

Le Jardin De Monet

"In Rome there is no guide, only one's curiosity about places, monuments and sculptures, as unveiled in this collection of watercolours by Fabrice Moireau. According to Dominique Fernandez, "one must leave it to chance and wander aimlessly", because pleasure "is found where least expected". With only their quill and brush, the author and illustrator capture the different faces of Rome-Ancient Rome, Imperial Rome, Rome of the Baroque, as well as modern Rome -- and invite us to discover the masterpieces of this "eternal city"."--P [4] of cover

This book contains 81 paintings from the 40 years Monet spent at his country home in Giverny, accompanied by a narrative on Monet's life, loves, and influences. It recounts Monet's development from an Impressionist to an innovative abstractionist.

Jeune Fille Dans Le Jardin de Giverny - Claude Monet - 1840 - 1926 LAROUS Sketchbook 8.5x11" - 21.59x27.94cm 100 Blank pages. Great gift for women and men who love Claude Monet paintings and drawings. It makes a great Christmas or Birthday gift for girlfriend and boyfriend.

Global Perspectives on Cultural Property Crime

A Companion to Impressionism

The secret spaces that inspired great art

Claude Monet at the Time of Giverny

Le jardin de Claude Monet

Monet fait jaillir la couleur, fait vibrer sa toile. D é laissant le d é tail, il peint des é motions, des impressions. Par d é rision sa peinture est qualifi é e " d'impressionniste ". Apr é s Bougival, Louveciennes, Argenteuil... Il est toujours en qu é te d'un lieu o ù poser pinceaux et chevalet, un havre de paix, un jardin de fleurs. Ce sera Giverny pour lequel il se fait jardinier, paysagiste, architecte, coloriste. Son jardin se confond avec sa peinture, ses fleurs deviennent sa palette. En contrebas, de l'autre c ô t é de la route, il acquiert ce qui deviendra son " Jardin d'eau ". Sur l' é tang, il é difie un " pont japonais " et fait pousser des nymph é as... Le jardin de Giverny, reflet de sa passion et de son g é nie, est devenu l'un des jardins les plus connus au monde

In more than 125 color and 250 duotone reproductions, the art of Monet is freshly examined. Scores of new images, gathered from private collections, expose the painting problems that Monet confronted throughout his life. Text includes Monet's unpublished documents, personal letters and architectural plans.

This book provides transnational insight into cultural property crimes and the cutting-edge work tackling issues ranging from currency crimes to innovative research methods. The volume brings together authors from a number of fields to address contemporary issues and advances in the fight against cultural property crime. It combines the perspectives of law enforcement officials, researchers, journalists, lawyers, and scholars, with specialities in the disciplines of criminology, law, archaeology, museum studies, political science, and economics, from countries all around the globe. This allows for a more comprehensive examination of issues facing these professionals and highlights similarities between the challenges encountered in different disciplines as well as in diverse locations. It seeks to disseminate the most current work in this field from a broad array of viewpoints in order to further facilitate an exchange of ideas and lay the groundwork to inspire future collaborations. Most significantly, it provides more specific suggestions for moving forward that could help assist stakeholders to connect and work directly with each other, despite international borders and discipline-related boundaries. The book will be a valuable resource for researchers, practitioners, and policymakers working in the area of cultural property crime.

(Meredith Music Resource). An invaluable, quick reference tool for any teacher, performer or student of the piano who desires an extensive listing of the most significant works composed for solo piano. Accurate, concise and thoroughly researched entries provide an at-a-glance overview of a composer's output, with information on difficulty levels, opus numbers, movement titles, publisher sources and so forth. Whether searching for new material or refreshing one's perspective, this portable database of information will prove itself indispensable for repertoire study and planning. A must-have resource for any pianist's bookshelf or piano. (a href="http://youtu.be/FyL_dNk9zBw" target="_blank")Click here for a YouTube video on A Practical Guide to Solo Piano Music(/a)

The Artist's Garden will feature up to 20 gardens that have inspired and been home to some of the greatest painters of history. These gardens not only supplied the inspiration for creative works but also illuminate the professional motivation and private life of the artists themselves -- from Cezanne's house in the south of France to Childe Hassam at Celia Thaxter's garden off the coast off Maine. Flowers and gardens have often been the first choice for artists looking for a subject. A garden close to the artist's studio is not only convenient for daily material and ideas, but also has the advantage of changing through the seasons and over time. Claude Monet's Giverny was the catalyst for hundreds of great paintings (by Monet and other artists), each one different from the one before. Sometimes a whole village becomes the focus for a colony of artists as at Gerberoy in Picardy and Skagen on the northernmost tip of Denmark. This book is about the real homes and gardens that inspired these great artists -- gardens that can still be visited today. The relationship between artist and garden is a complex one. A few artists, including Pierre Bonnard and his neighbour Monet were keen gardeners, as much in love with their plants as their work, while for others like Sorolla in Madrid, his courtyard home was both a sanctuary and a source of ideas.

"Exhibition organized by the Cleveland Museum of Art and the Royal Academy of Arts, London."

The Water-lilies and Other Writings on Art

l'invention d'un paysage

A Practical Guide to Solo Piano Music

"In 1928, the former French Prime Minister Georges Clemenceau published Claude Monet : les nymph é es (The water-lilies), a memoir of his longtime friend. Bruce Michelson has produced a new English translation, presented here with useful notes and illustrations. Michelson's translations of three short essays on art by Clemenceau, originally published by La Justice in the late XIX c., are included as appendices"--

The greatest works by one of the most popular Impressionists are reproduced here in 15 postcards. Includes a book with descriptions of the garden by Monet's contemporaries. Full-color illustrations.

Claude Monet (1840-1926) was one of the first artists to move his studio out into the open air, creating works which continue to fascinate and inspire us today as much as they did his contemporaries. One of the founding fathers of Impressionist art, Monet's works consistently reflect the artist's profound love of nature. Many of his paintings were directly inspired by the gardens that played such an important role in his life--the garden at his house in S ù vres in the 1860s, those at his two homes in Argenteuil in the 1870s, followed by a garden at his estate in Vatheuil. Yet the most famous of Monet's gardens was the expansive park in Giverny, which inspired his masterful handling of light and color for more than thirty years and provided motifs for hundreds of individual paintings and series that remain immensely popular today--among them the masterpieces of his Water-Lilies series. This magnificent volume of full-page color plates is devoted to this central theme in the work of the French artist. It presents landscapes, still lifes, and portraits of people in natural settings from nearly all of Monet's creative periods--from his early Impressionist paintings of the 1870s to the Grandes Dacorations of the early 1900s. Also included are photographs of Monet's gardens, diagrammatic recreations of these spaces (based on the artist's paintings), several bills of delivery and planting instructions from horticulturalists.

Water Lilies

A Year in Claude Monet's Garden

Claude Simon et les jardin des plantes

Le jardin de Monet à Giverny

Claude Monet

Monet was the most typical and the most individual Impressionist painter. But while the painter was faithful and persevering in the pursuit of his motifs, his personal life followed a more restless course. Parisian by birth, he discovered painting as a youth in the provinces, where one of his homes, Argenteuil, has come to represent the artistic flowering and official establishment of Impressionism as a movement.

A little girl visits the home and garden of Claude Monet at Giverny, France, learning about his paintings and life.

"This handsome publication, which accompanies a major exhibition at The Metropolitan Museum of Art, is a lively and engaging account of the artistic scene in Paris in the 1860s, the years that witnessed the beginnings of Impressionism. For the first time the interactions and relationships among the group of painters who became known as the Impressionists are examined without the overworn art historical polarities commonly evoked: academic versus avant-garde, classicist versus romantic, realist versus impressionist. A host of strong personalities contributed to this history, and their style evolved into a new way of looking at the world. These artists wanted above all to give an impression of truth and to have an impact on or even to shock the public. And they wanted to measure up to or surpass their elders. This complex and rich environment is presented here - the grand old men and the young turks encounter each other, the Salon pontificates, and the new generation moves fitfully ahead, benignly but always with determination." "Origins of Impressionism gives a day-by-day, year-by-year study of the genesis of an epoch-making style."

"Bibliographies and provenances are provided for each of the almost two hundred works in the exhibition, and there is an illustrated chronology. With more than two hundred superb colorplates, this informative survey is an essential work for both the general reader and the scholar."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Les quatre saisons de Giverny

Beyond Impressionism

Monet's Years at Giverny

Monet Planner #6

Steven Z. Levine provides a new understanding of the life and work of Claude Monet and the myth of the modern artist. Levine analyzes the extensive critical reception of Monet and the artist's own prolific writings in the context of the story of Narcissus, popular in late nineteenth-century France. Through a careful blending of psychoanalytical theory and historical study, Levine identifies narcissism and obsession as driving forces in Monet's art and demonstrates how we derive meaning from the accumulated verbal responses to an artist's work.

MAGIC OF GIVERNY

Le jardin de Monet

Monet in the '90s

Qui mieux que Pomme, petite fille amoureuse de la nature, pouvait nous introduire dans le monde merveilleux de Monet ? Non seulement, elle adore admirer les tableaux "en vrai" dans les musées, mais surtout elle a une énorme envie de voir un lieu privilégié de la création : le jardin du peintre. Petit critique pictural et reporter en herbe on "en fleurs", elle nous convie à l'accompagner dans sa promenade : l'Orangerie, le musée Marmottan et enfin la propriété du peintre avec ses nymphéas, ses étangs, ses souvenirs.

including the destruction of two works in a fire in 1958 - and underscores the resonance of these paintings with the art and artists of the last half-century."--Book Jacket.

A Companion to Impressionism Presenting an expansive view of the study of Impressionism, this pioneering volume breaks new thematic ground while also reconsidering questions concerning the definition, chronology, and membership of the impressionist movement. In 34 original essays from established and emerging scholars, this collection offers a diverse range of developing topics and new critical approaches to the interpretation of impressionist art. Focusing on the 1860s to 1890s, A Companion to Impressionism explores artists who are well-represented in impressionist studies, including Monet, Renoir, Degas, and Cassatt, as well as Morisot, Caillebotte, Bazille, and other significant yet lesser-known artists. The essays cover a wide variety of methodologies in addressing such topics as Impressionism's global predominance at the turn of the 20th century, the relationship between Impressionism and the emergence of new media, the materials and techniques of the Impressionists, as well as the movement's exhibition and reception history. This innovative volume also includes new discussions of modern identity in Impressionism in the contexts of race, nationality, gender, and sexuality and through its explorations of the international reach and influence of Impressionism. Part of the acclaimed Wiley Blackwell Companions to Art History series, this important addition to scholarship in this field stands as the 21st century's first major and large-scale academic reassessment of Impressionism. Featuring essays by academics, curators, and conservators from around the world, including those from France, Germany, the United States, the United Kingdom, Japan, Turkey, and Argentina, this is an invaluable text for students and scholars studying Impressionism and late 19th-century European art, Post-Impressionism, modern art, and modern French cultural history.

The Artist's Garden

Claude Monet's Gardens at Giverny

Monet: Le Déjeuner Sur L'herbe

The Modernist Myth of the Self

Monet Sketchbook #6

This beautiful book is a comprehensive and accessible study of Monet's achievement that sets his rich legacy into the context of his life and times. Tucker offers strikingly new interpretations based on a close examination of individual paintings, Monet's biography, and the multiple forces that shaped his aesthetic. Illustrated with 140 color reproductions. Major ads/media.

Florence ? capital of Tuscany, birthplace of the Renaissance and a UNESCO World Heritage Site ? is shown in this book through the depictions of its architectural wealth, iconic monuments and its less well-known areas. From churches to museums, gardens to palaces, and small squares to twisting narrow streets, Fabrice Moireau has created a vivid portrait of the city where the Medicis, Leonardo da Vinci and Dante Alighieri once lived. The artist's palette reveals the grandeur of the history of Florence, as well as its charms and atmosphere.

"Monet is incontestably one of the greatest Impressionists, as well as being the most popular. Yet hitherto books on this great figure have been partial, concentrating either on aesthetic or on social aspects of his work without attempting a synthesis. Now Virginia Spate restores plenitude of meaning to Monet's paintings, examining the various ways in which they can be read; the tension between image and reality which energizes them; and the mysterious interactions between the work itself, its exhibition, promotion and sale, and its reception both in public and in private." "Based on a complete study of the artist's work - made possible as never before by recently published catalogues of his oeuvre - his surviving letters (nearly 3,000 in all) and contemporary documentary material, this is the fullest account available of a complex and influential man whose style changed and evolved considerably during his long career. Monet is considered as an intelligent and cultured being, a friend to writers such as Zola, Mallarmé and Octave Mirbeau, fully informed as to the cultural and intellectual tendencies of his time. His often neglected figure paintings, always of family or friends, are analyzed alongside his landscapes, which ranged from timeless river scenes to steam-filled railway stations. Changes in his output in response to shifts in demand are linked to the new system of art dealers and to his financial situation. The France of Monet's youth and maturity is covered in depth, especially the traumatic legacy of the Franco-Prussian war and the Paris Commune; and his famous garden at Giverny is shown to be both a personal Utopia and a vital part of his creative processes. The dialectic of the real world and its representation in art is explored in detail as manifested in his splendid canvases - faithfully reproduced in over 130 colour plates." "This definitive treatment of a hugely important artist makes an indispensable contribution to the art history of Impressionism and the roots of modernism."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
