JUSTICE AS FAIRNESS: A RESTATEMENT. John Rawls. Harvard University Press, 2001, xviii + 214 pgs. Time has not been altogether kind to John Rawls. True enough, his A Theory of Justice has been the most widely acclaimed book in political philosophy since its publication thirty years ago. But Antony Flew, Robert Nozick, and other critics have devastated Rawls's Das Kapital of the welfare state, in particular his famous difference principle.

In time the lectures became a restatement of his theory of justice as fairness, revised in light of his more recent papers and his treatise Political Liberalism (1993). This book originated as lectures for a course on political philosophy that John Rawls taught regularly at Harvard University in the 1980s.
