world travel destinations, in a clear and concise way, illustrated by photos.

"A must-read for anyone interested in incorporating meditation into their lifestyle." —Sanjay Gupta, MD, chief medical correspondent for CNN Heartfulness is an ideal, a spiritual way of living by and from the heart that is inclusive of all ideologies, beliefs, and religions. In this heart-centered book, a student in conversation with his teacher, Kamlesh D. Patel—affectionately known as Daaji, the fourth and current spiritual guide of the century-old Heartfulness tradition—present a unique method of meditation with the power to facilitate an immediate, tangible spiritual experience, irrespective of a person's faith. Our modern, fast-paced world can be an overwhelming place. Every day, we're bombarded with messages telling us that in order to be happy, fulfilled, and worthy, we must be better, do more, and accumulate as much material wealth as possible. Most of us move through our busy lives with our minds full of these ideas, multitasking as we strive to navigate the responsibilities and expectations we must meet just to make it through the day. But what if there is another way? What if, rather than letting the busyness of life overtake our minds, we learn to be heartfelt instead? Based on Daaji's own combination of approaches and practices for the modern seeker—which draws from the teachings of Sahaj Marg, meaning "Natural Path"—Heartfulness is a contemporized version of the ancient Indian practice of Raja Yoga, a tradition that enables the practitioner to realize the higher Self within. While many books describe refined states of being, The Heartfulness Way goes further, providing a pragmatic course to experience those states for oneself, which, per the book's guiding principle, is "greater than knowledge." Heartfulness meditation consists of four elements—relaxation, meditation, cleaning, and prayer—and illuminates the ancient, defining feature of yogic transmission (or pranahuti), the utilization of divine energy for spiritual growth and transformation. Using the method, detailed practices, tips, and practical philosophy offered in this book, you'll reach new levels of attainment and learn to live a life more deeply connected to the values of the Heartfulness way—with acceptance, humility, compassion, empathy, and love.
