Ginny Blackstone never thought she'd spend her summer vacation backpacking across Europe. But that was before she received the first little blue envelope from Aunt Peg. This letter was different from Peg's usual letters for two reasons: 1. Peg had been dead for three months. 2. The letter included \$1000 cash for a passport and a plane ticket. Armed with instructions for how to retrieve twelve other letters Peg wrote—twelve letters that tell Ginny where she needs to go and what she needs to do when she gets there—Ginny quickly finds herself swept away in her first real adventure. Traveling from London to Edinburgh to Amsterdam and beyond, Ginny begins to uncover stories from her aunt's past and discover who Peg really was. But the most surprising thing Ginny learns isn't about Peg... it's about herself. Everything about Ginny will change this summer, and it's all because of the 13 little blue envelopes. This book is intended for women who figured out how to make their way in the working world and are now ready to fire up a meaningful retirement. To navigate each stage, this upbeat book lays out five simple ideas to make this new life more fun, more purposeful and less unnerving. After the co-authors retired, they created Lustre, a blog devoted to retired career women who wanted a new approach to retirement—a way to take control over the next third of their lives. They distilled what they learned about figuring out who you are now, how to find renewed purpose, and how and why you must consciously challenge outdated stereotypes about age and retirement. They wrote this book to inspire a new movement of women who are prepared once again to come together to discover new ways of being strong. This book is not a manual or a "how to." It presents a new way to think about being true to yourself. Pick it up when those outdated concepts get you down and you're dreaming of finally living the authentic life you deserve. The Little Blue House

Oliver, known as "O", and his suddenly ex-girlfriend Junie are known for telling little lies, but one of Junie's lies about not winning the lottery could get her into trouble with a local mob boss.

A sweet, whimsical tale that chronicles the journey of a chair as it changes hands and uses. Perfect for fans of The Good Little Book, Something for Nothing and Virginia Lee Burton's The Little House. Boo's favorite chair is little and blue. He sits in it, reads in it and makes a tent around it...until the day he grows too big for it. His mother puts the little blue chair out on the lawn where a truck driver picks it up. The truck driver sells it to a lady in a junk store where it sits for many years until it's sold and put to use as a plant stand. In the years that follow, the little blue chair is used in many other ways -- on an elephant ride, in a contest, on a Ferris wheel, in a tree...until the day it flies away, borne aloft by balloons, and lands in a garden of daffodils where a familiar face finds it. A charming, beautifully illustrated read-aloud that follows the adventures of a little chair, beginning as the seat of a small child who loves books and circling back to that child's child many years (and bottoms) later.

What child doesn't love walking in the surf, feeling the water steal the sand from beneath her toes as a wave retreats? Who doesn't love the salty smell of the air and the sight of ships far out on the horizon? What happens in the oceans is critically important to life on Earth. That's why the girl in her little blue house wants to believe that the children gazing back from far over the horizon love the oceans as she does and wants to keep them safe, alive, and beautiful.

America's economy and democracy are working for the benefit of an ever-fewer privileged and powerful people. But rather than just complain about it or give up on the system, we must join together and make it work for all of us. In this timely book, Robert B. Reich argues that nothing good happens in Washington unless citizens are energized and organized to make sure Washington acts in the public good. The first step is to see the big picture. Beyond Outrage connects the dots, showing why the increasing share of income and wealth going to the top has hobbled jobs and growth for everyone else, undermining our democracy; caused Americans to become increasingly cynical about public life; and turned many Americans against one another. He also explains why the proposals of the "regressive right" are dead wrong and provides a clear roadmap of what must be done instead. Here's a plan for action for everyone who cares about the future of America.

Little Blue Book

Peter Isler's Little Blue Book of Sailing Secrets

In this beautiful book for children, a child tells her story of losing a beloved neighbor and friend. A young girl remembers playing with her neighbor's cat, stories that her neighbor told her, and the special mementos her friend kept on a shelf above her kitchen sink, including a little blue bottle she kept to remind her of Psalm 56:8: "You keep track of all my sorrows. You have collected all my tears in your bottle. You have recorded each one in your book." A Little Blue Bottle doesn't provide pat answers or heavy-handed messages about life or death, but allows the grieving child to articulate her loss and her love for the deceased friend, while wondering how God is near when we suffer. A gentle and insightful resource for children who are grieving, and for those who care for them.

A pitch-perfect account of how it feels to be part of a culture that's better at showing you what to wear than what to believe in . . . a real original."—New York Magazine A gorgeous girl recalls her coming of age in her tiny, picturesque English village at the turn of the last century. After she opts out of a rural beauty pageant, her life—and its telling—begins to unravel. "Fun, full-throttle stuff, which rather miraculously dresses down the pernicious personal-history trend while remaining both giggly and moving in its own terms."—Entertainment Weekly

Karen Carpenter was the instantly recognisable lead singer of the Carpenters. The top-selling American musical act of the 1970s, they delivered the love songs that defined a generation. Karen's velvety voice on a string of 16 consecutive Top 20 hits from 1970 to 1976 – including *Close to You*, *We've Only Just Begun*, *Rainy Days and Mondays*, *Superstar*, and *Hurting Each Other* – propelled the duo to worldwide stardom and record sales of over 100 million. Karen's musical career was short – only 13 years. During that time, the Carpenters released 10 studio albums, toured more than 200 days a year, taped five television specials, and won three Grammys and an American Music Award. But that's only part of Karen's story. As the world received news of her death at 32 years of age in 1983, she became the proverbial poster child for anorexia nervosa. *Little Girl Blue* is an intimate profile of Karen Carpenter, a girl from a modest Connecticut upbringing who became a Superstar.
