international harvester tractor service manual ih s 460560

The International Harvester Company was formed by the merger of the McCormick Harvesting Machine Company and the Deering Harvester Company in 1902. The company had a number of early tractor models. The Farmall, in 1924, sparked a revolution in tractor design. The Farmall introduced the tricycle style row-crop tractor. It could not only plow but was capable of precision work such as cultivating.
