First published in 1945, Glanville Williams: Learning the Law has been introducing new and prospective law students to the foundation skills needed to study law

Page 5/89

effectively for over 70 years. Presenting an overview of the English Legal System and covering the essential legal skills that students need to master if they want to succeed both in their legal studies and in their future careers, this is

Page 6/89

a must-have book
for all new law
students!
Knowledge of legal
language and the
ability to use it
effectively are
essential
requirements for
students who have
chosen to study law.
A comprehensive

Page 7/89

course in English
specially prepared
for undergraduate
students of law, this
book aims to train
students in both
these aspects.

Eve Was Framed
offers an
impassioned,
personal critique of
the British legal

Page 8/89

system. Helena Kennedy focuses on the treatment of women in our courts - at the prejudices of judges, the misconceptions of jurors, the labyrinths of court procedures and the influence of the media. But the inequities she

Page 9/89

uncovers could apply equally to any disadvantaged group - to those whose cases are subtly affected by race, class poverty or politics, or who are burdened, even before they appear in court, by misleading stereotypes.

last edition.
Bringing clarity to
this subject, the
author clearly
states the general
principles of
criminal law and the
current state of the
law, guiding
students through
areas of
complexity.
How and why is so
much new law

Page 12/89

made? By what right does a judge order that someone be sent to jail? Why is so much of the law so contentious, and why should we, the people, accept the laws made by those who claim the right to govern us? In this lucid, stimulating, and completely updated

Page 13/89

survey, P. S. Atiyah introduces the reader to a number of fundamental issues about English law, the legal profession, and the adjudicative process. This new edition gives greater emphasis to the effect of membership of the European

Page 14/89

Community on English law, and gives an expanded account of the European Convention on Human Rights with its subsequent effects on our laws. Atiyah also looks at the recent controversy over the independence of the judiciary,

Page 15/89

problems arising from the cost of legal services and legal aid, and the many worrying miscarriages of justice which have tainted the legal system in the past decade.

Here is an introduction to the intellectual challenges

Page 16/89

presented by law in the western secular tradition. Treating not just British law, but the whole western tradition of law, Professor Honore guides the reader through eleven topics which straddle various branches of the law, including constitutional and

Page 17/89

criminal law, property, and contracts. He also explores moral and historical aspects of the law, including a discussion of justice and the difference between civil and common law systems. The law, Honore argues, is mainly concerned with the question of

Page 18/89

obedience to authority, and establishing the situations in which obedience is required and those in which it may be waived ought to be the central concern of all legal theorists.

Legal Skills
Glanville Williams
The Law Machine
Exam Skills for Law
Students
Written in Lord
Denning's familiar
vivid, staccato style,
Landmarks in the Law
discusses cases and
characters whose
names will be known

Page 24/89

to all readers, grouped together under headings such as High Treason, Freedom of the Press, and Murder. Thus, for example, the chapter on High Treason tells the stories of Sir Walter Raleigh, Sir Roger Casement, and William Joyce - three very different cases,

Page 25/89

the first occurring nearly 350 years before the last, but each one raising constitutional issues of the greatest importance.

Public Law Text, Cases, and Materials explores how the law works in practice. The key institutions, legal principles, and

Page 26/89

conventions that underpin the public law of the UK are brought to life through the inclusion of extracts from key sources, which are explained and critiqued by the authors.

This classic collection of essays, first published in 1968, has

Page 27/89

had an enduring impact on academic and public debates about criminal responsibility and criminal punishment. Forty years on, its arguments are as powerful as ever. H.L.A. Hart offers an alternative to retributive thinking about criminal

Page 28/89

punishment that nevertheless preserves the central distinction between guilt and innocence. He also provides an account of criminal responsibility that links the distinction between guilt and innocence closely to the ideal of the rule of law, and thereby attempts to by-

pass unnerving
debates about free will
and determinism.

Always engaged with
live issues of law and
public policy, Hart
makes difficult
philosophical puzzles
accessible and
immediate to a wide
range of readers. For
this new edition,
otherwise a

Page 30/89

reproduction of the original, John Gardner adds an introduction engaging critically with Hart's arguments, and explaining the continuing importance of Hart's ideas in spite of the intervening revival of retributive thinking in both academic and policy

Page 31/89

circles. Unavailable for ten years, the new edition of *Punishment and Responsibility* makes available again the central text in the field for a new generation of academics, students and professionals engaged in criminal justice and penal policy.

Page 32/89

So you 've arrived at university, you 've read the course handbook and you 're ready to learn the law. But is knowing the law enough to get you the very best marks? And what do your lecturers mean when they say you need to develop critical and analytical

Page 33/89

skills? When is it right to put your own views forward? What are examiners looking for when they give feedback to say that your work is too descriptive? This book explores what it means to think critically and offers practical tips and advice for students to develop

Page 34/89

the process, skill and ability of thinking critically while studying law. The book investigates the big questions such as: What is law? and What is ' thinking critically ' ? How can I use critical thinking to get better grades in assessments? What is the role of critical

Page 35/89

thinking in the work place? These questions and more are explored in *Thinking Critically About Law*. Whether you have limited prior experience of critical thinking or are looking to improve your performance in assessments, this book is the ideal tool to help you enhance your

Page 36/89

capacity to question,
challenge, reflect and
problematize what
you learn about the
law throughout your
studies and beyond.

Criminal Law

Harm and Culpability

Law and Modern

Society

Introduction to Legal

Method

Research Methods for

Page 37/89

Law

This volume draws together essays, from a number of leading authorities, which identify areas of the modern criminal law where there are significant conceptual difficulties. The subjects covered include justification, excuses, coercion complicity, drug-

dealing and criminal harm.

'Legal Skills'

encompasses all the academic and practical legal skills vital to a law degree in one manageable volume. It is an ideal text for the first year law student and a valuable resource for those studying law at any level.

Page 39/89

Learning the Law is unique among law books. It does not say what the laws is; rather, it aims to be a Guide, Philosopher and Friend to the reader at every stage of his legal studies. The ability to use a law library is central to any lawyer's effectiveness, yet is often treated as

Page 40/89

peripheral. This book is designed for the law student and will provide a grounding in legal research which will be useful for lecturers and future employers. It not only describes the tools of the lawyers trade - the literature of law for England and Wales and the European Communities - but

Page 41/89

also the techniques for using these sources effectively. It adopts two novel approaches which make it easy to use. Firstly, information about each type of legal publication is presented under standard headings, and secondly, diagrams and charts are provided where

possible to outline the content of publications. It also explains how to use electronic databases, both remote online such as Lexis and CD-ROM.

Using a Law Library

The Law and The

Lawyers

Great Legal Cases

and How they Shaped

the World

Page 43/89

The Sanctity of Life and the Criminal Law Is Eating People Wrong?

This volume collects 17 of Douglas Husak's influential essays in criminal law theory. The essays span Husak's original and provocative contributions to the major topics in the field, including the grounds of criminal liability, the

Page 44/89

significance of culpability, the role of defences, and the justification of punishment. The volume includes an extended introduction by the author, drawing together the themes of his work and exploring the goals of criminal theory. Together, the essays present a desert-based analysis of issues in

Page 45/89

criminal theory that rejects the consequentialist approach more familiar among legal scholars. The foremost concern of these essays is to ensure that the principles and doctrines of the criminal law preserve justice and do not sacrifice individuals for the common welfare. Engagingly written, the

Page 46/89

essays are accessible to non-specialists and represent an excellent introduction to current issues and debates in the theory of criminal law.

This book is a triumph in its clarity, scholarship and sheer scope. It is increasingly vital that criminologists understand crime and the criminal justice system in depth, and

Page 47/89

Ursula Smartt unmasks the mysteries and lays bare the complexities of law like few other writers on the subject. This is the book on criminal law that should be on the shelf of everyone connected to the criminal law - Baroness Helena Kennedy QC Law for Criminologists is a timely and concise introduction for those in criminology

Page 48/89

and law. Combining
accessibility and
scholarship, it will be
welcomed by students
and lecturers alike - Dr
Azrini Wahidin, Reader
and Programme Director
for Criminology,
Queen's University
Belfast Highly
informative,
comprehensive and
reader-friendly - this
groundbreaking book is

Page 49/89

essential reading for all
who are engaged in the
study of criminology -
Peter Joyce, Manchester
Metropolitan University
This practical guide
introduces students to
the basic principles of the
law, enabling a
comprehensive
understanding of
criminology and criminal
justice. Law for
Criminologists will

Page 50/89

enthuse the student and teacher about the law whilst giving sound advice on how to achieve a thorough comprehension of the topic. Striking a much-needed balance between essential law for criminologists, and commentary on current legal issues, this book provides the reader with a full understanding of: "

Page 51/89

the workings of the law in
England, Wales, Scotland
and Northern Ireland "
the European Union
legal frameworks "
the law of evidence and the
criminal process "
punishment and
sentencing "
human
rights issues "
the
differences between
youth justice and adult
criminal legislation "
how
to undertake

Page 52/89

independent legal research and further reading in the discipline. Packed with extensive learning aids including case studies, boxed notes, sample examination questions, appendices of statutes and cases and a comprehensive glossary, this book is vital for all students in criminology and criminal justice. As well as an extensive

Page 53/89

foreword by Baroness
Helena Kennedy QC.
Focusing on the
processes involved in
taking law exams, this
book demonstrates how
students can do justice to
themselves by adopting
the techniques employed
by successful examinees.
Suggestions are made as
to the ways in which
materials can be
manipulated and legal

arguments marshalled;
and methods are
identified by which both
essay and, more
especially, problem
questions can be
approached.

‘ How the Law Works is
a gem of a book, for law
students and for
everyone else. It is a must
read for anyone
interested in how society
is shaped and controlled

Page 55/89

via law. ' Dr Steven
Vaughan, solicitor,
Senior Lecturer,
Birmingham Law School
' How the Law Works is
a comprehensive, witty
and easy-to-read guide to
the law. I thoroughly
recommend it to non-
lawyers who want to
improve their knowledge
of the legal system and to
potential students as an
introduction to the law of

Page 56/89

England and Wales. ’
HH Judge Lynn Tayton
QC Reviews of the first
edition: ‘ A friendly,
readable and surprisingly
entertaining overview of
what can be a daunting
and arcane subject to the
outsider. ’ The Law
Teacher ‘ An easy-to-
read, fascinating book . . .
brimful with curios,
anecdote and
explanation. ’ The

Page 57/89

Times How the Law Works is a refreshingly clear and reliable guide to today ' s legal system. Offering interesting and comprehensive coverage, it makes sense of all the curious features of the law in day to day life and in current affairs. Explaining the law and legal jargon in plain English, it provides an accessible entry point to

Page 58/89

the different types of law and legal techniques, as well as today ' s compensation culture and human rights law. In addition to explaining the role of judges, lawyers, juries and parliament, it clarifies the mechanisms behind criminal and civil law. How the Law Works is essential reading for anyone approaching law

Page 59/89

for the first time, or for anyone who is interested in an engaging introduction to the subject ' s bigger picture.

Learning the Law

The Philosophy of

Criminal Law

Law for Criminologists

Bewigged and

Bewildered?

A Guide to Becoming a

Barrister in England and

Wales

Page 60/89

Since the publication of its first edition, this textbook has become the definitive student introduction to the subject. As with earlier editions, the seventh edition gives a clear understanding of fundamental legal concepts and their importance within society. In addition,

Page 61/89

this book addresses the ways in which rules and the structures of law respond to and impact upon changes in economic and political life. The title has been extensively updated and explores recent high profile developments such as the Civil Partnership Act 2005 and the Racial

Page 62/89

and Religious Hatred Bill. This introductory text covers a wide range of topics in a clear, sensible fashion giving full context to each. For this reason An Introduction to Law is ideal for all students of law, be they undergraduate law students, those studying law as part of

Page 63/89

a mixed degree, or students on social sciences courses which offer law options.

This work contains all the beginner needs to know about the methodology of studying law. Ranging widely across legal skills, source materials, and methods of study and assessment, it

Page 64/89

introduces legal problems and describes how to tackle them.

The fusion of law and equity in common law systems was a crucial moment in the development of the modern law. In this volume leading scholars assess the significance of the fusion of law and

Page 65/89

equity from
comparative, doctrinal,
historical and
theoretical
perspectives.

The authors explain
and discuss how the
justice system evolved,
the way it operates -
including vivid
descriptions of the trial
process - and how
lawyers work. Revised

Page 66/89

and updated throughout for this fifth edition, THE LAW MACHINE surveys recent developments in the workings of justice and the outlook for the future. 'Refreshingly free of the patronizing attitude and the humbug with which other books about the legal system are

Page 73/89

disclosure Brings existing chapters up to date with the newest thinking in legal research Drawing on actual research projects, *Research Methods for Law* discusses how legal research as process impacts on research as product. The author team has a broad range of teaching and research experience in law, criminal justice and socio-

Page 74/89

legal studies, and give examples from real-life research products to illustrate the theory.

The valuable experience and skill that he acquired in the course of his large and lucrative practice stood him in good stead in fighting his battles with the South African and British governments for securing political, economic and social

Page 75/89

justice for his fellow-countrymen. Gandhiji was not a visionary but a practical idealist. As Sir Stafford Cripps has remarked: " He was no simple mystic; combined with his religious outlook was his lawyer-trained mind, quick and apt in reasoning. He was a formidable opponent in argument."

This work contains all the

Page 76/89

beginner needs to know about the methodology of studying law. Ranging widely across legal skills, source materials, and methods of study and assessment, it introduces legal problems and describes how to tackle them, and how to look up points of law.

Landmarks in the Law
Women and British
Justice

Page 77/89

About Law
How the Law Works
A Student's Guide
Misunderstandings
and jargon prevent
many from seriously
considering a career
as a barrister in the
belief that such a
career is not for them
or that they are not
for it. Others know

Page 78/89

that they might want to become barristers but not how to go about it, or just want to know more about this somewhat mysterious profession. This book (by a barrister who was formerly a university law lecturer) clearly but

Page 79/89

informally explains the traditions, terminology and institutions of the Bar, and what it is actually like to be a barrister. With this aim, several barristers practising in different fields describe in detail a typical week in their life. Advice is then

Page 80/89

given on how to be accepted into, fund and survive the various academic and other stages that precede qualification as a barrister, including work experience, Bar School, and pupillage (the barrister's apprenticeship).

Page 81/89

Space is also given to how to transfer to the Bar after another legal or non-legal career.

This second edition is fully updated to take account of the changes to the Bar, training for it and the process of recruitment to it.

Adam Kramer

Page 82/89

updates](http://www.hartpub.co.uk/updates/bewigged-updates)

First published in
1945, Glanville
Williams: Learning
the Law has been
introducing students
to the foundation

Page 83/89

skills needed to study law effectively for over 70 years. Now in its 17th edition, it is still the must-have book for every student embarking upon a law degree. Great cases are those judicial decisions around which the common law

Page 84/89

develops. This book explores eight exemplary cases from the United Kingdom, the United States and Australia that show the law as a living, breathing and down-the-street experience. It explores the social circumstances in which the cases arose

Page 85/89

and the ordinary people whose stories influenced and shaped the law as well as the characters and institutions (lawyers, judges and courts) that did much of the heavy lifting. By examining the consequences and fallout of these

Page 86/89

decisions, the book depicts the common law as an experimental, dynamic, messy, productive, tantalizing and bottom-up process, thereby revealing the diverse and uncoordinated attempts by the

Page 87/89

courts to adapt the law to changing conditions and shifting demands. Great cases are one way to glimpse the workings of the common law as an untidy but stimulating exercise in human judgment and social

Page 88/89

accomplishment.
