"The Sexual Life of Our Time in Its Relations to Modern Civilization" is an absolute compilation of knowledge on the science of sex by Iwan Bloch. The aim of the author is for the book to be of great usefulness in the profession of law and medicine because they require knowledge of the science of sex and the various causes for the existence of "abnormals," to guide them in their future investigations into, and practice of attempts to mitigate, the evil that exists, and to bring about more healthy humans.

It's another "SPOTLIGHT" from the history... a spotlight on the secret sex kingdom of Benazir Bhutto who lived a libertine sex life... The first book on Benazir ’ s sex life, “ Indecent Correspondence..." was more like a document composed of written confessions by some close friends of Benazir who participated in sexual escapades with her. This new book about Benazir & Bilawal Bhutto describes some of the wildest sexual acts Benazir was known for in her intimate circles. Based on the notes by a class-fellow of Bilawal Bhutto who was witness to everything in Dubai and London - this book unfolds explicit descriptions of Benazir-in-action, and how she tricked Bilawal ’ s class-fellow into her games of incest - in which she would have sex even with her own son, Bilawal. Benazir was enthralled by ancient erotic traditions. She was a modern-day example of Queen Agrippina (mother of Nero) and Empress Theodora from the Roman Empire.

A Self-portrait

First published in Germany in 1929, The End and the Beginning is a lively personal memoir of a vanished world and of a rebellious, high-spirited young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire, Hermynia Zur Muhlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family and her husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Muhlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries.

The greatest sex story of all time!It's another " SPOTLIGHT" from the history... a spotlight on the secret sex kingdom of Benazir Bhutto, former Prime Minister of Pakistan who lived a secret libertine sex life. Benazir Bhutto had created a secret sex kingdom around her - where she was the queen of sex and every selected man and woman served her sexual desires...

His wealth was legendary. His passions were bizarre. Now, the truth about the money, the madness, and the man behind the enigma. Howard Hughes is one of the best known and least understood men of our times--famed for his wealth, his daring, and his descent into madness. Bestselling biographer Charles Higham goes beyond the enigma to reveal the incredible private life of Howard Hughes: * his romances with the great stars of Hollywood--Katharine Hepburn, Bette Davis, Cary Grant, Tyrone Power, and numerous others * his forays into sadomasochism * his involvement with Richard Nixon and Watergate * his bizarre final years This is a compelling portrait of a unique American figure--in a story as revealing as it is unforgettable.

When The Unbearable Lightness of Being was first published in English, it was hailed as "a work of the boldest mastery, originality, and richness" by critic Elizabeth Hardwick and named one of the best books of 1984 by the New York Times Book Review. It went on to win the Los Angeles Times Book Prize for Fiction and quickly became an international bestseller. Twenty years later, the novel has established itself as a modern classic. To commemorate the anniversary of its first English-language publication, HarperCollins is proud to offer a special hardcover edition. A young woman in love with a man torn between his love for her and his incorrigible womanizing; one of his mistresses and her humbly faithful lover -- these are the two couples whose story is told in this masterful novel. Controlled by day, Tereza's jealousy awakens by night, transformed into ineffably sad death-dreams, while Tomas, a successful surgeon, alternates loving devotion to the dependent Tereza with the ardent pursuit of other women. Sabina, an independent, free-spirited artist, lives her life as a series of betrayals -- of parents, husband, country, love itself -- whereas her lover, the intellectual Franz, loses all because of his earnest goodness and fidelity. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence we feel, says the novelist, "the unbearable lightness of being" -- not only as the consequence of our private acts but also in the public sphere, and the two inevitably intertwine. This magnificent novel encompasses the extremes of comedy and tragedy, and embraces, it seems, all aspects of human existence. It juxtaposes geographically distant places (Prague, Geneva, Paris, Thailand, the United States, a forlorn Bohemian village); brilliant and playful reflections (on "eternal return," on kitsch, on man and animals -- Tomas and Tereza have a beloved doe named Karenin); and a variety of styles (from the farcical to the elegiac) to take its place as perhaps the major achievement of one of the world's truly great writers.

When Betty Friedan produced The Feminine Mystique in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' New York Times 'Feminism began with the work of a single person: Friedan.' Nicholas Lemann With a new Introduction by Lionel Shriver

This rambunctious first novel by the author of the bestselling Corelli's Mandolin is set in an impoverished, violent, yet ravishly beautiful country somewhere in South America. When the haughty Dona Constanza decides to divert a river to fill her swimming pool, the consequences are at once tragic, heroic, and outrageously funny. "Walks a precarious edge between slapstick and pathos, never once losing its balance."--Washington Post Book World.

Winner of the 2021 Overseas Press Club of America Cornelius Ryan Award The former New York Times Pakistan bureau chief paints an arresting, up-close portrait of a fractured country. Declan Walsh is one of the New York Times’s most distinguished international correspondents. His electrifying portrait of Pakistan over a tumultuous decade captures the sweep of this strange, wondrous, and benighted country through the dramatic lives of nine fascinating individuals. On assignment as the country careened between crises, Walsh traveled from the raucous port of Karachi to the salons of Lahore, and from Baluchistan to the mountains of Waziristan. He met a diverse cast of extraordinary Pakistanis—a chieftain readying for war at his desert fort, a retired spy skulking through the borderlands, and a crusading lawyer risking death for her beliefs, among others. Through these “nine lives” he describes a country on the brink—a place of creeping extremism and political chaos, but also personal bravery and dogged idealism that defy easy stereotypes. Unbeknownst to Walsh, however, an intelligence agent was tracking him. Written in the aftermath of Walsh’s abrupt deportation, The Nine Lives of Pakistan concludes with an astonishing encounter with that agent, and his revelations about Pakistan’s powerful security state. Intimate and complex, attuned to the centrifugal forces of history, identity, and faith, The Nine Lives of Pakistan offers an unflinching account of life in a precarious, vital country.

'Blown to Bits' is about how the digital explosion is changing everything. The text explains the technology, why it creates so many surprises and why things often don't work the way we expect them to. It is also about things the information explosion is destroying: old assumptions about who is really in control of our lives.

A finalist for the 2022 James Beard Foundation Cookbook Award (Writing) The definitive biography of America ’ s best-known and least-understood food personality, and the modern culinary landscape he shaped. In the first portrait of James Beard in twenty-five years, John Birdsall accomplishes what no prior telling of Beard ’ s life and work has done: He looks beyond the public image of the “Dean of American Cookery” to give voice to the gourmet ’ s complex, queer life and, in the process, illuminates the history of American food in the twentieth century. At a time when stuffy French restaurants and soulless Continental cuisine prevailed, Beard invented something strange and new: the notion of an American cuisine. Informed by previously overlooked correspondence, years of archival research, and a close reading of everything Beard wrote, this majestic biography traces the emergence of personality in American food while reckoning with the outwardly gregarious Beard ’ s own need for love and connection, arguing that Beard turned an unapologetic pursuit of pleasure into a new model for food authors and experts. Born in Portland, Oregon, in 1903, Beard would journey from the pristine Pacific Coast to New York ’ s Greenwich Village by way of gay undergrounds in London and Paris of the 1920s. The failed actor – turned – Manhattan canap é hawk – turned – author and cooking teacher was the jovial bachelor uncle presiding over America ’ s kitchens for nearly four decades. In the 1940s he hosted one of the first television cooking shows, and by flouting the rules of publishing would end up crafting some of the most expressive cookbooks of the twentieth century, with recipes and stories that laid the groundwork for how we cook and eat today. In stirring, novelistic detail, The Man Who Ate Too Much brings to life a towering figure, a man who still represents the best in eating and yet has never been fully understood—until now. This is biography of the highest order, a book about the rise of America ’ s food written by the celebrated writer who fills in Beard ’ s life with the color and meaning earlier generations were afraid to examine.

The author of Continental Drift, Rule of the Bone and The Sweet Hereafter returns with a very original, riveting mystery about a young outcast, and a contemporary tale of guilt and redemption. The perfect convergence of writer and subject, Lost Memory of Skin probes the zeitgeist of a troubled society where zero tolerance has erased any hope of subtlety and compassion. Suspended in a modern-day version of limbo, the young man at the centre of Russell Banks's uncompromising and morally complex new novel must create a life for himself in the wake of incarceration. Known in his new identity only as the Kid, he is shackled to a GPS monitoring device and forbidden to go near where children might gather. He takes up residence under a south Florida causeway, in a makeshift encampment with other convicted sex offenders. Barely beyond childhood himself, the Kid, despite his crime, is in many ways an innocent. Enter the Professor, a university sociologist of enormous size and intellect who finds in the Kid the perfect subject for his research. But when the Professor's past resurfaces and threatens to destroy his carefully constructed world, the balance in the two men's relationship shifts. Banks has long been one of our most acute and insightful novelists. Lost Memory of Skin is a masterful work of fiction that unfolds in language both powerful and beautifully lyrical.

Colm T ó ib í n knows the languages of the outsider, the secret keeper, the gay man or woman. He knows the covert and overt language of homosexuality in literature. In Love in a Dark Time, he also describes the solace of finding like-minded companions through reading. Colm T ó ib í n examines the life and work of some of the greatest and most influential writers of the past two centuries, figures whose homosexuality remained hidden or oblique for much of their lives, either by choice or necessity. The larger world couldn't know about their sexuality, but in their private lives, and in the spirit of their work, the laws of desire defined their expression. This is an intimate encounter with Mann, Baldwin, Bishop, and with the contemporary poets Thom Gunn and Mark Doty. Through their work, T ó ib í n is able to come to terms with his own inner desires—his interest in secret erotic energy, his admiration for courageous figures, and his abiding fascination with sadness and tragedy. T ó ib í n looks both at writers forced to disguise their true experience on the page and at readers who find solace and sexual identity by reading between the lines.

This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel The Unlit Lamp (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy The Forge (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel The Well of Loneliness (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

In this unforgettable novel, Leonard Cohen boldly etches the youth and early manhood of Lawrence Breaavan, only son of an old Jewish family in Montreal. Life for Breaavman is made up of dazzling colour – a series of motion pictures fed through a high-speed projector: the half-understood death of his father; the adult games of love and war, with their infinite capacity for fantasy and cruelty; his secret experiments with hypnotism; the night-long adventures with Krantz, his beloved comrade and confidant. Later, achieving literary fame as a college student, Breaavman does penance through manual labour, but ultimately flees to New York. And although he has loved the bodies of many women, it is only when he meets Shell, whom he awakens to her own beauty, that he discovers the totality of love and its demands, and comes to terms with the sacrifices he must make.

Matilda Goodman is an underemployed wedding photographer grappling with her failure to live as an artist and the very bad lie she has told her boyfriend (that she has a dead twin). Harry, her (totally alive) brother, is an untenured professor of literature, anxiously contemplating his dead-end career and sleeping with a student. When Matilda invited her boyfriend home for Thanksgiving to meet the family, she falls down a slippery slope of shame, scandal, and drunken hot tub revelations forcing both siblings to examine who they really are and who they want to be. Told entirely in hilarious email exchanges, this is a wonderfully subversive, sensitive novel of romantic entanglement and misguided ambition

A non-fiction book that reads like a novel/Striking tales from the real-life spectrum:"Benazir Bhutto experienced wild sexual adventures with many other dignitaries of the world.Indira Gandhi had threesome sex with Egyptian President Nasser and yogi Brahmachari. Libertine sex lives of some women from the Royal families of England, Saudi Arabia and Gulf states..." Striking new revelations. Some untold stories are appearing first time in the history. A collection of the greatest sex stories of all time that reveal the secret sex lives of many famous people, including Benazir Bhutto, Hillary Clinton, Yoko Ono, Indira Gandhi, Jawaharlal Nehru, Lord Mountbatten - and the royal families of England, Saudi Arabia, and the Gulf states. This work is the result of a joint research conducted by a team of investigative reporters and some former intelligence field agents. The quest for discovering these stories was actually started after a remote story of a swinger couple in Paris sparked the revelation about the secret sex life of Benazir Bhutto, former Prime Minister of Pakistan. The story of Benazir's wild sexual life appeared in a book, Indecent Correspondence: Secret Sex Life of Benazir Bhutto written by Roshan Mirza. After the publication of this book, as Benazir's sexual adventurism came to light, some reporters started the investigation on the possibility of Benazir's sexual involvement with the other dignitaries of the world. What has emerged are the shocking tales of sexual wilderness among the elite and the royal families. These stories reflect some insiders' accounts of VIP sex parties where even some female members of royal families -- princess and princesses/husbands and wives from the royal families of England and Saudi Arabia -- have been engaged in open sex and swapping partners. This book is more than a sex story, because it also reflects some profound aspects about the complexities of human desire, taboos and inhibitions, including a chapter on sex and politics. These undertones are more apparent in the section on Hillary Clinton and Alinsky (her ideological mentor in her college days at Wellesley), and in the chapter where "Aaj ka Manto" (The Manto of Today), the author speaks at Shakespeare and Company in Paris, explaining the reasons for writing this book.

Apart from this, it's also a love story in the backyard - a love that's lost and gone up in the smoke. That's the backstory of the protagonist who discovered the deepest secrets of an international elite. This phase appears at the end of the book, Ruffi - The Untold Story: Sparks from a journey to nowhere. The #1 New York Times --bestselling author ' s " groundbreaking " work on women ' s sexual fantasies (Publishers Weekly). First published in 1973, My Secret Garden ignited a firestorm of reactions across the nation—from outrage to enthusiastic support. Collected from detailed personal interviews with hundreds of women from diverse backgrounds, this book presents a bracingly honest account of women ’ s inner sexual fantasy lives. In its time, this book shattered taboos and opened up a conversation about the landscape of feminine desire in a way that was unprecedented. Today, My Secret Garden remains one of the most iconic works of feminist literature of our time—and is still relevant to millions of women throughout the world. This innovative book comprises nine essays from leading scholars which investigate the relationship between fiction, censorship and the legal construction of obscenity in Britain between 1850 and the present day. Each of the chapters focuses on a distinct historical period and each has something new to say about the literary works it spotlights. Overall, the volume fundamentally refreshes our understanding of the way texts had to negotiate the moral and legal minefields of public reception. The book is original in the historical period it covers, starting in 1850 and bringing debates about fiction, obscenity and censorship up to the present day. The history that is uncovered reveals the different ways in which censorship functioned and continues to function, with considerations of Statutory definitions of Obscenity alongside the activities of non-government organisations such as the anti-vice societies, circulating libraries, publishers, printers and commentators. The essays in this book argue that the vigour with which novels were hunted down by the prowling prudes of the book's title encouraged some writers to explore sexual, excremental and moral obscenities with even more determination. Bringing such debates up to date, the book considers the ongoing impact of censorship on fiction and the current state of critical thinking about the status and freedom of literature. Given contemporary debates about the limits on freedom of speech in liberal, secular societies, the interrogation of these questions is both timely and necessary.

Ultimately, the objective of this study is to illustrate the artistic means—literary and rhetorical—employed by Rousseau and their implications for the truth he proposed.

The Sexual Life of Our Time in Its Relations to Modern Civilization

The letters of the great writer to his wife—gathered here for the first time—chronicle a decades-long love story and document anew the creative energies of an artist who was always at work. No marriage of a major twentieth-century writer is quite as beguiling as that of Vladimir Nabokov ' s to V é ra Slonim. She shared his delight in life ' s trifles and literature ' s treasures, and he rated her as having the best and quickest sense of humor of any woman he had met. From their first encounter in 1923, Vladimir ' s letters to V é ra form a narrative arc that tells a half-century-long love story, one that is playful, romantic, pithy and memorable. At the same time, the letters tell us much about the man and the writer. We see the infectious fascination with which Vladimir observed everything—animals, people, speech, the landscapes and cityscapes he encountered—and learn of the poems, plays, stories, novels, memoirs, screenplays and translations on which he worked ceaselessly. This delicious volume contains twenty-one photographs, as well as facsimiles of the letters themselves and the puzzles and doodles Vladimir often sent to V é ra.

There are many questions related to sexuality that all of us lovers of ancient Egypt have asked at some point: was the image of depravity that the Romans spread, especially referring to Queen Cleopatra, true? How did they deal with homosexuality? What were their favorite positions in bed? Did they practice bestiality, necrophilia, incest, pedophilia, and other rumored deviancies? The truth is that by studying this aspect of Egyptian life we find truly amazing items, like a pornographic papyrus that scandalized the very Champollion himself, a pharaoh who slips through the night in the bed of one of his generals, a goddess who sleeps with her dead husband, a god who praises the buttocks of another while trying to sodomize him, or a festival in which women copulate with a ram in-front of a crowd. This work pinpoints these issues and many others, including the use of aphrodisiacs and contraceptives, love spells, erotic poetry or the attitude towards adultery, in an entertaining and concise but rigorous way, and accompanied by more than 30 images that will help us understand this important facet of life and social relations of the ancient Egyptians.
