

International IEC Standard 62040 3

INTERNATIONAL IEC STANDARD 62040-3

This is an incomplete list of standards published by the International Electrotechnical Commission (IEC). The numbers of older IEC standards were converted in 1997 by adding 60000; for example IEC 27 became IEC 60027. IEC standards often have multiple sub-part documents; only the main title for the standard is listed here. IEC 60027 Letter symbols to be used in electrical technology; IEC 60028 ...

62040-3 © IEC:1999 – 15 – NOTE 3 – For UPS output frequencies other than 50 Hz or 60 Hz, performance specification is subject to agreement between manufacturer and purchaser. This standard is intended to define a complete uninterruptible power system in terms of its performance and not individual UPS functional units.

International Standard IEC 62040-1-1 has been prepared by subcommittee 22H: Uninterruptible power systems (UPS), of IEC technical committee 22: Power electronic systems and equipment. The text of this standard is based on the following documents: FDIS Report on voting 22H/22/FDIS 22H/24/RVD Full information on the voting for the approval of this standard can be found in the report on voting ...
