Oxford Secondary Science is a highly accessible course designed to deliver the requirements of the Pakistan National Curriculum for General Science 2006. The series aims to meet the needs of teachers and students by building on and developing the core scientific themes studied in primary school, in carefully graded stages, thereby providing a comprehensive introduction to science. The course ...

Oxford Secondary Science Teaching Guide 1

Cambridge Lower Secondary Checkpoint tests have been designed to assess learners at the end of Cambridge Lower Secondary. They are available in English, English as a second language, mathematics, science and Cambridge Global Perspectives, and give valuable feedback on learners' strengths and weaknesses before they progress to the next stage of education.

Cambridge Lower Secondary Checkpoint

Currently there are texts available for grades 1-6. Singapore follows a pretty hardline science-only approach with little reference to origins or any specific ideology. The program is fast-paced and filled with information, and students used to the more casual pace of American science textbooks will likely find it difficult to keep up.
