

Kubota S2600 Engine

Why would a wombat be registered for war? It's 1965, and an old Tattersalls barrel starts rolling marbles to randomly conscript young Australian men to fight in the war in Vietnam. Melbourne housewife Jean McLean is outraged, as are her artist friends Clif and Marlene Pugh, who live in the country with their wombat, Hooper. Determined to wreck the system, Jean forms the Save Our Sons movement's Victorian branch, and she and her supporters take to the streets to protest. Meanwhile, in the small country town of Katunga, Bill Cantwell joins the Australian Army, and in Saigon, young Mai Ho is writing letters to South Vietnamese soldiers from her school desk. And when Hooper's call-up papers arrive, he mysteriously goes underground... As these stories intersect in unexpected ways and destinies entwine, a new world gradually emerges - a world in which bridges of understanding make more sense than war. This stunning graphic novel, full of empathy, courage and resistance, is based on true events. 'Every drawing reflects a Vietnamese history era in which I grew up and witnessed the war. I cannot thank you enough for this memory.' MAI HO 'I wish I had this growing up. It's incredibly informative. Stories like this are severely lacking, and for an Australian audience, I think it will be revelatory.' MATT HUYNH

Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of Korean: A Comprehensive Grammar makes it an essential reference source on the Korean language.

An unrivalled photographic journey through time and geography, Frédéric Chabuin's Cosmic Communist Constructions Photographed gathers 90 buildings in 14 former Soviet Republics, each built between 1970 and 1990. In their local exoticism, outlandish ideologies, and puzzle of styles, these vast, weird, and wonderful buildings are extraordinary...

Sailing Made Easy is the first step in a voyage that will last you the rest of your life. It is a gift from a group of dedicated sailing professionals who have committed their lives to sharing their art, their skill, and their passion for this wonderful activity. This book, which Sailing Magazine called "best in class" upon its release in 2010, is the most comprehensive education and boating safety learn-to-sail guide to date. It is also the official textbook for the ASA Basic Keelboat Standard (ASA 101). Incorporated in the textbook are useful illustrations and exceptional photographs of complex sailing concepts. The text 's most distinguishing feature is its user-friendly "springs" in which instructional topics are self-contained on opposing pages throughout the book. There are also chapter end quizzes and a glossary to help those new to sailing to navigate their way through the extensive nautical terminology.

A richly illustrated retrospective of the life and work of noted furniture designer Geoge Nakashima examines the original furniture creations of the acclaimed artist, his influence on contemporary design, his work as an architect, and his remarkable craftsmanship and emphasis on the organic use of the natural lines and grain of wood.

Throughout human history, wars and violence have often been waged in the name of religions and in the name ofdiverging religious beliefs and belonging. Ironically, though,all religions in their teachings speak of nonviolence and havein common the promotion of peace and justice, namely therespect of human life and dignity, the institution of humanrights, the protection of the poor and vulnerable, the freeing ofthe oppressed, the active elimination of injustice? It seemstherefore, that violence and wars would be antithetical toreligions; yet they are so frequently used as their justification.Are we then speaking of different "religions"?Institutional religions, the ones structured by humans andthat are brandished to lead violence and wars, become infact quite foreign to the essence of the religions as they werestablished by their founders and that they intend to represent;they actually contribute to their destruction.Wanting to reflect on that point, I embarked, a few yearsago, on giving voice to local religious individuals, whom Icalled "Religious Peacemakers," and who, each by living theessential teachings of their particular faith, contributed by theiractions to peace and justice. I wanted to prove that their path,irrespective of their original religion, would be similar, and thather diverse faith, instead of separating them, would on thecontrary end up uniting them.

A feminist reimagining of classic nursery rhymes depicts a Georgie Porgie who never dares to make the girls cry, a Little Bo-Peep who takes no-nonsense care of her sheep and a woman doctor who puts Humpty Dumpty together again.

Seeing is Understanding. The first VISUAL guide to marine diesel systems on recreational boats. Step-by-step instructions in clear, simple drawings explain how to maintain, winterize and recommission all parts of the system - fuel deck fill - engine - batteries - transmission - stern gland - propeller. Book one of a new series. Canadian author is a sailor and marine mechanic cruising aboard his 36-foot steel-hulled Chevier sloop. A Journey Through the Moorland Year

A Guide for Magellan Radar-image Analysis

A man arrives at a house on the coast to write a book. Separated from his lover and family and friends, he finds the solitude he craves in the pyrotechnic beauty of nature, just as the world he has shut out is experiencing a cataclysmic shift. The preoccupations that have galvanized him and his work fall away and he becomes lost in memory and beauty. He begins to tell us a story ... A retired porn star who is made an offer he can't refuse for the sake of his family and future. So he returns to the world he fled years before, all too aware of the danger of opening the door to past temptations and long-buried desires. Can he resist the oblivion and bliss they promise? A breathtakingly audacious novel by the acclaimed author of *The Slap* and *Damascus* about finding joy and beauty in a raging and punitive world, about the refractions of memory and time and, most subversive of all, the mystery of art and its creation.

"In this book the philosophers Steve Nadler and Lawrence Shapiro will explain why bad thinking happens to good people. Why is it, they ask, that so large a segment of public can go so wrong in both how they come to form the opinions they do and how they fail to appreciate the moral consequences of acting on them."--Publisher's description.

Internationally beloved opera star Deborah Voigt recounts her harrowing and ultimately successful private battles to overcome the addictions and self-destructive tendencies that nearly destroyed her life. Call Me Debbie is one of the most electrifying performances of Deborah Voigt 's life. The brilliantly gifted opera soprano takes us behind the velvet curtains to tell her compelling story—a tale of success, addiction, music, and faith as dramatic as any role she has performed. For the first time, she talks about the events that led to her dangerous gastric bypass surgery in 2004 and its shocking aftermath: her substantial weight loss coupled with the " cross addiction " that led to severe alcoholism, frightening all-night blackouts, and suicide attempts. Ultimately, Voigt emerged from the darkness to achieve complete sobriety, thanks to a twelve-step program and a recommitment to her Christian faith. Colored by hilarious anecdotes and juicy gossip that illuminate what really goes on backstage, Voigt paints diverting portraits of the artists with whom she ' s worked, her most memorable moments onstage, and her secrets to great singing. She also offers fascinating insight into the roles she ' s played and the characters she loves, including Strauss ' s Ariadne and Salome, Puccini ' s Minnie, and Wagner ' s Siegfried, Isolde, and Br ü hnild, sharing her intense preparation for playing them. Filled with eight pages of color photos, Call Me Debbie is an inspirational story that offers a unique look into the life of a modern artist and a remarkable woman.

The Life and Legacy of George Nakashima

This book addresses sixteen different reform proposals that are urgently needed to correct the fault lines in the international tax system as it exists today, and which deprive both developing and developed countries of critical tax resources. It offers clear and concrete ideas on how the reforms can be achieved and why they are important for a more just and equitable global system to prevail. The key to reducing the tax gap and consequent human rights deficit in poor countries is global financial transparency. Such transparency is essential to curbing illicit financial flows that drain less developed countries of capital and tax revenues, and are an impediment to sustainable development. A major break-through for financial transparency is now within reach. The policy reforms outlined in this book not only advance tax justice but also protect human rights by curtailing illegal activity and making available more resources for development. While the reforms are realistic: they require both political and an informed and engaged civil society that can put pressure on governments and policy makers to act.

Relates the history of the tractor and shows the changes in design that have resulted in the diesel-powered giants of today.

Tractors of the World is a comprehensive guide to more than 220 of the best-known tractors produced throughout the world over the last 120 years. A portrait of these Scottish wetlands: "Fascinating...makes you yearn for a sip of golden whisky whose barley malt has been smoked over a rich, peaty fire." --Daily Mail The peatlands of Scotland's Outer Hebrides are half land, half water. Their surface is a glorious tweed woven from tiny, living sphagnum rich in wildlife, but underneath are layer upon layer of dead mosses transforming into the peat. One can, with care, walk out onto them, but stop and you begin to sink into them. For time immemorial the peatlands have been places—for humans at least—of seasonal habitation but not of constant residence. In this book, Robin A. Crawford explores the peatlands over the course of the year, explaining how they have come to be and examining how peat has been used from the

Bronze Age onwards. In describing the seasonal processes of cutting, drying, stacking, storing, and burning, he reveals one of the key rhythms of island life, but his study goes well beyond this to include many other aspects, including the wildlife and folklore associated with these lonely, watery places. Widening his gaze to other peatlands in the country, he also reflects on the historical and cultural importance that peat has played, and continues to play—it is still used for fuel in many rural areas and plays an essential role in whisky-making—in the story of Scotland.

And with updated information—including current examples, the hottest new websites, and more—this smart, sensible, and down-to-earth book is the ideal guide for women who want to invest in their dreams.

Final work by internationally acclaimed Australian author Gerald Murnane, reflecting on his career as a writer, and the fifteen books which have led critics to praise him as 'a genius on the level of Beckett'. A book which will appeal equally to Murnane's legion of fans, and to those new to his work, attracted by his reputation as a truly original Australian writer. In the first days of spring in his eighty-second year, Gerald Murnane began a project which would round off his career as a writer - he would read all of his books in turn and prepare a report on each. His original intention was to lodge the reports in two of his legendary archives, the Chronological Archive, which documents his life as a whole, and the Literary Archive, which is devoted to everything he has written. But as the reports grew, they themselves took on the form of a book, *Last Letter to a Reader*. The essays on each of his works travel through the capacious territory Murnane refers to as his mind: the circumstances which gave rise to the writing, images, associations, reflections on the theory of fiction, and memories of a deeply personal kind. The final essay is on *Last Letter to a Reader* itself: it considers the elation and exhilaration which accompany the act of writing, and offers a moving ending to what must surely be his last work as death approaches. 'Help me, dear one, to endure patiently my going back to my own sort of heaven.' 'No living Australian writer, not even Les Murray, has higher claims to permanence or a richer sense of distinction' - Sydney Morning Herald 'The emotional conviction...is so intense, the somber lyricism so moving, the intelligence behind the chiselled sentences so undeniable, that we suspend all disbelief.' - J.M. Coetzee
