GOYAL BROTHERS PRAKASHAN This publication assesses progress towards Sustainable Development Goal 4 (SDG 4) on education and its ten targets, as well as other related education targets in the SDG agenda. It addresses inclusion in education, drawing attention to all those excluded from education, because of background or ability. The report is motivated by the explicit reference to inclusion in the 2015 Incheon Declaration, and the call to ensure an inclusive and equitable quality education in the formulation of SDG 4, the global goal for education. It reminds us that, no matter what argument may be built to the contrary, we have a moral imperative to ensure every child has a right to an appropriate education of high quality.

This book contains exhaustive collection of more than 4600+ MCQs with solutions explained in easy language for engineering students of Electronics Engineering. Inclusion and Education - All Means All

This is a self-study publication with two CD ROMs for students preparing for the Academic Module of the International English Language Test System (IELTS) which is administered by the British Council, the University of Cambridge Local Examinations Syndicate (UCLES) and by IELTS Australia. The book covers the four sections of the IELTS exam: listening, reading, writing and speaking. Special features of the book are: the reading exercises, the detailed Keys for these exercises, the wide range of exercises to help you prepare for Writing Task 1, and the detailed Key for the Reading Tests. The third edition incorporates additional material to cover changes made to the Speaking module of the IELTS examination. The publication may also be used as a course book, or as a supplement to a course book. Also includes changes to IELTS writing rubrics.

This book contains exhaustive collection of more than 5000+ MCQs with solution explained in easy language for engineering students of Mechanical Engineering. In addition, the questions have been selected from various competitive exams to give the students an understanding of various types of exams. This book is essential to candidates appearing for U.P.S.C. (Engineering & Civil Services), State and Central Level Services Exams: Assistant Engineer /Junior Engineer, SSC-JE, PWD-JE, PHED-JE, DDA-JE, SDO, DRDO, ISRO, RRB-JE, PSUs Exams (BARC, BEL, BBNL, BHEL, BPCL, BHPCL, DDA, DMRC, Coal India, HPCIL, HPVN, IOCL, NTPC, BPCL, OIL, NHPC, GAIL, BHIL, MBCL, MDL, NLC and Metro Exams Like: DMRC, LMRC, NMRC, JMRC, BMRCL, HMLR, KMRR, MMRR, Rural Development and Panchayati Raj department and Admission/Recruitment Test and other Technical Exams in Mechanical Engineering.

Subject developed to meet requirements of students and professionals dealing with turbo-machines Both aircraft and industrial gas turbines covered Discussion focussed on physical principles from introductory nature Symbols and variables used are adequately defined Example problems, to calculate flow characteristics and related design parameter

Thirty years after its publication, 'The Death and Life of Great American Cities' was described by The New York Times as "perhaps the most influential single work in the history of town planning...[It] can also be seen in a much larger context. It is first of all a work of literature: the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

This book is an attempt to present under one cover the current state of knowledge concerning the potential lightning effects on aircraft and that means that are available to designers and operators to protect against these effects. The impetus for writing this book springs from two sources- the increased use of nonmetallic materials in the structure of aircraft and the constant trend toward using electronic equipment to handle flight-critical control and navigation function.

(Includes maps) From September 1943, when Allied troops came ashore near Salerno, until German surrender in May 1945, 312,000 Allied soldiers were killed, wounded, or missing in Italy. Was a campaign that from the first faced the bleak prospect of coming to a dead end against the forbidding escarpment of the Alps worth that cost? Was the objective of tying down German troops to avoid their commitment in northwestern Europe all that the campaign might have accomplished? The answers to those questions have long been sought but, as is the nature of history, must forever remain conjecture. What is established but, as this volume makes clear, is the tenacity and intrepidity displayed by American and Allied soldiers in the face of a determined and resourceful enemy, harsh weather, sharply convoluted terrain, limited numbers, and indefinite goals in what many of them must have looked upon as a backwater of the war. This volume relates the story of the last year of their struggle. Three volumes previously published tell of the campaign in northwest Africa, the conquest of Sicily and covert politico-military negotiations leading to surrender of the Italian armed forces, and the campaign from the Allied landings on the mainland through the bitter disappointment of the amphibious assault at Anzio. This volume is thus the capstone of a four-volume series dealing with American military operations in the western Mediterranean.

Our CBSE Chemistry Term 1 Sample Paper MCQ Book includes 13 Sample Papers (Solved, Unsolved & Extra) for maximum Term 1 practice with MCQs that are based on the latest paper pattern. After 7 quality checks, these books make the most preferred final revision book for CBSE Class 12 Term 1 Boards.
