Jeff Volek

Jeff Volek is the Chief Science Officer and Co-Founder of Virta Health, the first clinically-proven treatment to safely and sustainably reverse type 2 diabetes without medications or surgery.

---

Jeff Volek, PhD, RD - Virta Health

In a contest among phrases that are both commonly spoken but overtly flawed, “you are what you eat” is a sure winner. In our combined 6 decades of experience in academic nutrition, incessantly we’ve heard this sound-bite used to deter people from eating foods containing fats and cholesterol.

---

Art and Science of Low Carb - jeff Volek, PhD, RD ...

Dr. Jeff Volek is a registered dietitian and professor in the Department of Human Sciences at the Ohio State University. For the last two decades, he has performed cutting edge research elucidating how humans adapt to diets restricted in carbohydrate with a dual focus on clinical and performance applications.

---

Jeff Volek | EHE Faculty and Staff Directory

Dr. Jeff Volek is a Professor in the Department of Human Sciences at The Ohio State University. A world-renowned expert in low carbohydrate research, Dr. Volek focuses on the clinical application of ketogenic diets, especially the management of insulin resistance and type-2 diabetes, as well as athletic performance and recovery.
